

This Willing Worker Solves the Help Problem

Let this hard-working engine do your pumping, sawing, grinding, fanning, cutting, cream separating, etc.

You can "multiply yourself" by turning over the bulk of your hard work to a

MONARCH FARM ENGINE

Made by specialists. Can be run at different speeds for different purposes. Simple in build—you will have no trouble in understanding it; no fuss or bother running it.

The "MONARCH" is a perfect, willing worker in winter or summer: saving with fuel; strong in every part; easy to move; starts at a touch; will give you longer, better service than any engine on the market.

Hundreds of testimonials from pleased buyers. Sold cash or on terms. Write for free illustrated folder.

Canadian Engines Limited
Dunnville, Ontario

Columbia Batteries

From bells to blasting, and toys to tractors—the battery of day-in and day-out, all-the-time service is Columbia.

Canadian National Carbon Co., Limited
Toronto, Ontario

Fahnestock spring-clip binding posts, no extra charge.

IRON AGE GARDEN TOOLS

Answer the farmer's big questions: How can I have a good garden with least expense? How can the wife have plenty of fresh vegetables for the home table with least labor?

IRON AGE Combined Hill and Drill Seeder

solves the garden labor problem. Takes the place of many tools—stored in small space. Sows, covers, cultivates, weeds, ridges, etc., better than old-time tools.

A woman, boy or girl can push it and do a day's hand-work in 60 minutes. 33 combinations. \$3.25 to \$15.00. Write for booklet.

This "Warning Signal"

*Insures proper speed on
every NEW De Laval
Cream Separator*

NINE people out of ten turn the separator handle too slowly.

Thousands of tests with experienced separator operators show this to be the case.

Other tests made by the highest authorities have shown conclusively that there is a big cream loss when the cream separator is not turned fast enough.

You will avoid such a possible cream loss if you buy the New De Laval. The Bell Speed Indicator on the New De Laval is a "warning signal" that insures proper speed at all times. No matter who runs your De Laval, this "warning signal" will tell you when the speed is not right. You hear it, and do not need to see it. This one feature alone may easily save you the cost of a cream separator in the next few months.

But that is only one of the big advantages of the New De Laval. Other advantages are greater capacity, closer skimming and easier turning, simpler bowl construction, and easier washing.

If you haven't the spare cash right now, that need not stand in the way of your getting a New De Laval right away. We have an arrangement with De Laval agents which makes it possible for any reputable farmer to secure a De Laval on the partial payment plan—a small payment at the time of purchase and the balance in several installments—so that your De Laval will actually pay for itself while you are using it and getting the benefit from it.

Why not see the nearest De Laval agent at once? If you do not know him, write to the nearest office for any desired information.

THE DE LAVAL COMPANY, Ltd.

Fencing? Yes, but what kind?

The farmer who thoroughly examines the relative merits of the various brands of wire fences offered to him will not have any difficulty about deciding upon the one he ought to have. Let him decide by that most unerring of all tests—weight. Why judge by weight? Because weight means strength, and strength means durability and long life. Of the different makes of wire fences, there must naturally be one that will weigh heavier than the rest.

**The heavy-weight among fences
is the "Ideal"**

The reason is that all the wires are full gauge No. 9 hard steel wire; every wire is full of life and strength, and heavily galvanized to properly protect and preserve that strength. You therefore get longer service from "Ideal"—most for your money in strength, durability and all-round satisfaction.

Ideal Fence

It is to your interest before buying fencing to get a copy of our catalogue; a postal will bring it.

Make Money This Year From Your "Sugar Bush"

Hundreds of farmers to-day make more profit from their "SUGAR BUSH" with less time and labor than they do from any other crop on the farm.

The demand for Maple Syrup and Sugar is greater than the supply, therefore, prices are good and there is always a ready market.

If you have Maple Trees on your farm which you are not tapping, you are losing good money. Maple Trees always produce a fair crop. They need no care of any kind, yet each year produce more, and are tapped at a season when you cannot do any other kind of work.

WRITE TO-DAY, and let us tell you how to make the most out of your Maple Trees with the least time and effort.
