

Has Your Locality a Telephone System?

DO your neighbors and yourself enjoy the privileges and benefits of an up-to-date telephone system?

It's more enjoyable, more sociable, more business-like, and safer, living in a telephone-served locality.

You are always in touch with your neighbors. You can talk business with the creamery, the implement agents, the stores, the bank and your lawyer. You can call the railway station and learn if an expected shipment has arrived. In time of sickness you can summon the doctor immediately. You can call your neighbors to assist you in case of a fire, an accident, or an unwelcome visit by tramps

If there is no telephone system in your locality send for our famous book entitled

"Canada and The Telephone"

With this book, which shows by means of vivid pictures the necessity of rural telephones, you can quickly promote a local company, and enjoy the distinction of being known as the most progressive man in your locality.

Our Engineers will assist your company or any municipality requiring expert advice in planning construction or solving operation problems. This service is free.

BARN WORK NOW A SNAP

WITH the BT Litter Carrier installed in your barn you do away with hard, disagreeable, tedious work. The BT Litter Carrier saves time, trouble and expense. It carries the manure from the gutters to the shed or pile in a fraction of the time it formerly took. No matter how many cows you have, or what it costs you with the pitchfork and wheelbarrow method to clean your barn, the BT Litter Carrier will save you half the expense.

ONE WAY TO INCREASE PROFITS

In any business the most important step toward increasing the profits is in a reduction of expense. Farming is a business, and the BT Litter Carrier, together with the whole BT Barn Equipment, is planned to increase farm profits by reducing stable expenses.

THE BT LITTER CARRIER

Is so simple in its construction that there is nothing on it to get out of order. WE GUARANTEE our Carrier absolutely FOR FIVE YEARS. With no other carrier is such a guarantee given. In fact, most of the firms change their carrier every year, and they will have to keep on changing, for they simply cannot get around the patented points on the BT Carrier.

More BT Litter Carriers were sold in Canada last year than all other makes combined. Here are some of the reasons why:

The BT Carrier has double purchase in lifting. It elevates easily. There are no worm gears to wear out. The carrier is windlassed by a crank wheel. There is no noise or rattle as with a chain lift. The bucket is made of 18-gauge galvanized steel—four gauges heavier than others. The track is two inches in depth—the next deepest is only 1½ inches. It will carry a much heavier load than any other, and is much easier to erect.

It costs no more than others. There are many other reasons which you should know. Get our catalogue and learn them—it is free.

It will pay you to write us now. Fill out the coupon and mail it to-day. You will be surprised how cheaply you can put in a BT Litter Carrier.
