white Italian marble and is designed
to be in harmony with the general
architectural style of the building.
The memorial consists of a marble
bust of the late Bishop, set in a niche
in the Cathedral wall, protected
above and on all sides by a very
beautiful and elaborate canopy so de-
signed that it has the effect of a
forest of slender Gothic spires and
finials of much grace and beauty.
Below the bust a small bronze plate
bears a suitable inscription.
