FASHIONS CHANGE

but

Priestley's
DRESS GOODS

are always the best

THROUGH all the changing fashions of more than a generation, the fabrics made by Priestleys' famous looms at Bradford, England, have been the choice of the best-dressed women in all parts of the world.

Colors, weights and weaves change with the seasons, but Priestleys' are always abreast of the latest styles—the high quality of the cloth, its pure silk and pure wool material, its fast colors and fine wearing qualities always remain the same.

The 1916 Priestley Fabrics, for Winter and Spring, are very attractive. They include all the new colors and a wide range of weights in staple shades.

Be sure to see these fabrics before deciding on the material for your new garments.
