### To Be Dyspeptic le To Be Miserable.

Dyspepsia is the prevailing malady of vilised life. It is largely due to gross rence in diet, over eating, too free indulach with indigestible food, eating too idly without chewing the food suffici-ly, indulging in hot biscuits, pastry,

sack, distress after eating, belching of ind, faintness, and fullness and distenion of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate on, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dys-popula and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.S. writes:—"I was greatly troubled with dyspepits, and after trying several dectors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best sedicine there is for that complaint."

A SENATE RESOLUTION

Attempt to Congratulate Irish Party Ruled Out of Order

OTTAWA, Ont., March 17.-St. Patrick's Day was marked in the senate by an unsuccessful attempt of Senator loran to induce the upper house to send a resolution of congratulations and good will to their fellow-citizens of the Empire, the Irish. But owing to the fact that due notice of his resolu-tion was not given, as required by the rules of procedure, the Speaker Senator Cloran drew the attention of

the senate to the fact that this was the anniversary day of the Irish people, and he thought it proper to call public attention to the fact that a severeign had given more satisfaction leading from their rooms to the elector the people of Ireland than His Mavator, knocked him down and then bit esty Edward VII. The Irish people had for many years and with good reason been discontented with the treatment they received. He was glad to say that during the reign of Vic toria, particularly the latter part, and curing the reign of Edward VII. they had found a warmer and heartier welcome at the foot of the throne. He proposed the following resolution: "Resolved, that the Senate of Canada, on the ocasion of the national anniversary of Ireland, extend to their fellow tizens of the Empire the Trish peo sincere congratulations on the His Majesty King Edward VII.; and that the Speaker of the senate be instructed to forward immediately by

cable this above resolution to the leader of the Irish parliamentary party, Hon. John Redmond, M. P." Speaker Kerr called attention to the fact that no notice of a resolution had been given, and Sir MacKenzie Bowell declared that the wording of the resolution was of such a character that if should not be received in the senate. Senator Cloran made several attempts to press the resolution, but was finally obliged to desist and respect the Speaker's ruling.
