Good Roads Movement Explained By Minister

Hon. Dr. Reaume, Minister of Public Works Was in the City Yesterday—Details of the Meeting.

Yesterday afternoon Hon. Dr. Reaume, Minister of Public Works, under whose jurisdiction the good roads movement comes, addressed a meeting at the Court House attended by members of the Township Council of the Brantford Motor League and others interested in the good roads movement. About 30 were present.

Short Addresses. County Clerk, A. E. Watts, chairman of the meeting introduced Dr. Reaume who made no introduction. Mr. Watts apologized to the speaker for the small attendance, after which he called upon several to speak.

Mr. Chris Cook was the first to speak who stated in part that the arrangement and the proper disposal of the cost he believed the present issue. He expressed himself as being of the opinion that Brantford and Brantford was a little behind in the good roads movement. His discussion which was about the town would no doubt give the movement a good start. Mr. Cook said the main thing was to get to work.

Mr. Schultz of the Brantford Motor League apologized for the absence of many of the Motor League members. He said that he thought all agreed that good roads are a necessity, and that every county should have it.

is a question of who should pay and what kind of roads should be built. Mayor Patterson of Paris, stated that there was a feeling in Paris, as there was in Brantford, and Brant County, that the roads should be better. Mayor Patterson spoke of the movement some seven years ago. The great difficulty then was to get the Townships to co-operate. He stated that he believed Paris was willing to bear its share, making special mention of the Board of Trade and the Paris Council.

W. S. Brewster, M.P.P., said that ever since he had been member he had been trying to make the County Council see the necessity of good roads. He expressed himself as being glad to see the different sentiment than that which existed seven years ago. He believed the County should fall in line with the offer of the government. He expressed himself as believing that the Dominion Government will take up the roads as it did with railroads. Mr. Brewster said good roads would help the cities by bringing them nearer together and would help the farmer by increasing the value of his land and the value of produce.

J. W. Westbrook, M. P. P., while speaking said: "We are famous for our roads." The minor municipalities, Mr. (Continued on Page 10)

HYDROPLANES FELL INTO LAKE

Aviators From Chicago to Detroit Came to Grief With Machines.

CHICAGO, July 9.—Two of the new hydro-aeroplanes which started from Chicago yesterday to fly to Detroit were wrecked over Lake Michigan by squalls, and fell into the waves far from land.

Anthony Janus of St. Louis and his mechanic, Paul McCullough, were picked up off South Chicago by the steam sand dredger. Walter Johnson of New York, flying alone, was rescued near Whiting, Ind., by the South Chicago United States life saving crew. Janus' machine was abandoned in the squall after the dredger had started to tow it ashore. The life savers brought Johnson's craft to shore, and he may resume his flight.

Back with Havens, carrying a passenger, reached Michigan City in safety, the only one of the ten aviators originally scheduled to start, who made the first lap.

SMALLPOX AT THE CADET CAMP

Brantford Boys There, But Little Apprehension is Felt About Situation.

Smallpox was rather startled with the news that smallpox was discovered at the cadet camp at Niagara, but the Courier is confident today that there is little to be feared. A despatch from Niagara says: A case of smallpox was discovered among the corps of St. Marie at the cadet camp, and the boys from the Brantford city were immediately isolated and the case isolated.

Doctors in charge are making every effort to prevent its spread, but it will be some time before it will be known if those exposed to the infection have contracted disease. In the meantime the 3,000 land army boys are going ahead with their regular camp routine. The Brantford boys, 75 in number, only left yesterday, and their apprehension felt as to the danger of a general outbreak.

DEER ATE THE HAY IN TWO SCARE CROWS

New York, July 9.—Henry Davis of Oakdale, L. I., to frighten off deer that visited his garden and ate his vegetables, made two scare crows that appeared ghastly at night under the glare of two lanterns. The deer scented the new hay which padded the scare crows and came and ate them. The deer then butted out the lanterns and fled.

GETS INTO STATES BY BEING MARRIED

Canadian Woman's Plan in Connection With Trial for Pocket Picking.

HER LOVER ACQUITTED Other Member of Supposed Party Working Trains is Given Six Months.

LONDON, Ont., July 9.—Anil Dubon, who was arrested a few days ago with Charles Crowley charged with picking the pocket of George Malakoff, near Brantford, was yesterday sentenced to six months in Central Prison. The parties were passengers on a Grand Trunk express en route from Montreal to Chicago, on which it was said a large gang of pickpockets operated.

Dubon was convicted as the man who took the money from Malakoff's pocket and, according to the victim, Crowley and Ethel Foley, a woman travelling with him, were accomplices. Dubon, when threatened with arrest on reaching London, slipped a roll of money back into Malakoff's pocket, and in addition gave him \$15 to say nothing. Yesterday Dubon claimed that his wife and two children are living in Philadelphia. He says that he came a year ago from Odessa, Russia, where he was an actor.

Miss Foley, who is a Canadian, admitted at the time of Crowley's arrest that she was not married to him. Consequently, when she attempted to cross the border at Port Huron she was sent back as an undesirable citizen by the American immigration authorities. She returned to London, however, and yesterday made a move that defeats the immigration men. She was married in the county jail to Crowley, who is an American citizen, a special license conforming with the new Act respecting the marriage of aliened persons secured from the Provincial Secretary's department. Crowley was acquitted of the pocket-picking charge, but pleaded guilty to an infraction of the Canadian immigration law and paid a \$75 fine for his freedom. He returned on the first train with his wife to Chicago.

A Pitching Record. SAGINAW, Mich., July 9.—Pitcher Schwenk, of the local South Michigan league team, has just hung up a record which is believed to be unequalled in recent years of organized baseball. In four days he pitched 17 full games and finished another—36 innings in all. He struck out 33 men in 30 innings and allowed 21 hits, which netted his opponents seven runs.

LEPER TAKES FRENCH LEAVE

Believed to be En-route to Minneapolis Through Canada.

PORT TOWNSEND, Wash., July 9.—Dominick Pittori, a leper, who was sent to the Diamond Point quarantine station from Minneapolis several months ago, escaped Saturday, and is believed to be making his way back to Minneapolis by way of Canada. John Early, the Spanish war veteran, who was declared a leper, and appointed an attendant at the quarantine station knew of Pittori's escape but failed to report it until yesterday. Since Early has been at the station, he has acted strangely, at times becoming violent.

A Toronto Case

TORONTO, July 9.—Five-year-old Irma Rubenstein, living in the Simcoe apartments, was reported missing last night. Early this morning the boy wandered home alone and told a story of having been kept in a stable all night by a strange man. Early in the week two youngsters, a boy and a girl, claimed to have been kept in Riverview Park all night by a man and the police are said to entertain the theory that one man is responsible for both affairs. The children were apparently subjected to no ill treatment.

A SHOWER OF ROCKS

MADRID, July 9.—Despatches from Valencia report the occurrence of a phenomenon in the form of a rain of fire that reduced to cinders the district outside the village of Grocer, the inhabitants of which took refuge in a church. Three terrific detonations were heard about the same time and one of clear sky a violent tempest broke over the villages of Benavites and Cuartill, some miles away, accompanied by a shower of stones, the largest of which weighed about two pounds.

CLERK FRAINED UP ROBBERY

He Said He Was Robbed But Was Later Caught With Goods.

NEW YORK, July 9.—Miss Freeman, the 18-year-old clerk, who was found bound and gagged in his employer's jewelry store in Maiden Lane yesterday, told a story of having been attacked by a pretended customer, was arrested last night charged with grand larceny. Jewelry valued at \$4,068 and \$92 in cash were missing after Freeman "recovered consciousness" and was released.

According to Deputy Police Commissioner Dougherty, Freeman confessed he entered into an agreement with a second man to rob his employer's jewelry store and company, August Sachs, 10 years old, a clerk in the jewelry district, was arrested, accused of robbery. He was Freeman's assailant, the police say. The jewelry has been recovered. Several hours later Henry Rosofski, wearing the full uniform of an American sailor, was arrested on a charge of receiving stolen goods. All of the jewelry was found in a room occupied by Rosofski, according to the police.

BECOMES LAW IN YEAR 1915

The Home Rule Bill—Duke of Connaught May Go to Ireland

SOME VIEWS EXPRESSED

Serious Opposition in Ulster is Scouted in the British Press.

LONDON, July 9.—The hope is expressed by The Daily News, a supporter of the Liberal administration, that the Duke of Connaught may be Lord-Lieutenant of Ireland, when the Home Rule Bill, passed for a second time by the House of Commons, becomes law.

In a forecast of the procedure as regards the institution of Home Rule, The Daily News also says: "On the Act becoming operative it is understood the King will be advised to send for John Redmond, who will be asked to form a government."

On the final passage of the bill Irish Privy Counsellors will be conferred on Messrs. Redmond and Dillon and their leading colleagues. In due course, Mr. Redmond will retire from the active leadership of the Nationalists in the House of Commons and will doubtless be succeeded by T. P. O'Connor.

The Daily News adds that Redmond's policy will be conservative and "will respect the susceptibilities and pay due honor to the high character of the Protestant countries."

After scuttling the idea that Ulster opposition will be serious, The Daily News concludes: "It is anticipated that the royal assent to the Home Rule bill will be signified about the month of June next year. The act comes into operation on the first Tuesday in the eighth month after this month, which would be the first Tuesday in February in 1915. By an order-in-council the Imperial government can ante-date the operation by seven months or postpone it seven months, and it may be assumed that the operation of the act will not take effect until after the general election of 1915, for the United Kingdom."

Liberals In Caucus

They Plan to Get Their Shattered Forces Together.

MONTREAL, July 9.—That a quiet but carefully arranged congress of Liberal leaders is in progress in the city with a view to putting the opposition force in first class fighting trim, is inferred from the number of secret meetings that have been held and are to be held here between Sir Wilfrid Laurier, Hon. Rudolph Lemieux, Hon. Sidney Fisher and the Hon. G. F. Graham.

To-night there will be a dinner at Ritz-Carlton Hotel, to which prominent Liberals of the city and district have been invited, and Friday night Sir Wilfrid will be the guest of Mr. A. R. McMaster at the Canada Club. It is expected that the close of Sir Wilfrid's visit will see the appearance of the first numbers of the new Liberal newspaper, The Daily Telegraph.

Sir: In reply to your letter of the 3rd inst. in regard to the claim of the Cayuga Indians against the State of New York, I beg to say that the matter has not yet been considered by the pecuniary claims Commission at Washington, and no decision has been arrived at in the matter so far as this department is aware.

School Trustees Have Settled the Difficulty

Miss Heaman and Miss Moffat Both Receive Appointments as Directresses—Special Meeting.

It was necessary for Chairman Ryerson to break the tie vote last night at the special meeting of the Public School board, when the appointment of a directress for the new Dufferin school kindergarten again came up for discussion. Miss Heaman was the young lady who secured the appointment. Mr. Day had returned from a holiday trip, and thus helped to simplify matters and break the deadlock.

Owing to the resignation of Miss Reid, directress at King Edward school, who has decided to take an important position in Lethbridge, Miss Moffat was appointed to take her place as directress at the Eagle Place school.

When the meeting was called to order all the members were present, except Dr. Ashton who is on his way home from a trip to Europe. Chairman Ryerson presided.

Dr. Ballachey moved, seconded by M. E. B. Cutcliffe that Miss Moffat be appointed directress at the Dufferin school.

It was moved in amendment by David Lyle, seconded by Dr. Watson that Miss Heaman be directress at Dufferin school.

It was moved in amendment to the amendment by J. D. Scruton seconded by A. Coulbeck that Miss Moffat be appointed directress at Dufferin school and Miss Heaman as directress at King Edward school to fill the vacancy caused by the resignation of Miss Reid.

The amendment to the amendment was put, after nearly all the trustees had asked some kind of a question or made some observations on the situation, and the vote resulted as follows: Yeas—Scruton, Coulbeck, Cutcliffe, Ballachey—4. Nays—Lyle, Watson, Day, Clement.

Chairman Ryerson declared the amendment to the amendment lost. The amendment, for the appointment of Miss Heaman, was carried on the same division, the Chairman breaking the tie vote in favor of Miss Heaman.

After Miss Reid's resignation had been accepted, the board unanimously selected Miss Moffat to fill the position left vacant at King Edward school.

The board then resolved itself into a management committee meeting and all the members remained and attended to a lot of necessary business.

The Inspector introduced a report dealing with the changes made necessary by the opening of the new Dufferin school and resignations from the teaching staff, and a satisfactory (Continued on Page 3)

DEATH LIST REACHES 50,000

Terrible War in the Balkans Exacts a Very Heavy Toll.

LONDON, July 9.—Reports of the evacuation of Kocchana and Istip by General Kovatcheff's army are contained in a Sofia despatch to The Times, which says scarcely less than 30,000 killed and wounded. The Bulgarians made the most desperate fighting and performed great feats of heroism before they were routed, suffering the severest losses.

Nothing is apparently known concerning General Petroff's army or the position of General Boyadjieff, who was sent to reinforce General Kovatcheff.

A telegram from General Ivanoff at Serres to-day declares that the town has not been occupied by the Greeks as previously reported.

According to high authority, the total casualties on all sides since the war was resumed, have been fully 50,000. General Tosheff's army stormed the Serbian position on the heights of Sulanete on Monday, capturing six guns.

MILLIONAIRES OUT IN THE COLD

They Couldn't Find Accommodation Anywhere in Crowded London

NEW YORK, July 9.—A cable from London says: The Daily Express says that if many more visitors crowd to London some one will have to start a "society for sheltering homeless millionaires." For an hour or more after the boat train arrived from Fishguard early yesterday, quite a number of wealthy Americans scoured the west-end in taxicabs in search of hotels with unbooked bedrooms. First-class hotels were full to the roof.

When the advance guard of transatlantic travelers arrived at the Savoy they found the hotel clerk turning over a batch of wireless orders for rooms which it was impossible to satisfy. "Telephonic appeals to other hotels brought replies that there were no rooms to be had. This was at 3 o'clock in the morning and the visitors, growing desperate, chartered taxicabs and rushed off in search of beds.

Is Mazie Lynch Here?

A despatch from Niagara Falls, N. Y., says: The police on the American side are beginning to believe that Mazie Lynch, a 16-year-old girl who disappeared last Friday night, went over the falls. It was at first thought that she left the city with the Carnival Company now playing Brantford, but the police there to-day reported their inability to locate her. The girl's friends say she threatened suicide by the cataraact route.

Efforts to locate the girl with the Ferrari Shows here have failed, none of the attendants knowing anything about her.
