COMEDIES AT ST. BASIL'S CLUB

Very Clever Work Was Presented by Members Last Night.

Before a well filled house the Young Men's club of St. Basil's church presented two splendid comedies entitled "Obstinacy" and "Don't Judge by Appearances"...

The acting in both sketches was exceedingly clever and the actors and actresses having their lines off perfectly. Local hits were made on various characters about the city, even the old city hall not being forgotten.

The first play "Obstinacy" was very cleverly staged. Every one of the players showed a streak of obstinacy that finished in a free for all quarrel. The scene was in the dining room of the Hartford home where the table had just been set. The maid Lucy, very cleverly impersonated by Miss Mary Walsh, was in love with James, the servant, Mr. Timothy Walsh, both colored. Lucy tried to make her lover say, "Thank goodness the table is spread" but he showed his streak of obstinacy by refusing, following which they quarrelled.

The Railway Commission overruled Toronto's objections regarding the Union Station plans, and ordered the work to be begun within thirty days...

The acting in this play was very clever and no one played outshone the others. "Don't Judge by Appearances" was the second play staged, being a one-act farce.

The scene lay in the living room of the home of Major Pepper, (Fred Stewart), who was bent upon having his two nieces, Diana (Miss Gertrude Schuler) and Angela, (Miss Olive Waller), marry their cousins Frank and Charles Topham, the former being Reg. Waller. Frank was to marry Etienne, and Charles was to marry Angela, but both girls objected, each wanting to change places.

Laid at Rest

The funeral of the late Theodore F. Harris took place on Tuesday afternoon at 2 o'clock from the old farm in Onondaga Township. Services were held at the house and the grave by Rev. Mr. Stout, who spoke in the highest terms of the deceased.

Other Matters. Mr. Cookshutt took occasion to remark that a lady who had lately had much occasion to visit the hospital had spoken to him in the highest terms regarding the same.

Mr. Symons said that generally speaking he had also heard good reports. The attention of the Ladies Aid will be respectfully called to the condition of some furniture at the Nurses' Home.

It was decided to turn on Hydro Electric as soon as possible and the Mayor and Mr. Bunnell were deputed to try and straighten out a disputed account with the Western Counties.

The Late Mrs. Curtis

There fell asleep yesterday in the evening of a long life, Mrs. Curtis, widow of the late Mr. David Curtis of this city.

She was born in Lewiston, N.Y., the daughter of Mr. and Mrs. William Fitch (Elizabeth Trambeth) and was a great-granddaughter of Sir Thomas Fitch, who was sent out from the old country to be governor of one of the then Colonial states on the other side of the border.

Mr. Waterous said the old building overhauled, would last for at least ten or twelve years and the pay from private patients would more than pay interest and sinking fund.

Dr. Bell asked how the existing structure could be removed? A new one to take its place would cost \$100,000.

Mr. Curtis possessed very high qualities, and under a calm exterior lay a strong determination on behalf of what she believed and felt to be the right. She proved herself a true wife and mother, and was a most devoted member of the Church of England.

It was decided to turn on Hydro Electric as soon as possible and the Mayor and Mr. Bunnell were deputed to try and straighten out a disputed account with the Western Counties.

The special building committee reported as follows: We recommend connecting present building with switch board in boiler room for lighting by Hydro Electric.
