NEWS FROM NORFOLK COUNTY

THREE MONTHS FOR B. COOPER

County Roads Reported To Be Impassable—Town Drainage

Simcoe, Feb. 13.—(From Our Own Correspondent)—Ben Cooper appeared yesterday morning before Magistrate Gunton and pleaded guilty of being intoxicated in a public place, Town of Simcoe, H. P. Innes, K.C., asked the prisoner to give an account of his actions Sunday afternoon and Cooper stated that he left his father's home about 6:30 on Sunday evening and started up to deliver to Thos. Coates some harnesses he had borrowed. At the Woodstock station he met a man who had a bottle and who gave him a couple of drinks. He had met the man in Brantford and would know him again but did not know his name. "Stop right there," said Mr. Innes; and Cooper to understand that this old story had served its day, and that its repetition would not be tolerated. And so far as one could judge, the "hale stranger" well met" yarn has like the confetti habit, ceased to be a novelty. But Cooper protested that he parted with the Brantford man when they got to Maple street went up Cedar to Tom Coates' found everything locked up and left the harness over in a barn. He professed to forget everything else till he appeared in court on Monday morning. But his Monday morning story did not tally with this nor with what the Chief found at the Cooper home where Cooper said there was some elderberry cider. And Thos. Coates claims to have lost a couple of bottles from his private case, so for loss of memory, Magistrate Gunton gave Ben three months at the castle. Perhaps that is about what he wanted. There are at present therefore, three brothers all Coopers, in the county gaol.

Show Thaws, Cellars Flooded.

Residents in Ward 4 were especially concerned with yesterday's freshets. Some cellars are full of water. When the town tackles the surface drainage problem in earnest, the first construction should be a trunk drain from the upper end of Chapel street through the foot of Agricultural street and down Norfolk, following the natural water course. This would require the consent of the property holders to have the tie-up under their property and there should be no delay among those concerned to give the town the necessary permission to lay the tie thru if the work is to go on in the near future. Besides the engineer is already working on plans for the entire system and it is highly desirable that he should know whether the property holders are agreeable, or whether they prefer longer delay and a more expensive system which would follow the streets. It is urgent to get together and get busy in the matter.

County Roads Committee.

The good roads committee passed accounts totalling some \$2,000 at yesterday's session. But, yesterday, county roads everywhere have impassable. Horses went down through the snow and water and drivers would not attempt to negotiate many roads. Even the mail carriers could not get through in some sections. Nothing in the memory of men up to years ago to compare to it and still the condition is just about ordinary as they have it fifty to sixty miles farther north. Doctors have been fighting shy of the country call for the last forty-eight hours.

ITALIAN OFFICIAL By Courier Leased Wire.

Rome, Feb. 12.—The Austrians yesterday renewed their attacks on the northern front of the Brenna River, but were held in check by the Italians. The Austrian columns were torn to pieces by the Italian artillery and the attacks were stopped, says a top-to-piece official report. The communication followed: "The increased fighting activity continued yesterday morning on the southern slopes of Monte Rosso and east of the Franzoso valley. The enemy pushed forward important infantry forces, which were located in good time and dominated by our artillery so that they could not develop any important action. "In the afternoon the situation was normal again."

SYNDICALIST RIOTS By Courier Leased Wire.

Copenhagen, Feb. 13.—Great crowds of syndicalists, numbering between fifty and eighty thousand, participated in the riots in Copenhagen yesterday. Attempts were made to plunder shops in the fashionable streets and to storm the treasury. One crowd attempted to enter the royal palace at Amalienborg. All efforts were put down by the police. All the public buildings and the office of the newspaper Social Democratic, which represented the Conservative Socialists, are being guarded by the police.

PURE RICH BLOOD PREVENTS DISEASE

Red blood—that is, blood that is impure or impoverished, and pale, is responsible for more ailments than anything else. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease. Food's Sarsaparilla is the greatest purifier and enricher of the blood. It has ever known. It has been wonderfully successful in removing serofula and other humors, cleansing the red-blood corpuscles, and building up the whole system. Get it today.

SIMCOE WEDDING BELLS RINGING

Norfolk Milling Co. Manager Weds—Sad Fatality in Townsend

Simcoe, Feb. 13th.—(From Our Own Correspondent)—While the pretty church wedding at St. Paul's was in progress yesterday the principals in another matrimonial agreement, were preparing for a quiet house wedding which took place at 6 o'clock yesterday evening at the home of Mr. and Mrs. W. B. Petheram, Norfolk Street south, when their daughter Miss Irene and Mr. James C. Edgeworth, manager of the Norfolk Milling Co., who stands in the front rank of Simcoe's business men, were married by Rev. J. H. McEwen, P. D. The ceremony was performed in the presence of the immediate relatives of the contracting parties and the young couple, left on the 7:12 trolley for Toronto and points east. Mr. Edgeworth is a son of Mr. Charles Edgeworth of Teeterville, Ont. His father has recovered from his wounds and is now in possession of a lieutenantcy in preference to transference to flying corps, and he received last Sunday by his parents the Douglas will which his part of the work overseas as a birdman. Enquiry elicited but meagre information regarding the marriage of Mr. Peach to Miss Ruby, when of Courtland. The ceremony was performed at the Baptist parsonage on Monday night. Child Killed Playing With Daddy. While in an after tea game of "peek-a-boo" with daddy on Monday evening the 18-month old son of Mr. and Mrs. William Davis, who live on the Shaw farm on the corner of Eglar and Dundas streets, was killed by a truck. The child was playing with his father on the sidewalk and fell striking his forehead on the floor. He was picked up and taken to a physician in Simcoe who called and gave instructions by phone, the roads were impassable and he left the child in the hands of his parents before midnight. Convulsions followed and the little fellow died before six o'clock yesterday morning without regaining consciousness. Dr. Bobby went out later and examined the parents that nothing could have been done to have saved the little life. Death was due to internal hemorrhage.

Press Photographs.

W. A. Bowyer is in Hamilton for a couple of days. Mrs. S. L. Hunter are visiting at Carleton Place. Miss Fry, of Selkirk, sister of Dr. Lily Jackson, Chiropractor, and Tor. of Hamilton is present in Simcoe.

U. S. FORCES ACTIVE.

George Wake's team, No. 5, came to the head of the 8th day with a total of \$6,368. The team got a bad start, only one member being present at the banquet last evening, but at the same time they were in at least right there with the goods. No. 9, captained by D. H. Williamson, were as willing as any of the team. The other captains had been at the game last night and had "ploughing" on the brain, hence his remarks made of ploughing through the snow. The speaker was accordingly fixed for advertising the Thrift League. Only half of No. 19 team was on the job to-day, but they brought in \$3,045. After the fines had been paid, the total sum was announced, Mr. Morgan B. Williams, one of the organizers of the Fund, asked the campaigners not to forget the man on the night shifts in the factories. A Message From the Mayor. No matter how we may differ in matters social, religious, or political, there is one common ground on which we must all unite. The Canadian Patriotic Fund was organized for the purpose of raising for the wives and dependents of the men who have gone out to fight for us. No matter what has happened or may happen, we must never fail in our duty to this fund. Throughout all the vicissitudes of the war, this organization has remained true to its trust. Not a semblance of graft or corruption has ever cast a blighting influence over the management of the fund. It stands today as that is a heart in the National Life of Canada. To fail in our duty to the loved ones of our soldiers would be a calamity indeed. Be true to all her worthy goods—but she retained something better and nobler. She kept her

Bruce Alexander of Langton, Walsingham Tp., sold to his brother Howard, his 50 acre farm, and has purchased 100 acres up Norwien way. This dairy farming seems to be attracting good young farmers from Teeterville. John Edgeworth of Teeterville went over to Burford a short while ago to have a 27 1/2 acre dairy farm there. It's time we had a condenser in Simcoe.

VICTORY CAMPAIGN

Continued from page one. We must not lower the morale of our fighting forces. It is the wives of our men tell their husbands in their letters that we have failed in our campaign, it will tend to worry the soldier greatly, thus making him a poorer fighting man. Arrangements proved the downfall of the German war machine as it swept victoriously across Belgium and Northern France. They advertised terror and atrocity. This great machine was instructed that terror was a better weapon than the sword. This plan was carried out, although not in all respects successful. The campaigners must be able to answer all complaints and to accept no quarter. They may come across some stiff problems, but the harder the task the greater the honor. The appreciation of the members of the campaign was voiced in true Brantford style, with hearty cheers. The chairman then asked for two-minute speeches from each of the team captains. Mr. Chas. A. Jarvis timed, and Mr. J. A. Powell collected lines from those who did not make "timely" contributions. The chairman of team No. 1 stated that the team had set out with an objective of \$10,000, and already had received that amount had been subscribed. There had only been one objection, where one man stated that he was running a patriotic fund of his own. He had a sick wife and seven children to look after, and felt that he could not possibly help the dependants of any other persons. The captain of this team said that the bachelors of the city ought to make up for those who could not afford to give anything. In Kerr and Goodwin's shop over \$2,000 was collected. Mr. Chris. Cook claimed that his formation had the suburban section in the south and western parts of the city, and therefore it was much harder getting the slush and snow, and water, but nevertheless they had collected over \$1,900 to-day. If Mr. Cook's claims are as good as he says, he will have the gathering last evening better, he will get one dollar more than the ten thousand which the first team claim they will get. Mr. John Dowling, team No. 3, was going right through, particularly the slush and snow, and would surprise the rest of them before they were through. They had a tussle with one man who was impassable and he had to be helped out of the snow. He would not get one cent from him. It took twenty minutes to get this man to change his mind, and he then made a contribution. The fourth team succeeded in securing a thousand dollars. Mr. W. A. Hollinsake, who captained the 17th team, was ill, and therefore was not present at the banquet. The team had encountered difficulty, but despite handicaps, they are going strong. Martin McEwen reported \$2926 already collected to-day by team No. 1. Mr. McEwen stated that he had gone deeper in this campaign (and in water) than before. He had some of the same old experiences as on previous campaigns. At the third place the team captain sent them to see "the old lady." "The old lady" refused, claiming that the extra money that they might have was all needed to buy fuel. Although it cost him 50c, Mr. McEwen went on and related the campaign gossip, bringing before the banquet some very interesting facts (?) regarding the recent coal commission. Mr. McEwen reported for No. 7 that a number of "rain checks" had to be issued, but at the same time they had secured subscriptions amounting to \$1,500. George Wake's team, No. 5, came to the head of the 8th day with a total of \$6,368. The team got a bad start, only one member being present at the banquet last evening, but at the same time they were in at least right there with the goods. No. 9, captained by D. H. Williamson, were as willing as any of the team. The other captains had been at the game last night and had "ploughing" on the brain, hence his remarks made of ploughing through the snow. The speaker was accordingly fixed for advertising the Thrift League. Only half of No. 19 team was on the job to-day, but they brought in \$3,045. After the fines had been paid, the total sum was announced, Mr. Morgan B. Williams, one of the organizers of the Fund, asked the campaigners not to forget the man on the night shifts in the factories. A Message From the Mayor. No matter how we may differ in matters social, religious, or political, there is one common ground on which we must all unite. The Canadian Patriotic Fund was organized for the purpose of raising for the wives and dependents of the men who have gone out to fight for us. No matter what has happened or may happen, we must never fail in our duty to this fund. Throughout all the vicissitudes of the war, this organization has remained true to its trust. Not a semblance of graft or corruption has ever cast a blighting influence over the management of the fund. It stands today as that is a heart in the National Life of Canada. To fail in our duty to the loved ones of our soldiers would be a calamity indeed. Be true to all her worthy goods—but she retained something better and nobler. She kept her

J. M. YOUNG & CO.

own self-respect, and gained the respect of the whole world. She went through the whole way. Can Canadians afford to do less? Emphatically "No." Remember this Fund is the "People's Fund." The people must stand loyally behind it. Men of Brantford, your brothers in Flanders expect every man to do his duty. Let it never be said that we failed in our obligations to our fighting men. (Sgd.) M. MacBRIDE.

TEETERVILLE (From our own correspondent) The farmers are busy putting in their summer supply of tea Mr. Geo. Rowell is cutting it. A good many from the village attended the funeral of Mr. Hyman Bookton. Mr. and Mrs. Jim Cain of Vancouver, spent Thursday at J. T. Scott's. Mr. and Mrs. Byers spent Sunday at Mr. M. Chapman's. Mr. James Gerdham is improving very slowly at the time of writing. Mrs. Green is spending a few days at Simcoe. Mr. and Mrs. J. T. Scott spent Sunday out of town.

HARLEY (From our own correspondent) The school house caught fire on Tuesday last, from the chimney. School was closed for the rest of the week. It is now being repaired. One group of three enemy airplanes flew so low that they became targets for anti-aircraft, and machine guns and were driven off. The artillery continued active on both sides. The enemy dropped shells into a number of villages near the American lines. Several American patrols reached the enemy wire entanglements last night without encountering any Germans.
