## SENSATIONS AT HAYWOOD TRIAL

WITNESS CONFESSES TO TAKING  
PART IN LABOR RIOT RESULTING  
IN DEATH OF TWO MEN

BOISE, Idaho, July 14.—There were startling developments in the trial of Wm. D. Haywood for the murder of Frank Steuenerberg, when the state began its rebuttal yesterday. One witness confessed to participation in a labor riot resulting in the death of two men. The record of a witness for the defense, showing his conviction for murder in the second degree, was introduced and proof of another having been sent to the insane asylum on information of his neighbor was offered. The admission of this testimony was argued and the court will hand down a decision on Monday morning. Finally, shortly after the court adjourned for the day, information was sworn to and a warrant for perjury was issued in a magistrate's court against Dr. L. L. McGee, a physician at Wallace, Idaho, who was one of the witnesses for the defense. Sheriff J. W. Bailey of Shoshone county, who swore to the information against McGee, left for Wallace tonight to arrest McGee. A crowded courtroom gave close attention to the decision of the trial today, when Wm.

Dewey, a witness for the state, confessed to active, armed participation in the decision of the Hunker Hill and Sullivan concentrators at Wardner on April 29, 1899, when two men were killed in a riot of a thousand men. Harry Orchard began his series of crimes at Wardner, where, he said, he lighted one of the fuses which started the explosion and he swore that Wm. F. Davis, known among his fellows as "Big Bill" Davis, the mob, witness for the defense, however, say that Orchard was not at Wardner on April 29, 1899. Davis himself has sworn that he was elsewhere and has positively denied any connection with the crime for complicity in which Paul Corcoran was tried and convicted and some dozen men, including Davis himself, were indicted. Dewey swore that not only did Davis accompany the mob to Wardner, but that he served out guns and ammunition to the union men gathered in the hall at Burke before they went to Wardner, and he was one of the leaders of the column that advanced on the concentrator before the work of destruction began. Eight years have elapsed since that day of rioting, the consequence of which were the United States troops being called out at the request of Governor Steuenerberg, the establishment of the first military "bullpen" and beginning, according to the prosecution, of animus by the Western Federation of Miners against Steuenerberg, resulting in his assassination by Orchard in 1905. Since that time no witness except Orchard has been found to tell the story or incriminate himself under oath. Dewey, a resident of Colorado, made his confession today.

## THE LEADER'S PATTERN SERVICE

1835  
MISSIE'S TUCKED DRESS-SACK

## CARNIVAL WILL BE BIG FEATURE

OF THIS YEAR'S BIG REGINA  
FAIR—A FINE PRO-  
GRAMME.

Regina will soon have a big carnival. Nat Reiss, who has earned the title, even in this cosmopolitan country of Carnival King, in the Northwest, is bringing his big shows here July 29, in connection with this year's big fair.

This is the first time Mr. Reiss has

and see with four clowns, equestrian acts, trained animal acts and all other acts usually seen in a one ring circus.

The circus will undoubtedly attract the children and they will enjoy themselves more there than anywhere else, but what will be most interesting to the mothers and other women who will attend the carnival, not to say the men as well, will be the baby incubator.

Mr. Reiss has two of these ingenious devices for the purpose of rearing sickly babies, and they will be seen at work. Mr. Reiss always has two trained nurses along with him and a doctor to attend to the wants of these infants.

This was the biggest drawing card at the Lewis and Clark exposition, and Mr. Clark declares that more money was made out of this show than out of any other attraction.

"Dixie Land" has always proven a drawing card. It is an imitation of an entire Mississippi river boat laden down with cotton and carry in the cabin, dainties such and carry as they used to do in the ante-bellum times.

Mr. Reiss has a capable band of brass blowers that work and visitors to the show will be able to see how glass is blown, and any who desire can take away a souvenir of a handsome little glass ornament, or article of use.

Madam Wanda with her troupe of trained carriage dogs is with the carnival company. Madam Wanda was one of the chief attractions in front of the grand stand last year at the Spokane Interstate Fair, and she has certainly got a cleverly trained lot of dogs.

The Smiley troupe of acrobats, the Escape from Sing Sing and the Red Dome are only a few more of the many attractions that will be along.

An attraction that Mr. Reiss has never had with him before is Aga, which is a clever delusion. Aga is a girl which is placed under mesmerism influence. She is placed in an open coffin and after a while she raises out of it in a horizontal position without any support of any kind and remains suspended in mid air.

A rope is passed around her to show that there is no support of any kind, and his confidence in his ability, to please the public.

P. F. Parker, advance agent for the Nat. Reiss Carnival Company, arrived Saturday for the purpose of making arrangements for the arrival of the big show and he said it would take a special train of ten cars and coaches to bring it to Regina.

The carnival will open here on July 29.

On the grounds will be an old time circus, such as pa and ma used to go

brought the carnival to Regina which speaks well for his faith in the city, and his confidence in his ability, to please the public.
