

REPORTER.
B. LOV... Editor and Proprietor.
General Circulation, 600.
FARMERSVILLE, MAY 18, 1887.

FARMERSVILLE AND VICINITY.
Our Reporter's Note Book Turned Inside Out for the Benefit of the Public.

A large number of our citizens spent Sunday at Charleston lake.
All the stores and places of business in this town will be closed on the 24th inst.
Thursday next being Ascension Day, service will be held in Christ's Church at 7:30 p.m.

A. E. Donovan, arrived home last week, and will remain until about the first July. He is busy superintending the completion of his new dwelling.

THE WARM WEATHER is already attracting visitors to Charleston Lake. On Monday there was quite a rush, and the boat-owners at Charleston could not supply the demands of the boating parties.

MR. SALA BLANCHER is off on another of his extended tours, and expects to be absent three or four months. He intends taking a circle through the States east of the Mississippi, going as far south as Florida. It is probable he will write a few articles on his trip, for the benefit of our readers.

THE GAMBLE HOUSE has been thoroughly overhauled and painted during the past few weeks, the painting and graining being done by Mr. Wm. Webster. The Armstrong House has also undergone extensive repairs in painting and kalsomining, which was also under the charge of Mr. Webster. We have inspected Mr. Webster's work, and can honestly recommend his work and square dealing.

Miss Mary Boyd, who has spent the last eight months in this village as music teacher, was called home suddenly by telegram on Thursday last, to attend at the sick bed of her father who has been in poor health for some time, but whose condition had become alarming to his family. Miss Boyd will not resume the practice of her profession here until fall at least.

Mr. James P. Lamb, the popular proprietor of L. L. L., and other standard medicinal preparations, left on Monday, on an extended business trip. As a proof of the rapidly growing popularity of his medicines, we noticed a few days ago a box of his preparations standing in front of his shop, consigned to parties in Winnipeg and another to British Columbia.

A large number of our subscribers' subscriptions expire on the first of June next, and as we are anxious to do a cash business, we will next week furnish each subscriber with a statement of his account. If any subscriber finds any error in the same, they will please notify us at once, that we may make the correction. A few of our subscribers are in arrears. All such will only charge \$1.00 per year for old subscriptions, by their paying up before the 1st of June and also sending \$1 as renewal for next year.

A SPRING of sulphur water, possessing great curative properties has been discovered on Wolfe Island, opposite Kingston. Miss Flora McDonald, a young lady, who has been a great sufferer from rheumatism for over twelve years, and who was confined to her bed for eight years, is said to be completely cured by using the water from this spring, and she now walks with ease. We believe that the mineral springs in close proximity to the village of Farmersville possess curative properties second to none. What a pity that they are not put in proper condition and thoroughly tested?

THE SHAREHOLDERS of the Driving Park Association met a short time ago, and decided to make a call on all the shares of enough to pay up all the indebtedness of the association. The track has been gone over this spring and found to be in excellent condition, and the directors will at once proceed to put it in the best possible condition. Already a number of applications for a lease of the track for this season have been made, and from the well known reputation of the course, it is expected that a good round price will be realized for its use during the season.

A SPECIAL MEETING of the Municipal Council of Rear Yonge and Escott was held at the residence of Thomas Berney, Esq., on Wednesday evening last. Owing to Mr. Berney's recent sickness he was unable to go to the Town Hall, and the meeting was held at his residence in order to enable him to be present. The members of the Council were all present. The only business done was the introduction, discussion and adoption of two By-laws: the first to provide for the performance of Statute Labor and to define the duties of pathmasters. This was a revision and condensation of all the former by-laws of the township bearing on the question. The second entitled a by-law to appoint Commissioners of Highways for the unincorporated village of Farmersville, (formerly road division No. 10) and to enact and compel the commutation of statute labor, and enforce the payment thereof in lieu of the same. Messrs. J. G. Algire and James Ross were appointed commissioners under the provisions of the by-law. One clause of the by-law places the commutation at 75c in lieu of a day's work, which applies to all road divisions in the municipality. The by-law will be printed in pamphlet form for distribution. With careful and judicious management the amount that will be available for road purposes in this village, this year, should put the roads and sidewalks in a pretty good condition.

Building operations are booming. Every mechanic and laboring man finds plenty to do.

A HANDSOME new fence is being constructed on the Main and Sarah street frontages of Mr. Arza Wilse's house lot.

Our patrons will please excuse any delay in their orders for a few days, as our foreman, Mr. Harry Oaten, has had to give up work for a short time and take a much needed rest.

We NOTICED the other day, at Mr. Agra Sherman's workshop, a new pattern of land roller, of Mr. Sherman's own invention, which those who have used it speak very highly of. The inventor has filled several orders this spring, and has more rollers on the way to completion.

Our carriage makers, Messrs. D. Fisher, Victoria St., E. Gilroy, Main St., and Wm. Layog, Elgin St., have a splendid assortment of Carriages finished ready for the summer trade. As they are all noted for the superior finish of the vehicles turned out by them, those of our readers in need of a carriage of any kind should see their stock before purchasing.

OUR READERS will remember the sad death of Mr. Hugh Johnston last winter, which event was chronicled in the REPORTER. It was currently reported that the deceased was a relative of Mr. Wm. Johnston, an Irish member of Parliament. Mr. Johnston writes to the Times as follows:—"Thanking most cordially the Orangenem of Farmersville for kindness to a supposed nephew of mine, I hope you will allow me to state that Mr. Hugh A. Johnston was no relative of mine."

AN EXCHANGE desparingly remarks: This is a mean time of the year to run a newspaper. There is nothing going on. The sturdy yeoman is busy tending his team with a plow-line, the season for the foot and axe combination has slid into the past, the winter's concert menu is laid upon the shelf, the summer outdoor games and gatherings have not begun, and the poor editor has to scratch his head till his nails give out, inventing something to amuse his readers. And all for \$1 a year. Life is indeed sad.

A BAPTISMAL SERVICE attracted a very large congregation to the Baptist Church last Sunday evening, when the rite of Baptism was administered to two candidates. The Rev. Mr. Sheldon officiated, and the opening exercises were most impressive. The sermon was a practical and eloquent exposition of the 5th verse of the 4th chapter of Romans:—"But to him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness." The sermon was followed by a short address on baptism, in which the scriptural basis of the Baptist belief in regard to this sacrament was pointed out. The solemn ceremony was then proceeded with, amid the breathless interest of the congregation, many of whom witnessed baptism by immersion for the first time. The service concluded with an earnest prayer and the pronouncing of the benediction by the pastor.

MR. ARZA WILSE has just had drawn up, by B. J. Saunders, P. L. S., a plan of a sub-division of a portion of his property immediately south of Main st., and contiguous to his residence. The sub-division includes 31 desirable lots, more than one-third of which front on Main St., in one of the best localities in the village for residences. Each lot has a frontage of 61 ft. 6 in. and a depth of ten rods, and the addition to the village extends east and west, from Mr. Wilse's lawn to the side line between lots 11 and 12, con. 8. A new street, called Queen, has been laid out parallel with Main st., and two cross thoroughfares, called Blake st. and Mowat st., extend from Main to Queen streets. Already there is quite an enquiry for these lots. The first purchaser is Mr. A. W. Binchard, who has concluded a bargain for the lot on the corner of Main and Blake streets. Intending purchasers should not defer enquiries about this property, as there is no doubt every lot will speedily be snapped up.

A down east man wrote a letter for a newspaper, and the editor commented upon it and pointed out a grammatical error; whereupon the author of the letter instituted suit for \$50,000 damage. It is a fine thing for newspaper men that there is to be a happy hereafter for all good editors.

GRAIN.—Oats, peas and buckwheat are called for. Oats, 35c.; peas, 50 to 55c.; buckwheat, 50c.
BUTTER is in demand, and sells from 17c. for fair to 18c. for prime.
