THE REPORTER

Local News.

FARMERSVILLE, AUG. 14, 1888.

LOCAL NEWS.

Farmersville high school re-opens on the 27th inst. Divine service will be held in the Presbyterian Church next Sunday, at the usual hour, 7 o'clock p.m.

The ladies of the English church, Franklinville, are busily engaged making an autograph quilt, which will be sold at their harvest home dinner, to be held near that village in a short time.

The members of Court St. Lawrence (Brockville), C. O. F., who attended the funeral of their late brother Charles on Sunday, were very highly of the courtesy and kindness they received at the hands of Mr. Pierce, of the Gamble House.

Miss Rachel Whitmore, of Plum Hollow, has passed the First Class C examination. Miss Whitmore has taken a first class in one year, studying during the first term at the Ottawa Collegiate Institute, and the last at the St. Catharines Collegiate Institute.

The Methodist body of Toledo have purchased, from Stewart Montgomery, Franklinville, at a cost of \$1490, the fine brick residence, lately occupied by him, and will convert it into a parsonage.

The annual harvest dinner in connection with the Baptist Church at Plum Hollow will be held on Wednesday, August the 29th. Bills announcing particulars will be issued this week.

The annual harvest dinner is one of the most successful annual events, and this year's festival promises to be no exception to the rule.

We are pleased to learn that at the earnest solicitation of the School Board, Mr. Porter has decided to retain the headmastership of our model and public school. The trustees have voted an increase in the salary of the position, which will now amount to \$850 per annum.

The proprietor of the Farmersville woolen mills informs us that a few days ago he purchased three fleeces of wool from A. Bonsteel, of Elm Mills, the combined weight of which was 292 lbs. One fleece weighed 102 lbs. These fleeces were the second clippings from Mrs. Bonsteel's sheep, and show that with good breeding, good feed and proper attention, sheep can be made to produce as large yields of wool in this section as in any county in Canada.

Our readers will remember from last week that those who were ties in the bean guessing contest for an organ in W. L. Maley's store, Brockville, were to guess over again on a smaller jar of beans. Mrs. Mark Gilmore, of Smith's Falls, was one of the number and at the second guessing on Tuesday she got the organ, her guess being nearest to the correct number. The jar contained 749 beans. Mrs. Gilmore's guess was 686, the others were 609, 628, 684, 671, 303.

A large number of boys usually congregate at the station on the arrival of the trains, and some of them set very carelessly in jumping on the cars and running across the track in front of the engines when it is in motion. These youngsters do not realize the danger they run in so doing, as they are very liable to accidents through such carelessness.

About the first of June last we made an appeal to those of our subscribers who were in arrears, to send us the amount due. A large number promptly responded and they have our best thanks. There are still a large number of delinquent subscribers' names on our books, and we trust they will remit the amount due without delay, for all that is due us is needed to keep our credit right. Please don't wait because you only owe us a dollar or two, but call or remit it this week or you will be again in arrears. Our friends might tell their neighbors and acquaintances that the Reporter will be sent from now until January first, 1889, for 35 cents.

Those who allow their cattle to wander around the village at night are warned that they will have to call around at the cop's office and settle a nice little bill of damages some morning, unless they exercise a little more care over their animals and return them to the pasture instead of leaving them at large to forage on their neighbors' gardens and lawns. At 6 a.m. this morning there were no less than six cows within sight of our office, all apparently looking for an open gate through which they might enter and get a choice morsel for breakfast. We turned two out of our garden, and called a neighbor's attention to the fact that there were only three animals foraging on his corn patch. Again we say, beware.

While the Rev. S. Sheldon was away recently for his vacation, he was applied to by letter and telegram to accept a position as teacher in the Woodstock Baptist college. On his return the reverend gentleman laid the matter before his church for their consideration and to the meantime took no steps towards accepting the position. Dr. McVicar, Chancellor of McMaster University, continuing to urge Mr. Sheldon's acceptance of it, and the church here being unwilling

to stand in the way of his doing what he has decided to accept, and which is the best thing for the church and the end of the month, Mr. Sheldon is an experienced teacher and will no doubt prove an acquisition to the college, and although but a short time here his church here will be much improved by his presence. Mr. Sheldon's future prospects are bright.

Mrs. L. Baker, of Delta; Mrs. Lovell and Mrs. Oates, of Farmersville, and Mr. Frank Cornell, of Norwich, N.Y., were the guests last week of Mrs. Cornell's Point Geraldine, Charleston Lake. Dr. Cornell is having erected at his lake retreat a large boat house, one of the finest and best appointed buildings of its kind on the lake.

A lecture will be delivered at eight o'clock next Thursday evening, in the Presbyterian Church, by Theo. G. Malchell, a native of Macedonia. The lecturer was converted to Christianity by the preaching of missionaries of our native land, and crossed the intervening ocean for the purpose of securing an education, which obtained him will return to engage in mission work among his countrymen. His lecture will deal with the manners and customs of Macedonia. No admission fee will be charged, but a collection will be taken up to assist the lecturer in defraying the expense of his colloquial course. Mr. Malchell's ability as a public speaker and high character as a christian gentleman, are vouched for by those who know him.

Mr. M. M. Fenwick, who has filled the position of head master of our high school during the past year, is about to leave Farmersville, he having been appointed principal of the Bowmanville high school, at a salary of \$1,300. Mr. Fenwick has proved himself to be an efficient teacher, and has labored hard to increase the good reputation which our high school possessed when he assumed control of it. His efforts in that direction have met with most gratifying success. In the school year in society Mr. Fenwick will be much missed, for he took an active interest in the welfare of his fellows, was a jovial and entertaining companion, and was an active and high-spirited member of the Presbyterian Sabbath School, over which he presided. His good work in connection with the Mechanics' Institute is also deserving of commendation.
