Mr. W. A. Singleton, Fort St. Feb. 6, 1906
Crosby, Ont.

Dear Sir—Being laid up with lame back, I
thought I would drop you a line to tell you
that your St. Regis Lumber Co. cure will do all
you claim for it, as I have only used part of the
bottle and I feel no returning symptoms of the
disease.

I say I have been troubled with lame
back for the last ten years, and tried several
other patent medicines but without results.
I can heartily recommend it to any troubled
with lame back, and I feel safe in saying that
it's the cheapest medicine on the market.

Yours truly,
JAMES McCUE

GLEN BUELL.

Many years ago a prominent New
York man put himself on record by
advising young men to go West and
seek a home and a fortune for them-
selves. Since then many young men
have found it to be a good advice.
A young man to recently accept and
act upon it was Mr. Wilfred Sturgeon,
who has removed from the old home-
stead and gone westward to seek a
home and wealth. He is a bright,
clean young man, not quite out of his
teens, but ambitious along the line of
doing something for himself. We
hope the best of results may be his to
enjoy.

We notice with pleasure that Mr. A.
Reynolds has secured and is using the
most complete carriage, horse and
harness in the Glen—and ye old slow
coaches must drive on a side street.
Bro. Patterson of Athens will (D.V.)
deliver an address to the young people
of Glen Buell on Sunday evening, May
5; Subject—"Christian Character,"
developed by Joseph under the most
trying circumstances, a slave and a
prisoner in Egypt for thirty-five
years."

The spelling contest under the
management of Miss Kelley, P.S.
teacher, was much enjoyed by the
young people of the place. Miss
Mabel Westlake won out after a long
contest. Some of the juniors did re-
markably well in spelling with the
older heads.

Mr. John Patten and wife have
gone home-keeping and are quite ready
for visitors any day. They have laid
off their fine suits and are quite
natural again.

Wheat and Clover

According to reports, the cold
weather of the past few weeks has
been very hard on wheat. It is stated
that in some cases where the prospects
of a bumper house looked bright in the
spring, it has almost been destroyed.
The warm weather in March caused
wheat to grow rapidly, and within a
few days the fields were green. The
frost returned and the tops of the grain
withered, and it is feared that it has
been killed.

Reports from various parts of On-
tario state that clover suffered a great
deal from the cold. Like the wheat
it commenced to grow with the warm
weather in March, and had just reach-
ed its tender stage, when the cold
weather returned and damaged it.

FRIENDSHIP

What Does It Cost You?

A few days ago two farmers off the B. & W. were seen
comparing each others suits.—The taller man said, "You
were beat out of \$3.00. Why don't you try Semi-Ready?"
The other replied that he was a personal friend of this other
merchant and did not like to go past him.

His friendship cost him \$3.00.—You say he was
an easy mark, and so he was and yet the bush is full
of such people.

Reader, if you buy your clothes at any old price because
of friendship, you pay too much—the price is too high for
what you get.
