

## NEW METHOD TAILORING

New Method Suits are hand-made from the time the cutter traces his patterns on the cloth until the finishers give the garments their last touches. Shoulders and Collars are moulded by hand. That's why a "New Method Coat" holds its shape so long, hugs the neck so snugly.

New Method Clothes are tailor made, just as surely as if they had been built to your individual measure.

## THE LOCAL BUDGET

Wm. Peel, engineer at the Chaplin Wheel Works, and Miss Newkirk, were married at the home of the bride's father, Chatham Township, this afternoon. The ceremony was performed by the Rev. Mr. Noble. Mr. and Mrs. Peel will reside on Patterson avenue, next to Mr. Lowe.

M. Wilson, K. C., is in Toronto arguing the appeals of Smith vs. Logan and Mason vs. Thompson. He was stopping at the Rosin House and the fire in the close vicinity rendered last night an uncomfortable one for the Maple City King's Counsel.

#### POLICE COURT CHARGE

J. G. Steen has laid an information against G. W. Kelly, charging him with breaking a window in his office. Mr. Steen says that he was sitting in his office Saturday night reading the Planet, when a man's arm suddenly came in through the window. He went out and saw Mr. Kelly outside. He wanted Mr. Kelly to pay for the window glass, and he says that Mr. Kelly promised to do so. The matter has been in dispute all week and has furnished food for conversation in the vicinity of the G. T. R. station.

Mr. Kelly now wants to lay an information against Mr. Steen, charging him with abuse.

Ward Stanworth, acting for Mr. Kelly, has written to Mr. Steen, threatening a suit for slander for alleged statements made by the latter.

#### SOMETHING LOST

"What about the annual meeting of the Board of Trade?" asked a citizen of The Planet this morning. "It was said the meeting was to have been held in January. You might put an 'ad.' in your lost column and see if you can find some trace of it."

#### FIRE SUGGESTION

Frank Tschirhart has a suggestion for the merchants of the Maple City, which came to him after hearing of the recent heavy city fires. "I think it would be a profitable thing for the merchants of the city to drop their fire insurance altogether and band themselves together, contributing to a general, accumulating fund to be paid to losers in case of fire," said he. "In that way the money that is now paid for fire insurance would be kept in the city instead of being sent to outsiders, as it is now."

#### KING'S DAUGHTERS

The annual meeting of the King's Daughters was held yesterday afternoon at the residence of Mrs. J. S. Turner. The reports showed that the members of the Society had accomplished a good work during the year. The King's Daughters' room at the hospital had been improved at a cost of \$21.60, and over \$50.00 had been spent in aiding poor families. There were present at the meeting Mrs. J. S. Turner, Mrs. W. E. McKee, Mrs. C. C. Greening, Mrs. Chas. Kellar, Mrs. A. E. Pike, Mrs. Manson Campbell, Mrs. J. C. Pritchard, Mrs. Spencer Stone, Mrs. (Dr.) Bell, Mrs. Geo. Cowan, Mrs. W. E. Gundy, Miss Davis, Miss Crow and Mrs. Platt. The following officers were elected:

President—Mrs. J. S. Turner.

Vice-President—Mrs. W. E. McKee.

Secretary—Mrs. (Dr.) Bell.

Recording Secretary—Miss McNab.

Treasurer—Miss Greening.

#### STIRRING ROMANCE

The Northwood Stock Co. presented the stirring old Romance, "The James Boys in Old Kentucky," under very disagreeable circumstances at the Northwood play house, William street. There was a good audience, from the business manager's standpoint. There the actors appeared, the gods got busy with eggs. Fred Lee, of the Standard Bank staff, occupied one of the best seats. He thought the egg throwing should be put a stop to. In fact, he stopped one of the eggs with his hat and the hat was ruined. The egg throwing did stop when the supply ran out, and then the show was able to proceed without mundane interferences. Stan Merritt and Jack Northwood did try to put an end to the display of disapproval but they only succeeded in becoming martyrs to their art. Claude Sharpe stage managed the production, which was very creditable, and pleased the large audience. The specialty, while unexpected, also livened up the show.

Flattery is a base coin which gains currency only from our vanity.

## Ladies' Spring Suits AT \$10 00

Ten dollars is a price that many women think of, when a new suit is in mind.

Here are stylish well-made Suits at this popular price. They are of black or navy broadcloth, or of light or dark grey homespun.

The Jacket is of the stylish Eton sort, with welted seams, small collar and lapels, a pretty sleeve rounded out above a small turn-back cuff.

This skirt is a 9 gore, full flare, with welted seams and stitched facing.

## SPRING SUITS FOR YOUNG MEN.

The young man of 16 to 20 years receives very special attention by us in the matter of clothing. Our Suits for him are neither big sizes in Boys' Clothing, nor small sizes in Men's Clothing.

They have the maturity and style that young men want; with a little more dash than you'd expect in men's clothing. Every suit is made with this special thought. Fabrics are carefully selected, for style as much as quality; then they are thoroughly shrunken, before cutting. Coat collars are also close fitting. Every detail of the making is right. They are nearer in both construction and style to custom tailoring than any other ready made clothing for young men on the market.

## SUITS FOR ONE KIND OF BOY
