WOLFVILLE, N. S., DEC 6, 1918.

## Editorial Brevities.

The suggestion first put forward by W. S. Gregory, Leamington, Ont., to make the second Monday in November Canada's permanent thanksgiving day, is meeting with a large measure of popular support. Suggestions of the same nature are being advanced in the United States, and it is within the possibilities that the whole of the continent may be led to unite on a day of national thanksgiving for the triumph of justice and liberty.

A plate of very attractive apples was on exhibition in one of the windows of J. E. Hales & Co.'s store this week. They were of the 'Winter Bananas' variety and were grown in the Okanagan Valley, B. C., and were sent to Mr. H. F. Davidson by a friend in Summerland. Evidently the western province is able to produce apples in no way inferior to the Annapolis Valley fruit, if this is a fair sample. We have had the privilege of sampling the 'Winter Bananas' and found the quality in no way disappointing, being fully equal to the appearance.

The regular monthly meeting of the Council was held on Wednesday evening with all the members present except Couns. Sherwood and de Witt. Aside from routine the only business was the appointment of Messrs. R. E. Harris, W. H. Evans and F. W. Woodworth as assessors for the current year, and the passing of a resolution exempting the Wolfville Evaporating Company for a term of five years from all assessment for plan and building over one thousand dollars and the granting of the use of the town water at the nominal charge of five dollars per year.

Canada's adoption of the thrift stamp is a natural and a logical result of the splendid response to the Victory Loan campaign. The purchase of Government bonds by thousands upon thousands of the Canadian people has created an interest in that form of security which should never lapse. The thrift stamp provides an easy, sure way of increasing savings and enlarging the bond holdings. Men, women and children will find the thrift stamp the simplest, the easiest way to save. That saving for the future is necessary, the ever increasing cost of all the necessities of life furnishes a constant reminder. Get the thrift stamp habit!

For the people of France, the wonderful people of France, the British soldier has an admiration, a respect, that has grown with the years the two nations have been comrades in arms: common abusers of much sorrow. That the French people reciprocate these feelings has been made plain by their kindly hospitality, their generous sympathy, during four hard years. Now, in their demonstrative greetings to King and Prince, they are giving public expression to sentiments, shown in unnumbered kindly and thoughtful ways in the days that are history. These aid in binding closer those ties which unite Britain and France, and make for the permanence of peace, won by their joint sacrifices, in the cause of liberty and justice.

## Thrift and Industry.

By thrift and industry the French people paid over the huge war in demerit of 1870 to Germany in an incredibly short space of time. The same thrift and industry, if exercised by Canadians now, will reconstruct and make Canada a prosperous country. To achieve this end there must be individual vigilance. Watch food advertisements. There is always a best and cheapest place to buy any commodity. By watching the advertisements of foodstuffs in local papers, much can be accomplished. Merchants do not advertise unless the price and quality of the goods are attractive; they know they cannot retain the business of the public unless they 'make good.' Help the most progressive merchant in your locality by following his advertised prices and patronize him. Competition does more to regulate prices than anything else.

Quite a quantity of pork is being shipped from Antigonish to the Halifax market just now, says the Antigonish Casket. The quantity, however, continues the Casket, is not nearly as large as it was at this season some years back. Then it was the practice to market all our pork during the months of October, November, December and January. During the other eight months of the year only a limited amount of fresh pork was offered for sale here. This practice of marketing all in a few months has changed. Now marketing is distributed over all the months of the year, which accords for the smaller shipments now. Dealers save our pork in excellent in quality. In October the prices were 110 to 125 pounds, 25 cents; 125 to 150 pounds, 22 cents; 150 to 200 pounds, 20 cents; 200 to 250 pounds, 18 cents. In November the prices were 110 to 125 pounds, 25 cents; 125 to 150 pounds, 22 cents; 150 to 200 pounds, 20 cents; 200 to 250 pounds, 18 cents; over 250 pounds, 15 cents.

Can you use one of the old reliable models of Remington Typewriters for some of your junior workers or for subsidiary work in your office? I have a few of these machines at very low prices for good running typewriters and they will do in the meantime, while the typewriter shortage is with us.

## Honor to Whom Honor.

TO THE EDITOR OF THE ACADIAN:—Dear Sir,—I notice by the county report of the 'Red Triangle' fund in your last issue the magnificent amount of \$75,000 credited to Ward 8, exclusive of the town of Wolfville.

This, of course, is a very grave error, due largely to the allocation of the various districts in the ward previous to the canvass. By this division of districts Wolfville has the credit of those collections taken in Ward 8 immediately east, south and west of the town. These amount approximately to \$172,000. The Grand Pre and North Grand Pre collections taken in Ward 8 have gone to the credit of Ward 9. These amount to some \$253,000. Then, the collections from the portions of White Rock and Gasperus situated in Ward 8, have gone to the credit of Ward 7, amounting to some \$105,000, or a total of approximately \$630,000, raised in Ward 8 but credited to other sections. Greenwich has been credited with \$75,000. Further collections have been made, increasing this to \$346,000. The collectors here were C. C. Brown and C. H. Forsyth, not my self, as reported.

Reverting to the amount raised in Ward 8 we find it sums up as follows: Credited to Wolfville \$720,000; Ward 7 195,000; " " 8 346,000; " " 9 253,000. Total raised in Ward 8 \$966,000 instead of \$75,000 as per report. I have been to some little trouble to get these figures but I think they are correct or approximately so. Thank you for your space.

Yours etc., GEORGE L. BISHOP.

## A Visitors Appreciation.

TO THE EDITOR OF THE ACADIAN:—Dear Sir,—Allow me to tender you my congratulations, and through you to the Town Council and citizens of Wolfville, on such evidence of zeal as is apparent on the part of the officers entrusted with the preparation of the assessment of your enterprising little town. I have been a visitor here for a few weeks and have enjoyed the hospitality of the citizens and the cordial atmosphere of your town. I was a little surprised, but not displeased, the other day when a form was received through the Post Office asking a statement of my worldly affairs in order that I might be installed as a citizen and privileged to assist in financing the affairs of your town. This was certainly a mark of attention wholly unexpected on my part. I regret that my income is so meagre that my proportion of town expense will be so small, but I suppose I should feel gratified at being able to contribute even a small amount, since some are so unfortunate as to have no income at all for assessment purposes. My purpose in writing this is to call attention to the evident zeal on the part of your Municipal officers. Surely in the future no newspaper or citizen will have cause for complaint that any organization or interest is neglected in this respect.

It reminds me of a story I once read of an incident which occurred in our own United States. Two cities were contending over the matter of population, when one of the officials entrusted with making censuses in his respected home city, visited the hotels and copied the names from the register in order to show what a large population his city possessed. With thanks, Mr. Editor, for thus endorsing my use of your valuable space.

Cordially yours, R. G. T.

## Baby's Battles For Health.

Mothers you can win the battle for the health of your little ones if you will fight it with Baby's Own Tablets—the ideal childhood medicine. The Tablets are a mild but thorough laxative which never fail to banish constipation, indigestion, worms, colds or simple fevers or any other of the minor ills of little ones. Concerning them Mrs. F. E. Hyppell, Cassapoc, Que., writes:—'Baby's Own Tablets are a great medicine for children. They quickly cured my baby of constipation and I can highly recommend them to other mothers.' The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Children's Aid Society.

The sixth annual meeting of the Children's Aid Society for Kings County was held at the Council Chamber, Wolfville, on Friday evening, Nov. 29th. The president, Rev. G. W. Miller, was in the chair and there was a fairly good attendance—not so large, however, as it should have been considering the importance of the work being done. The president reviewed the work of the past year in an interesting manner and gave a number of useful suggestions regarding the future, and the financial statement was presented by the treasurer, Mr. Patrigois, showing that the affairs of the society are being faithfully administered. During the year the society has been well supported by many sections of the county, Kentville in particular, contributing generously. The report of the agent, Mr. Herbert Stairs, was full of interest. He reviewed the different activities of the Society during the past year. Since the organization of the Society, six years ago, over forty children have been taken from various surroundings and placed in good homes. Surely this is a record that more than justifies the effort put forth. Officers for the coming year were appointed as follows: President—Rev. Mr. G. W. Miller; Vice President—Dr. Elliott; Sec. Treasurer—C. A. Patrigois.

## I O D E.

The Christmas boxes sent to our boys overseas have nearly all been received and acknowledged. The letters which we publish will give an idea how the contents of the boxes were appreciated. 17th Res. ## Sailors' Week!

IN NOVA SCOTIA

DECEMBER 9 TO 14

During the four years of war, 15,000 men of the Merchant Marine gave their lives for the cause of humanity. Unlike the soldiers and men of the naval service, the Government does not provide a pension for the men of the Merchant Service. In other words, 15,000 widows and their families are without financial assistance and must be provided for by a generous public. The widows and orphans must rely on YOUR benevolence. Surely no life was ever more nobly given than by these unsung heroes who went down to the sea in ships. What shall be said of their dependents? Let your cry be "THEY SHALL NOT WANT!" and make your offering as large as a worthy sacrifice will allow. The amount asked for in Kings County is \$5000. We should be able to double that. Have your contribution ready when the canvassers call.
