Vol. XLV. No. 8.

COLONIZATION BOARD FOR ANnapolis VALLEY

Was Decided on at Meeting at Kent-
ville Last Week—Hope to In-
crease Immigration to Pro-
vinces

At a meeting of representatives of
Boards of Trade, fruit-growers organiza-
tions and other interests of the Annapolis
Valley and along the line of the D. A. R.,
held at Kentville on Wednesday of last
week, preliminary steps were taken in
the formation of the Annapolis Valley
Colonization Board. The purpose of
this organization will be to foster agri-
cultural settlement in the Valley and
provide for the welcoming and assistance
of new settlers from the British Isles
and other countries.

The meeting was presided over by
Col. Robert Innes, and Col. J. S. Dennis,
Commissioner of Colonization and
Development of the Canadian Pacific
Railway, was the chief speaker.

The formation of the Valley Coloniza-
tion Board is the result of a movement
based upon a similar organization in the
prairie provinces where 34 such boards
have been formed and are in active
operation. It is believed that the forma-
tion and operation of such boards in
Nova Scotia will greatly assist settle-
ment in this province, and if extended
to New Brunswick, as expected, will
speed up immigration there also.

In reply to questions of Col. Byng
Hall, as to whether settlers could be
induced to come to Nova Scotia with
sufficient capital to make a success of
farming, Col. Dennis thought they
could do so, but not all of British ori-
gin. One-third of the arable land in
Nova Scotia is in the Annapolis Valley,
of which only thirty-five per cent. is
cultivated, and only 10 per cent. used
in industry. He was deeply impressed
on his first visit to this province, two years
ago. Some effort towards colonization
had been made in Yarmouth and Digby
Counties, but had been discontinued
because of the lack of capital. He hoped
to do something soon to show their good
faith. A certain amount of aid would be
given organizations for development and
colonization by the Board of the C. P. R.

Col. Innes gave some figures regard-
ing soldier settlement, showing that
practically all in Nova Scotia were suc-
cessful. He also read a letter from Hon.
J. A. Walker, Minister of Natural Re-
sources and Provincial Development, re-
gretting his inability to be present, and
commending the object of the meeting.

Mayor Pelton and J. Howe Cox con-
sidered that the C. P. R. should give
more attention to the settlement of Nova
Scotia's own people. Farming had
many difficulties to contend against.
The money for development cost too
much, and there should be some system
of credit advanced.

In reply to statements that the prov-
ince did not produce more than half
enough butter as well as some other
food products, for its own use, Manning
Elliott stated that such talk was a fallacy
and the need was to get down to funda-
mentals. Butter and eggs, in June and
July, were sold at an absolute loss. If
milked, men could see their opportunity
to provide cold storage for perishable
food products, they would confer a
benefit on the province, and do much
to stimulate the raising of such products,
as well as to stabilize prices.

A resolution, moved by A. D. Pay-
zant, seconded by Col. Byng Hall, that
this meeting proceed to organize a Colon-
ization and Development Association,
was carried. Col. Innes, Kentville; E. H.
Johnson, Wolfville; J. Howe Cox, Cam-
bridge; Eric Leslie, Woodville, were
appointed a committee to formulate
plans for complete organization. Other
Boards in the Valley will be asked to
appoint representatives to meet with
this committee.

NEWS IN THE ADVS.

Bartaux's Meat and Fish Market
is now taking orders for Christmas
poultry. See adv. on page 5.

WOLFVILLE, NOVA SCOTIA, THURSDAY, DECEMBER 10 1925

\$2.00, payable in advance.

THE DEPOSED SHAH

The youthful ruler of Persia who has
been ousted by a vote of the government.
He has not lived in Persia for several
years.

POWER TO BE DEVELOPED ON ST. CROIX RIVER

W. H. Chase and Associates Pur-
chase 25,000 Acres Timber Hold-
ings and Water Privileges

WINDSOR, Dec. 4.—Consumption
of an important deal took place here
this morning when the Panuke Pulp &
Power Co. sold their timber holdings,
amounting to about 25,000 acres on the
St. Croix River and the Panuke Lakes,
together with the water privileges, to
W. H. Chase, Wolfville, and his associates.

The Panuke Pulp & Power Co. have
rescued the right to cut and manu-
facture lumber for some time and the
company will continue business as for-
merly.

It is understood that the new owners
contemplate developing the power on
the St. Croix River and eventually
erecting a paper mill in connection with
their various other holdings.

This property originally belonged to
Francis Elershausen and was sold to
the late T. G. McMullin, Truro, in
1894, and he operated it about seven
years, when purchase was made by the
St. Croix Lumber Co., of Halifax, who
carried out operations until 1916. At
that time, T. D. Pickard, of Sackville,
N. B., obtained an option on it and
formed the Panuke Pulp & Power Co.,
which has operated it successfully ever
since.

LOCAL SCOUTS DEFEAT HANTS- PORTANT BASKETBALL

The return game of basketball between
the Boy Scouts of Hantsport and the
Junior Boy Scouts of No. 1 Wolfville
troop (Anglican) was played last Friday
evening in the Wolfville Scout building.

The game was fast and furious, but
the best of most feeling prevailed through-
out. The teams were exceptionally well
matched and all the boys played so well
that it would not be possible to pick
out any stars.

At the end of the first period the
score stood six all, second period twelve
all, and at the end of the game twenty-
two to twenty-one in favor of Wolf-
ville.

Mr. Sarty, principal of the Hantsport
school, accompanied his boys, who were
as follows: G. Wild, centre; R. Beazley
and C. Shaw, forwards; R. Lester and
F. Lake, guards; L. Phillips, A. Stevens,
V. Kenney, substitutes.

The Wolfville team was as follows:
V. Cook, centre; M. Sanford and C.
Pineo, guards; R. Coldwell and E.
Lynch, forwards; N. Sanford, L. Morine,
R. Creighton, substitutes. Mr. Arthur
Tingley refereed to the satisfaction of all.

NEW BOAT LAUNCHED FOR BASIN SERVICE

The new steamer long promised for
the Minas Basin service was launched
at St. John on Saturday last. She is a
very fine craft and was built by the St.
John Dry Dock and Shipbuilding Co.
for the D. A. R. during the past sum-
mer. Mrs. Day, of Moncton, a daughter
of Mr. Grant Edgell, of the C. P. R.,
christened the new boat with appro-
priate formality and she is called the
"Kipawo" in honor of the three Minas
Basin ports which site is intended to
serve, Kingsport, Passaboro and Wolf-
ville.

The "Kipawo" is a much larger boat
than her predecessor, the "Prince Al-
bert" and will be well equipped with
powerful engines and able to accommo-
date eight automobiles on a trip. She
will go into service next spring and re-
ceive a subsidy for five years of \$5000
from the federal government and \$2000
from the province. The new boat will
probably winter at Digby and when
she goes into commission will be com-
manded by Capt. Cook, lately in charge
of the "Prince Albert".

BAD FIRE AT KINGSTON

A disastrous fire occurred at King-
ston, this county, early last Saturday morning,
causing a loss estimated at \$15,000, of
which only about half is covered by in-
surance. The fire was discovered at
5:30 o'clock and was not under control
until 10 o'clock. Four buildings which
were destroyed were: the combined resi-
dence and store of Frank Warner, com-
bined house and store of F. H. Northup,
unoccupied building owned by Wallace
Poster and the premises occupied by
E. M. Vidito as residence and restaurant.
The Valley Hotel, of which Jason Neily
is proprietor and the residence of Russell
Aldred were saved with great difficulty
by a bucket brigade. In all about a
dozen people were rendered homeless by
the conflagration.

FINE SLATE DEPOSITS LOCATED NEAR WOLFVILLE

Will be Developed by The Acadia
Slate Co. Ltd.—Mineral is of the
Best and Market-Unlimited

For months past there has been not
a little interest manifest in this town
because of the proposed development of
a hitherto untouched natural resource
of the province located in this vicinity.
It is reported that extensive slate de-
posits of unusual value are located in
this country in the district including
White Rock and New Minas, about one
mile from the latter place. This forma-
tion, it is said, includes a belt approxi-
mately 900 feet wide of Cambrian or
pre-Cambrian stone.

M. D. Anderson, teacher of voice in
the Conservatory of Music at Acadia
Seminary, who was formerly connected
with slate quarries in Wales, his native
country, and later in Vermont, has
evidenced much interest in this prospect,
and due very largely to his energy the
Acadia Slate Company, Ltd., has lately
been organized. The company is capital-
ized at \$25,000 with offices in Wolfville.
The managing director is Mr. L. M.
Fielding, and the other promoters in
the matter are Mr. W. A. Jones and Mr.
A. N. Perry, of this town.

Mr. Jones is confident that the slate
is as good as the best and that it can
be quarried more cheaply than is foreign
slate. Although, as yet, only limited
operations have been carried on, there
is evidence sufficient to indicate the
presence of a very large body of first-
class material.

R. D. Anderson, who, at the request
of the Deputy Minister of Public Works
and Mines of Nova Scotia, made a visit
to the deposits, says: "These (samples)
compare favorably with those from the
Vermont slate quarries. The Nova
Scotia slates have a more metallic ring
to them, which indicates a harder and
more resistant grain. There is not
much difference in color. Our slates are
a brighter color when they get away
from the wash of surface."

The local market for slate is undevel-
oped, as there is no slate manufactured
in Canada. The slate in use in Nova
Scotia is imported from Vermont or
the United States market is
unlimited, and with the lower labor
costs prevailing in Nova Scotia, and the
advantages of sea board transportation
it is thought that American competition
can be met or overbid. The "stand"
of the slate being practically vertical,
the cost of production is considerably
reduced.

One of the leading uses for slate is
the making of electric switchboards.
Because of its freedom from iron and
other metallic properties, it is also taking
the place of marble, as it never stains
and can be polished so as to have
shades of color desired. Besides being a
roofing material, it can be manufactured
into table tops, laundry and kitchen
tubs and boards, wainscoting, fancy
ink wells, school slates. It is expected
that quarrymen, at present working in
Welsh slate mines, will come to Nova
Scotia to form a nucleus for a force to
quarry and manufacture slate.

If the proposed industry assumes the
proportion predicted by its promoters,
it will mean very much for this section,
as a large staff of men will be employed
at good wages which is bound to make
for the benefit of farmers as well as all
other interests of the community life.

JUNIORS WON INTER-CLASS BASKETBALL LEAGUE

The inter-class basketball league of
Acadia University was won by the
Junior Class for the boys, and the Seniors
for the girls. The league, which was
completed on Wednesday evening, was
made up of a series of very interesting
games, the Juniors showing up especially
well, both in clean playing and superior
tactics. The Senior boys did not com-
pete, although they played in several
exhibition games. The games were
refereed by Messrs. MacDonald, Os-
borne and Brown.

The games were as follows:
Juniors 34—Juniors 55.
Sophomores 16—Academy 13.
Seminary 6—Juniors 18.
Seniors defeated Freshman girls.
Seniors defeated Engineers (Exhibition).
Juniors 34—Academy 17.
Seniors defeated Seminary.
Freshmen defeated Sophomores (boys).
Juniors defeated Sophomores (girls).
Juniors 39—Freshmen 19 (boys).
Seniors defeated Sophomores boys (Ex-
hibition).

Juniors 26—Freshmen 25 (girls).
Freshmen defeated Engineers.
Seniors defeated Sophomores.
Seniors defeated Academy (Exhibi-
tion).
Juniors 33—Sophomore boys 27.
Freshmen defeated Sophomore girls.
Freshmen defeated Academy.
Juniors 22—Senior girls 28.
Engineers 24—Sophomores 40.
Seniors 65—Juniors 25 (Exhibition).

STUDENTS ADDRESSED BY MEMBER CANADIAN CLUB

Justice MacDonald, of British Colum-
bia, Spoke at Acadia on Pacific
Coast Problems

Justice M. A. MacDonald, of the
Court of Appeals, of the Supreme Court
of British Columbia, addressed the
student body of Acadia and citizens on
Monday morning in University Hall.
He was introduced by President Hall-
erson, who named him as the first of a
series of speakers sent out by the Cana-
dian Clubs.

Justice MacDonald emphasized the
view that young people of the Maritime
Provinces should learn the current of
events which is directing attention to
the Pacific Coast. Through the Pacific
ports, he said, flows more and more
the wheat of the Prairie Provinces to
the Orient. Out there, the East meets the
West. In the last 25 years there has
been an awakening of the Orient, and
the Orientals are rising. The Anglo-
Saxon is not declining. The English
language is becoming universal.

A great commercial future is coming
for China, and Canada will receive a
great share of the trade, situated as she
is between the Orient and Europe.
Japan, leading nation of the East, is
becoming a vigorous ally of Great Britain
through the war. It is now under the Four-
Power Treaty of 1922. The islands of
the Pacific will be the stamping ground
for diplomacy of the future.

There are economic prejudices in B. C.
against the Japanese. In insisting on
saving their own country for their own
race, Canadians show no disrespect to
the mentality or enterprise of the yellow
races. Each race should preserve itself.
There should be no mingling between
these branches of the human family. In-
termingling produces a sub-race. The
open spaces of the Empire should not
be peopled with colored races. The
day will come when the population of
Canada and Australia will be greater
than Great Britain, and it must be
white people. The white race should
hold the benevolent rod of Empire. In-
dustrial development in Canada is neces-
sary if Canadians profit by trade with
the Orient.

British Columbia is a country of
mountains, with great water power in
the rivers. Its coal, gold, silver, lead,
copper, and zinc resources have scarcely
been touched. Canada's heritage is
great and the task of foremost public
men, aided by its citizens, should be to
develop Canada and make it the fore-
most part of the Empire.

In thanking Justice MacDonald, Dr.
Patterson said, "the address was interest-
ing, illuminating and instructive".

PIPE ORGAN FOR ACADIA CON- SERVATORY OF MUSIC

For years past those in charge of the
Conservatory of Music of Acadia Sem-
inary have felt the very pressing need
of a pipe-organ and the friends of the
institution as well as the teaching staff
are now rejoicing that such a need is
soon to be supplied. Announcement
has been made that the University is
about to purchase the organ in the
Temple Baptist church, Halifax. Presi-
dent Patterson and Prof. Farnsworth
were in the city some time ago and
made negotiations for the transfer. The
organ has very fine specifications, being
a Casavant, one of the very best makes
of organ in the world at the present
time. Three new pianos for the Con-
servatory have also been purchased, and
plans are being made to secure a Con-
cert Grand for Convocation Hall.

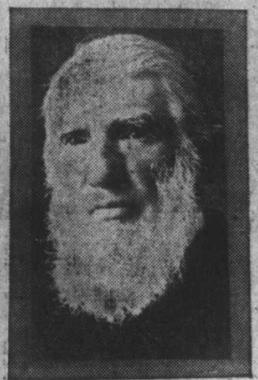

CHRISTMAS GIFTS FOR SANATOR- IUM PATIENTS

The people of Nova Scotia, and other
friends of the Kentville Sanatorium, have
always been generously interested in the
effort to make "A Merry Christmas"
for patients at this institution. Among
the patients this year there are some
needy ones and some of our war casu-
alties, all of whom, it is hoped, will be
remembered with useful gifts as well as
the cheering articles that make a "cele-
bration". All who can and will, please
come forward at the earliest possible
date and let the management know
what they can count upon in the way of
help. Anyone who has ever seen the
enjoyment of Christmas among the sick
exiled from their homes on the
Day of Reunions will realize how well
repaid are efforts on their behalf.

Such things as books, warm gloves,
sweets, and especially money can al-
ways be used. Letters and parcels should
be addressed "Business Manager," Nova
Scotia Sanatorium, Kentville, N. S.
Contributions will be gratefully ac-
knowledged as they are received.

If you haven't yet seen our novelty
gift stationery come in today. We
know you will see some boxes that you
will want to give for Christmas gifts.
THE ACADIAN STORE.

LUMBER KING DEAD

John R. Booth, dean of Canadian
lumbermen and a pioneer of the industry
in the Dominion, died at his home at
Ottawa on Tuesday. Had he lived he
would have celebrated his 99th birthday
on April 5th next.

GRAND PRE INSTITUTE HAS INTERESTING MEETING

Have Raised Over \$1500 for Commu-
nity Hall—Names of Committees

The December meeting of the Grand
Pre Women's Institute was held at the
home of Mesdames W. A. and R. W.
Woodman, with the new president,
Mrs. Alden Harris, officiating.

A letter of thanks from Dr. Smith,
for the layette suits which were provided
and left in his care for destitute cases,
was read. The same committee will
arrange to replenish the exhausted sup-
ply.

The annual reports from the standing
committees were received. During the
year the sick have been provided with
flowers and sunshine boxes. The Home
and School Committees each furnished
an interesting and profitable program.
The retiring secretary, Mrs. L. P. Den-
nison, delighted us by reading the an-
nual report in humorous rhyme.

We have \$1591.85 in the bank toward
the Community Hall Fund.
The standing committees for this year
are as follows:
Home Economics—Miss Magee, Mrs.
Geo. Eye, Mrs. F. C. Dennison.
Home and School—Mrs. E. V. Gould,
Mrs. M. J. Macdonald, Mrs. J. Patterson,
Mrs. E. V. Gould.
Visiting and Reporting the Sick—Mrs.
Hutchinson, Mrs. Fred Crane, Mrs.
Evans, Mrs. E. A. Eagles.
Looking after new members and those
not with us—Mrs. G. P. Fuller, Mrs. L.
P. Dennison, Mrs. Townsend.
The auditors, omitted last month, are
Mrs. W. A. Woodman and Mrs. Bishop.
The Roll Call was responded to with
Christmas quotations. The program
was as follows: Poem—Christmas Morn-
ing, Mrs. Scott Tremblin; chorus by
the institute—Hark the Herald Angels
Sing; paper—Christmas Giving, Mrs.
MacKinnon; piano solo—Miss Edith Crane;
article—Don'ts for Christmas Giving,
Mrs. Ayrton Johnson; Christmas chorus
—Misses Dorothy Kinney and Ruby
Wilkinson.

The January meeting will be held the
second Friday in the month at the home
of Mrs. Ayrton Johnson, as the regular
meeting falls on New Year's day. The
Roll Call response will be New Year
resolutions.

SCHOOL BOARD MEETING

At the regular meeting of the School
Board on Monday evening, the chair-
man, Dr. J. T. Roach, Com. Coombs
and Commissioner Parsons were present.
The following accounts were recom-
mended for payment and passed:
A. W. Bleakney \$ 1.08
The Wolfville Electric Commission 6.00
Davidson Bros. 23.85
E. S. Langille 7.10
J. C. Mitchell 18.23
Geo. M. Hendry Co. Ltd. 43.39
R. E. Harris & Sons 220.4
Wm. Sawler 39.50
T. P. Calkin, Ltd. 2.35
J. E. Hales & Co. Ltd. 1.11
Mrs. F. M. Barnes 19.58

A discussion of the finances of the
Board indicated that because of an ex-
cess of income over the amount estimat-
ed there is likely to be a balance on the
credit side of the ledger at the end of
the year.

LOCAL ODD FELLOWS VISIT WINDSOR

On Tuesday evening last forty mem-
bers of Orpheus Lodge, No. 92, I. O. O.
F., motored to Windsor as guests of
Pescud Lodge, of that town. While
there the degree team of Orpheus Lodge
carried out degree work for candidates
from Windsor and Hantsport Lodges.
Following the business of the evening
tables were laid for over one hundred
and an enormous quantity of excellent
food consumed. Speakers of the occa-
sion were C. L. Wood, P.G.M.; D. G.
Whidden, P.G.M.; Wm. Palmer, D.D.G.
M.; G. C. Nowlan, M.F.P.; P.G., and
others. The Wolfville brothers left
the following morning with three hearty
cheers for the friends in Windsor, not
forgetting the ladies who assisted with
the serving.

ENJOYABLE BANQUET HELD AT AVONPORT

Employees of L. E. Shaw Ltd. were
Guests of Employers on Friday
Evening Last.

The employees of L. E. Shaw, Limited,
enjoyed their annual banquet at Avon-
port, the home of that important in-
dustry, on Friday evening of last week.
This function, which has become a
regular institution, tendered complimen-
tary by the company to the workmen
and their wives, was held this year in
the vestry of the church, the lady mem-
bers of which acted as caterers.

At six o'clock over sixty guests sat
down to a sumptuous repast which did
credit to those having the affair in
charge. The hall was artistically trim-
med for the occasion with flags and ever-
greens, the table centres being roses and
ferns, the whole presenting a very fine
appearance. Waited upon by the fair
ladies of the place those present enjoyed
the splendid repast, and goose, chicken
and the other good things provided re-
ceived ample attention.

At the close of the supper, Mr. L. E.
Shaw, the president of the company,
presented a toast to the ladies of the
church, and expressed his hearty ap-
preciation of the splendid manner in
which the supper had been put on.

A toast to the press was responded
to by Miss Cora Walsh, who spoke
briefly of her pleasure at being present,
and of the fine spirit of fellowship ex-
isting between employers and employees
so manifest on this and former similar
occasions.

Major Macpherson, a member of the
firm, expressed his appreciation of the
fine loyalty and support of the men on
all occasions and said that the growth
of the industry depended largely upon
their continued co-operation.

In his fine address President Shaw
gave expression to his gratitude to the
men who had passed through the season
with him, and who by their unflinching
industry and loyalty had assisted in
making it a record year for the com-
pany. A pleasurable feature had been
that no man had been discharged during
the year. Every employee who had
started the season in April had finished
in December. One of the men had been
in the employ of the company thirty-
four years, and one man had been on
duty every night from May to Decem-
ber without a break.

Such devotion, said Mr. Shaw, is
what counts in any business. The past
year had been a record one for the
company. A good product is being placed
upon the market and is steadily winning
favor with the public. The men were
asked to regard the product as theirs,
and everyone was urged to endeavor to
make it more popular by being a booster.
In this way lies success and a broaden-
ing of the field for future sales.

At the conclusion of the address
loud applause was given by those pre-
sent. The banquet closed with hearty
cheers for President Shaw and Major
Macpherson and the singing of "Auld
Lang Syne".

A TALE OF OLD ACADIA

The most interesting recent offering
in the world of books to the people of
this vicinity is from the pen of a former
Wolfville girl and has to do with local
conditions. Mrs. Mabel Jones Margeson,
of South Berwick, is the author and she
has woven into "A Tale of Old Acadia"
an interesting story of romance original-
ly conceived and skilfully told. As
the title indicates it is a story of the
early days at Acadia and naturally
many of the characters were former
residents of Wolfville. Founded upon
fact older residents will have little dif-
ficulty in recognizing under the disguise
imposed upon them some, at least,
of the personages who live in the story.
The leading character, the reader will
soon discover, is the father of the author,
the late Dr. Robert V. Jones, whose
beautiful life was so closely identified
with the educational institutions of the
Baptist denomination and the town
chosen as their setting so many years
ago. The memory of Dr. Jones will
not soon be effaced nor will his influence
upon the lives of those with whom he
came in touch either as student or town-
sman be lightly broken. With such a
hero "A Tale of Old Acadia" cannot
but receive a warm reception through-
out the Maritime Provinces, and the
merit which it possesses as a contribu-
tion to a literature that is yet all too
meagre assures that the book will be
read and enjoyed by others as it has by
the writer. "A Tale of Old Acadia" is
on sale at the local bookstores.

THE GOOSE HANGS HIGH

On Thursday, Dec. 17, the Acadia
Dramatic Society presents its initial per-
formance of their Christmas play, "The
Goose Hangs High", under the direction
of Miss Olaf Teabart.

"The Goose Hangs High" is a three
act comedy which has finished a suc-
cessful run in New York and Boston.
As the plot unfolds in a Christmas and
college atmosphere there is keen char-
acterization combined with a touching
theme, sparkling dialogue and dramatic
situations.

The Acadia players will tour the
Maritime Provinces during Christmas
on vacation. The proceeds will be used for
the Acadia fund.

The admission will be 50c. and 75c.
Seats may be obtained at the college
office during the day and at Rand's
drug store in the evening from Monday
Dec. 14.

MARRIED

MILLET—MOORE—At St. John's Rec-
tory, on August 10th, 1925, by Rev.
R. F. Dixon
