obtained for mechanical devices, med ical or other compounds, ornamental designs, trade-marks and labels. Caveats, Assignments, Interferences, Infringements and all matters relating to Patents, promptly attended to. We make prelimary examinations and furnish opinions as to patentability, free of charge and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for obtaining Parents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. During the past five years we have obtained nearly three thousand Patents for American and Foreign inventors, and can give satisfactory references in almost every county in the Union.
