Thirty-Three Convictions In Fire Cases

Result of Disaster at St. Quentin Village

Chief Game and Fire Warden L. A. Gagnon, returned from Madawaska County Saturday evening, after a record-breaking trip in his line of business. He left Monday evening, arriving at Kedgwick Tuesday evening and left for home on Friday evening during that time prosecuting 37 less than forty offenders under the Forest Fire Law. Six of these cases were tried at Kedgwick and the remainder at Five Fingers, by Magistrate Matheson of Campbellton. Mr. Gagnon and the magistrate being kept on the move continually. Some of the defendants brought forward two or three witnesses and these, along with those produced by the Chief Game Warden for the Crown, occupied much time in the hearing. These prosecutions arose out of the destruction of the village of St. Quentin.

Out of the forty, thirty-three convictions were secured, three were withdrawn, three were lost, and one is still under consideration of the Court. Judgment will be given in this case some time during the week.

One violation of the Game Act is still before the Court also, the charge being the killing of a moose out of season and without a license. Information was laid in this case last year but the accused evaded the authorities and got away into the United States. He was lately arrested, however, and judgment will be given in the near future.

Once more fire prosecution will come up at Perth this week, and this should conclude the prosecuting for the year unless something unexpected turns up. Mr. Gagnon has been very busy all spring and summer travelling from place to place in the interests of his department.

Game Plentiful

He reports that game particularly deer and moose, is very abundant in the northern part of the province, and despite the hard winter partridge seem to be more plentiful even than last year. The increase in these game birds, since they came under protection has been very marked but the shooting of them will not be allowed for another year. A bill recommending that the season be opened for a year this year was introduced, but was withdrawn, much to the disgust of many good sportsmen.

TWO WEEKS PICNIC FOR COLLEGE GIRLS

Will be Guests of a Man in the West

FREDERICTON, July 23—The girls who attended the University of New Brunswick during the term of 1919-20 are to be the guests of an unknown host at Day's Point for a two weeks' outing, beginning to-morrow. About twenty girls from different parts of the province will be in attendance. The gentleman in question belongs to the West and is an intimate friend of the McMonagle family in this city so that his identity will not be known. The girls will have to pay their own fare to the camp.

He will pay their fare back to their homes and all expenses at the camp for the two weeks' outing and will donate prizes of \$30 for camp efficiency. Those going to Day's Point are the Misses Helen Scott, Harriet Vanwart, Ethel Vanwart, Helen Thurnett, Margaret Hall, Florence Murray, Edith Jones, Marjorie Tracey, Bessie Morrison, Elizabeth McMonagle, Edith Jones, Barbara Nickerson and Kathleen Woods of this city, Marion Long of Keswick Ridge, Blanche Turner of St. John, Louise Friel of Moncton and Miss Amanada Quinn of Campbellton. Drastic Orders For Coal Conservation

Ottawa, July 22—Prohibition of the export of coal from the Atlantic, St. Lawrence River, and Gulf ports of Canada, except to the United States or to Newfoundland, unless otherwise permitted and in accordance with regulations to be promulgated by the Board, is provided for in a brief order of the Board issued late this afternoon. The order, which is signed by Hon. S. B. Carvell, Chief Commissioner, will become effective on and after the first day of August. It was issued in response to the holding of two private sittings of the Board at which special consideration was given to the situation arising out of the prospective fuel shortage in the light of information gained by Commissioners Carvell and McLean in their conference at Washington with the members of the United States Inter-State Commerce Board.

Other steps looking to the conservation of the fuel supply are being considered by the Board, and special efforts are being made, in conjunction with the United States authorities to increase the movement of coal from mines to Canada, it being recognized that the threatened shortage is to a very large degree a matter of transportation, rather than an actual dearth of the black diamonds.

DANCE IN NELSON

The Nelson Baseball Club held a very enjoyable dance in the I. O. O. F. Hall, Nelson on Friday evening. Music for the occasion was furnished by the Ross Orchestra. A large number were attended. The proceeds are to be used for new suits for the team, etc.

CLEAN UP DEBRIS

We notice that Mr. John Harris has engaged men to clean up the property in rear of the Post Office recently purchased by him and which was destroyed last winter by fire. We are pleased to note that Mr. Harris has taken a move in this matter and feel that it is a good example, which might be copied by some of our other citizens. There are a number of buildings in town which were partially destroyed by fire some time ago, and as yet the debris has not been cleaned up.

Then again there are a number of old buildings in different sections of the town which are not inhabited, nor never will be on account of their dilapidated condition, and which for a good many years have been eyesore to our citizens. The owners of such buildings would be performing a good piece of work for our town if they would have such buildings as those mentioned torn down, and the property cleaned up. It would not only save the town a good turn but would also enhance the property of the owners and make their insurance risk much smaller. The owners of property in a condition such as we have stated are to their community, as citizens, to clean up such places and thus make their town a brighter and cleaner one for people to live in.

2 TRAGIC DEATHS IN NEW GLASGOW

New Glasgow, July 25—There were two tragic deaths in this vicinity on Saturday night. Lester Harris, a young man belonging to South St. Lawrence, was killed in the Stellarton railway yard. He had been to New Glasgow and returned to Stellarton on the nine o'clock train. He started to walk to his home through the railway yard. His body was later found lying across the main line track with both legs cut off. He was unmarried and about twenty-five years of age.

Sunday morning in New Glasgow, the lifeless body of Daniel McInnis, a laboring man, was found in an alley-way of Victoria Street. There was a bad gash in the back of his head, to which his death is ascribed. Late on Saturday night he was seen lying on the sidewalk on South George Street by a woman living near, who heard him moaning. She called Police Officer Nicholson of the C. N. R. force. When he reached the place, four men were there trying to lift him and as they said, to take him home. The officer asked them if they knew where he lived. They replied "yes, on Marsh Street."

An incident related is that the man's watch was hanging out and Officer Nicholson told him to put it in his pocket. This they did, but when the body was found the watch was missing. The officer's impression was that the man was intoxicated and those who had him in charge were out of kindness taking him home. It is known that they gave the wrong residence address, for McInnis lived on Parkdale. The police believe that there was foul play in connection with McInnis' death and a thorough inquiry will be made into the circumstances surrounding it. Coroner Kennedy will hold an inquest. The deceased was a quiet, industrious man and is not thought to have had any enemies. He was about sixty years of age.

Suffered A Painful Accident

Leo Durick suffered a painful accident recently when he fell and fractured his knee cap. Mr. Durick is assistant chemist with the Canadian Drug Company and was working somewhat later than the other employees. As he was coming down the stairs to the ground floor, at a little after six, he slipped and fell, there was no one else in the shop at the time, and it was with great difficulty that Mr. Durick dragged himself to the nearest telephone and called for help. The ambulance and Dr. Stephenson responded as quickly as possible and after rendering first aid, conveyed the patient to the hospital for further treatment.

NOTICE

I will be absent from town for two weeks after July 20th.
