CADET CORPS FOR PUBLIC SCHOOLS

Archdeacon Grey Promotes Scheme Which may be Adopted by School Board. Important Meeting.

The regular meeting of the Edmon ton Public School Board was held Thursday evening at the residence of Chairman Taylor, Fourth street. the members were present. The superintendent presented his report fo month, which indicates school population is steadily increas ing. The number in the public schools for October was 1,538 pupils. The enrollment for the coresponding month increase of 35 per cent. The number in the high school was 74, divided as follows: Standard VI., 42; Standard VII., 23; Standard VIII.

The superintendent reported that the addition of the two rooms to the Peace avenue school still left McKay avenue school congested. The number of pupils enrolled per room was above 50 in the five lower rooms, and the average over the city in the rooms below standard 5 about 47.

The superintendent recommende that a new school centre be establish ed on Ross' flats, to take care of pu pils below Standard III. The report was adopted, and the board will have two rooms in operation on the flats with the opening of the New Year The superintendent explained that by limiting the work of the subsidiar schools to the elementary standards as good classification in organization of pupils could be secured as in the arger schools of the city. He explained that the Ross flats districts made a natural division in itself, and thought that the Board should look to acquiring a site suitable for a four or six roomed school of a permanent character till a later time. A commit consisting of Misses May, Grey, and McCaig was appointed to look up available sites and report at an early

Archdeacon Grey, chairman of the school management committee, pre sented a report recommending the addition of typewriting and stenography to the present commercial course in the High school after the New Year, and the chairman of the supply com mittee was empowered to purchase two

machines for this work, Miss Streight tendered her resigna-tion, which was accepted by the Board, and the school managemen committee were asked to recommend another teacher.

Mr. Grey introduced the subject of establishing a cadet corps in the high school, and the two large public schools. The school management committee and superintendent will go into the question thoroughly with view to being ready for active cadet work with the opening of spring. The superintendent presented a re quest from the boys of the High chool for the payment of the expens by the board of flooding a hockey rink on the High school grounds,

winter. The request was granted, and the rink will be controlled by the High School exclusively.

Architect Lines reported that a flaw in the superstructure of the entrance to the basement of the new Alexander Taylor school had appeared on account of the foundation work not hav-ing been properly bedded. He was instructed to have the matter reme

The Board accepted the tender of Lundy & McLeod Co, for the hardware for the new Alexander Taylor school A large batch of account were passed and the meeting was adjourned at the call of the chair.

STATE BANKING LAWS DEFICIENT

Governor Hughes' Move for Radical Change in Systen Approved by Financiers.

New York, Nov. 16-In financia ircles here today the view was free ly expressed that the action of Governor Hughes in appointing a committee to recommend changes in the New York banking laws may result in a similar movement to other sections of the country, and in the enactment of legislation which will place state under supervision more cosely akin to

A. Barton Hepburn, president of the hase National bank, and former conoller of the currency, who is gene ally conceded will be the chairman of he Hughes commission, is known as one of the strongest advocates of the national banking system in the fin ancial world. It is believed that Mr. Hepburn will

personally recommend to his associates that the state laws should be nade to conform as nearly as possible the federal statutes. The report of the commission i ooked forward to by bankers generally as likely to express at once the highest and the most conservative pinion as to legislation needed in the way of financial reform

All of the members of the comm sion appointed by Governor Hugher are presidents of New York banks and trust companies. This fact occasioned no surprise, inasmuch as this city i By reason of New York's dominating position in finance, many bankers cubator and the brooder-an were inclined to believe today that the report of the commission made to work for legislation in many other commendations of the commission are therefore looked upon as being na-"We will be in a position to comply with Governor Hughes' request for a
