"A year ago I returned home afte a long trip, completely worn out. I was so badly affected by chronic biljousness, so much overcome by constant headaches, dizziness that I despaired of ever getting well. I was always tired and languid, had no energy and spirit, found it difficult to only do this at night, but through the sleep for more than five hours. My day when several people are sitting in appetite was so fickle that I ate next to nothing and in consequence lost weight and strength. I was pale and had dark rings under my eyes that made me look like a shadow.

> "It was a blessing that I used Dr Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and best of all I began to enjoy my meals. The dizziness, langour and feeling of depression passed away and I fast regained my old time vigor and spirits. Today I am well-thanks to Dr. Hamilton's Pills."

The regular use of Dr. Hamilton's Pills keeps the system clear, healthy, and thereby prevents all manner of sickness. One pill when retiring will make you feel like new. For health, strength, comfort and good spirits there is no medicine like Dr. Hamilton's Pills. Beware of substitues and don't let any dealer palm off some other pill on which he can make more money, 25c. per box, or five boxes for \$1.00, by mail from The Catarrhozone Company, Kingston, Ont.

Death is always sad, but to pass away in early manhood is doubly so. On Friday night last Mr. Lorenzo Dove, youngest son of Mr. James Dove, passed away at the early age of 23 years. Mr. Dove had been working at Sydney, but returned some few weeks ago in failing health. Notwithstanding all that medical skill could do he gradually grew worse, until the end came on Friday. The funeral took place yesterday and was attended by the members of the C. B. B. Society, of which the deceased was a member. A large number of other sympathizing friends also attended, thus paying the last tribute of respect to this well known young man. We tender our sympathy to the bereaved

The instinct of modesty natural to every woman is often a area instinct or modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V.
