The Coronation Regatta

A Grand Success—Beautiful Weather Prevails, Thousands of People Present and the Programme Goes Off Without a Hitch.

Had the energetic committee which supervised yesterday's Coronation Regatta ordered the weather to suit them could not have a more pleasant day.

Since the inception of our great aquatic derbies no better races have been held and everything conducive to make it the success it was. Hon. John Harvey and the energetic committee which had charge of the Regatta this year deserve the encomiums which were lavished upon them. The day was exceptionally fine with a nice breeze blowing up the Lake making it very pleasant for the competitors as well as the thousands of spectators who assembled on the slopes of our beautiful lake. By noon it was estimated that about 10,000 persons were assembled on the green. The spectacle presented to them was a very pleasing one indeed. On the north side of the pond there was a line of tents built to accommodate the public, and from them hunting was down, while at the head of the lake there were a number of tents above which flags flew in the breeze; swinging galleries were well patronized, and away over on the south side of the lake tents dotted the landscape with picnickers in all directions and a happy lot of them were who took in the regatta on that side of the lake. One thing must have impressed the great number of people present and that was the orderliness of the crowd; a few, and a very few, had a "wee drop" in their "ven" as Burns would say, but there was no disorder, not an angry word was spoken, and the people who went there to enjoy themselves did so to their hearts content. We congratulate Hon. John Harvey and the energetic committee with him for affording the public such a splendid holiday. There is much work connected with such an undertaking, but the committee were equal to it and acquitted themselves admirably.

During the day the Lake was visited by His Excellency Sir Wm. Horwood, His Grace Archbishop Howley, Hon. E. R. Bowring and D. Morrison, Mr. H. D. Reid and other distinguished people. The Premier was the guest of the committee during the day.

The different events on the programme were keenly contested, some very pretty races occurred and the "dash boys" upheld their traditions as rowers. The races were run in the following order:

AMATEURS.

In this race only two boats entered, the Guard and Peter. When the starting gun fired the two boats made the lake neck and neck, but after getting a little below the committee tent the Guard led, but soon the Peter overhauled her and reached and turned the buoy several lengths ahead; she came home in capital style and finished fully six boat lengths ahead of the Guard. Time, 10 mins. 20 secs.

PIES.

The next on the programme was the Press Race in which the Peter (Chronicle), Lion (News), Herald (Guard), and Pink Un (Mixed), took part. From the start the Herald men who rowed a splendid stroke kept the lead and were at the buoy first, received a fine turn and came up the Lake in splendid style, and won seven or eight lengths ahead of the Chronicle, the next crew, with the Red Lion and Pink Un following. Time, 10 mins. 44 2-5 secs.

TRADESMEN.

This was an exceptionally pretty race in which the Guard, Peter, Lion and Pink Un ran. Going down the Lake the Pink Un led and held it to below Reid's boat house when the Red Lion spurred and reached the buoy first and received a good turn and came up the pond well ahead of her competitors, with the Pink Un second and the Peter and Guard in the order named. Time, 10 mins. 15 secs.

MERCANTILE.

In this race four boats entered, the Lion (Ayre & Sons), Guard, Marshall Bros., Blue Peter (Harvey & Co.), and Pink Un (Job Bros.). Harvey & Co.'s men were the favourites. At the sound of the gun the four boats set away together, and passing the committee tent the Pink Un and Peter were neck and neck, with the Lion third and Guard last. The Peter "jawed" for her buoy first fully a length ahead of her competitors, and came home in splendid shape and in well ahead of the Pink Un, with the Lion third and Guard last. Time, 10 mins. 22 1-5 secs.

SOCIETIES.

In this race the Lion (S. O. E.), Peter (St. Mary's), Guard (S. U. F.), competed. The boats made a nice run down the Lake, and at the start the Guard led slightly and the race going down was an exciting one. Just below Coaker's River the Guard spurred and ran ahead; she was at the buoy first with the Peter second and Lion third. Coming back the Guard did fine and with Coaker's River she was three lengths ahead of the others and she kept increasing her lead and was fully six lengths ahead of the Peter when the gun fired, with

ed fully six boat lengths ahead of the Guard. Time, 10 mins. 20 secs.

Time, 10 mins. 15 secs.

MERCANTILE.

In this race four boats entered, the Lion (Ayre & Sons), Guard, Marshall Bros., Blue Peter (Harvey & Co.), and Pink Un (Job Bros.). Harvey & Co.'s men were the favourites. At the sound of the gun the four boats set away together, and passing the committee tent the Pink Un and Peter were neck and neck, with the Lion third and Guard last. The Peter "jawed" for her buoy first fully a length ahead of her competitors, and came home in splendid shape and in well ahead of the Pink Un, with the Lion third and Guard last. Time, 10 mins. 22 1-5 secs.

the Red Lion last. Time, 10 mins. 17 secs.

BRIGADES.

This was the race on which all eyes were centered, and it is safe to say that the best race was made on it than any other race for the day. The boats got away—the C. L. B. in the Blue Peter, Highlanders in the Red Lion, C. C. C. in the Pink Un and M. G. B. in the Guard. The boats made a very nice start, but just before the committee tent was reached the stroke—Curran—of the C. C. C. lost the catch of his pole pins, and in hammering it down the boat fell behind, as by actual count 12 strokes were lost. There is no doubt about it the Pink Un, but for this would have made a good light for second place and the stroke crew need not feel ashamed of their work. The Guards had a splendid crew and they proved their mettle. With a pretty swinging stroke they went down the pond, took the lead from the start and got to the buoy in an easy way with the C. L. B. next closely followed by the C. C. C. and the Red Lion last. The Guards increased their lead as they came up the pond and finished fully 10 lengths ahead of the C. L. B. who were next, with the Cadets a close third and the Highlanders last. Time, 10 mins. 19 secs.

SWIMMING RACE.

The swimming race was divided into two sections, the open race being first and the Inter-Brigade next. In the first or open race ten contestants dived from the platform at the City Club boat house and made a nice race of it coming across followed by a flotilla of boats. In good style M. Kelly came first, G. Roberts, second, J. Mullooney, third, T. Morgan, fourth and James Brown, fifth. Wm. Clancey became exhausted and was taken in a boat just before the finish.

In the Inter-Brigade race the four City Brigades entered and quite a number competed. The boys made a spirited race of it coming across the pond, and Chesley Martin, of the Guard, time, 10 mins. 20 secs.

FISHERMEN.

Two crews of Outer Cove men rowed in the Peter and Pink Un, respectively, and a crew of Torbay men in the Guard. The Torbay men had it all their own way and the two Outer Cove crews went down to square defeat at their hands. The Guard led from the start and was an easy first to the buoy, and finished almost half the pond ahead of the Peter, with the Pink Un third. Time, 9 mins. 46 secs.

LABOURERS.

The Lion, Guard and Pink Un contested in this race which from start to finish was very close and keenly contested. The Peter and Guard were neck and neck almost up and down the pond but the Peter led on the last stretch until a few boats lengths from the winning post when the Guard spurred and she shot in about two feet ahead of the Peter. Time, 10 mins. 20 secs.

FOOTBALL.

The C. E. I. Star, B. I. S. and Collegian teams ran this race. The boats were: C. E. I. (Pink Un), B. I. S. (Blue Peter), Star (Red Lion) and Collegian (Guard). From start to finish it was a close race between the Guard and Pink Un, and the latter won with the Guard a close second. Peter, third. Time, 10 mins. 37 1-5 secs.

JUVENILE.

In this race the Peter and Guard, Pink Un, Lion and Peter, and from the start the Peter led, being first to the buoy, and well ahead of the others coming up the Lake. She finished in good style, with the Guard second, Lion, third and Pink Un last. Time, 11 mins. 21 2-5 secs.

TRUCKMEN.

Only the Peter and Pink Un ran in this race, and going down the pond the boats made a nice race of it, but the Peter reached the buoy first and led and kept her lead coming home, winning by over two boat lengths. Time, 10 mins. 38 1-5 secs.

FACTORIES.

The Peter, Lion and Guard went in this race, and going and coming the three boats closely pressed each other. The Guard coming up pushed herself to the front and reached the winning post first with the Peter a close second and Lion third. Time, 10 mins. 43 1-5 secs.

NAVAL-BRIGADES.

In this, the last event on the programme, the Naval men in the Guard, and the C. C. C. in the Peter, competed. It was a pity that the C. L. B. and Highlanders did not show up. The boats made a pretty race of it and the C. C. C. made a plucky fight, but the Guard came in first. Time, 10 mins. 43 secs.

This concluded the contests which everybody fully enjoyed. The races were pronounced, and justly so, a splendid success.

THE PRESENTATION.

Mrs. Elizabeth Harvey, mother of

the popular President of the Committee, Hon. John Harvey, came to the Lake at 5.30 p.m., and after the last race was over, in a very graceful manner presented the winners with their trophies, the cups and medals won during the day. The President, Vice-President, Treasurer and Secretary and the acting and honorary members of the committee were present with a concourse of people. Mrs. Harvey had a kindly and cheering word for each competitor as she placed the medals to their breasts or bestowed on them the handsome cups. Ringing cheers were given by the winning crews and the populace for Mrs. Harvey, the President and the committee, and shortly after 8 p.m. the Coronation Regatta, one of the best held for many years, came to a close.

Man Run Over.

At 2.30 p.m. yesterday a cab ran quickly with fares to and from the Regatta, and one of them on New Street, at the foot of Bartlett's Hill, came near doing for a drunk. The cab was right on him before those about could draw the man in on the sidewalk, and the fore wheel striking him smashed a bottle of whiskey which was stowed down in the inner pocket of his coat. The man was knocked down. He took the remains of the bottle out and began to drink its contents, but the glass cut his mouth, and fearing that broken pieces of the bottle would go down his throat, bystanders took the partly filled vessel from him and threw it away. They then took him home.

THE POET PHILOSOPHER

I saw two bruisers in the ring and watched them bing. Two humans much like wild beasts, and largely made of bone, teeth and a large head. They represented all the best of the martial fire, not war, but the fight to win the golden belt, that should alone. I watched the blow, I heard the crash and with blood; I heard them gasp and hear and see whistlers! Is this sport? A hard contest, indeed, produce a sounding strain about a world's peace, but pale and flat. Alas! it will mean the men of olden days, who held the bridge against the Roman host. And Homer had an easy task, but when they who fight are after fame, and not for but where's the hard to twang a bow with a drawn bruisers of the sort that can win a fight for seeds and call it sport?

More Labrador News.

One of the crew of the Solway, who is a fisherman himself and has been many years on the Labrador, says that the fishing on the whole was far below the average up to July 26th on that coast. From Barbeau to Indian Harbor the fishermen had done fairly well. North of Indian Harbor the fishery is poor. Nothing at the White Bears. The places where really good work has been done are George's Island, Grady, Griffin's Harbor and Black Island. From Dominio to Battle Harbor, fishery is poor. The fishermen are hoping to do good work with traps when the fish begins to run out of the bay.

But in advanced years you can keep these organs healthy by using Dr. Chase's Kidney-Liver Pills.
