

# QUESTIONS ANSWERED:

## His Majesty King George:

"I have for many years watched with deep interest your work for the people, especially for the less fortunate citizens of the Empire. I think that work is carried on with great ability and with much self-sacrifice and unselfish zeal. I trust that it will go forward in all parts of the world, and that the blessing of God will continue to rest upon you."

## David Lloyd-George:

"As a great lesson of the War, the State must take a more constant and more intelligent interest in the health and fitness of the people: care of the health of the people is the secret of national efficiency—it is the secret of national recuperation."

Halifax Maternity Hospital (to be operated by the Salvation Army.)

The Site of the new Maternity Hospital will not be the Parade Ground—a careful survey will be made by a committee of representative citizens and the best possible site secured.

The combined care of Married and Unmarried Mothers—follows the best and most modern hospital practice in the biggest institutions on the North American Continent to-day.

Hospital as proposed not an Experiment but a Proved and Tried Success—While a great number of opinions and theories may be advanced by those whose practical knowledge and experience of such matters is necessarily limited, institutions such as is proposed have been in operation and proved successful over a number of years in 35 to 50 large centres all over the United States and Canada—Toronto, Vancouver, London, etc., etc. Others are being established in Halifax (\$200,000), Ottawa, etc., etc. The proposition is no longer a matter of doubt and question, but takes its place as a practical, everyday, successful fact and certainty.

Advisory Board—The advantages of this form of local management are so clear to those who have studied the matter, and work out so well in practice, that no other form of management can be compared with this for the protection it affords to the citizens, and the efficiency with which the need is met and the work continued without interruption over a long period of years.

Vesting of Property in Name of Organization—which has for over half a century proved its ability to do the work and to whom the public, because of its long experience and success, entrusts the funds—is the universal practice in connection with a long list of hospitals, charities and philanthropic institutions.

Municipal or Government Institution or Public Movement by Citizens?—A Municipal or Government institution for this kind of work has so many drawbacks as compared with institutions erected and equipped by the combined efforts of citizens in great united movements and maintained under the auspices of a Board of Citizens of acknowledged responsibility and standing in the community,—free from all political and other entanglements—that the two are never even considered in the same class.

A Capable, Certificated and Experienced Maternity Hospital Matron will be placed at the disposal of the community in connection with the supervision of the institution. Nurses from other hospitals and any young women desiring to train in maternity nursing may attend the training classes in the new Maternity Hospital and will, on graduating, get their certificates as qualified maternity nurses.

The Whole Proposition Fundamentally Sound—Safe, economical, practical based on proved success, and protected by responsible guarantees.

## Support the Maternity Hospital Campaign. \$100,000--Week Dec. 1st to 6th.

Campaign Headquarters, Board of Trade Building.  
Phone "Maternity Hospital Campaign," No. 306.

On Behalf of the Committee:

W. B. GRIEVE, Hon. President.  
M. G. WINTER, Acting Chairman.

C. O'N. CONROY, Secretary.  
F. H. STEER, Treasurer.  
R. G. WINTER, Chairman Ex. Com.

## Attention to Men! Extra Special!

## Suits and Overcoats

If you want clothes of good quality and yet want to save money, then you should see the bargains we are offering. They are all perfect merchandise of usual high quality. But because they are mail order over stocks and samples, because of our low rent and small expense, our prices are almost unbelievably low.

Sizes, Quality, Style,  
Prices to suit  
anybody.

A convincing demonstration of the value-giving power of our clothes, the frost was still in the ground last year when we placed our order for this season's stock, long before shortage of materials made itself felt as keenly as it has since.

Over one thousand garments in stock to select from, ranging from \$11.00 up.

**Saxon & Company,**  
252 Water Street.

Don't say Paper, say The Evening Telegram.

## Boilermakers & Helpers.

PRESENT ADDRESS.  
Yesterday the boilermakers and helpers, at the Reid Mfg. Co. assembled in the company's office when Mr. George MacDonald (President) addressed the men and in a well chosen speech spoke of the object for which they were called together, that of presenting an address to their late foreman, Mr. W. Norris, who has severed his connection with the R. N. Co. Mr. MacDonald then read the address which was as follows:

To our Foreman, Mr. W. Norris:—It is with deep regret that we, the Boilermakers of this Company, hear that you are about to sever your connection with this firm.

Though we congratulate you on your new position we are sorry to lose you, as the friendly relations which existed between us always, greatly endeared you to your fellow workers.

We wish to say that we sincerely hope that in your new position the same friendly feeling will exist between you and your men, and that they will appreciate you as we did.

As a slight token of good fellowship we would ask you to accept this small present, not for its intrinsic value, but to remind you of the happy days in Newfoundland.

We hope success will follow you in your business life, and that you and your family will be happy in your new home.

On behalf of the Boilermakers:  
GEORGE A. MACDONALD,  
EDWARD O'TOOLE,  
HENRY SHAW,  
THOMAS MYRON.

## Curlers Elect Officers.

The annual meeting of the St. John's Curling Association was held last night, a large number of members attending. Mr. F. H. Steer, M.B.E., the President, occupied the chair and presented the annual report which was very encouraging. The rink has been thoroughly repaired and roofed and a new ventilation system installed. The Secretary-Treasurer's report showed that despite the large expenditure the Association's finances are in a healthy condition. Owing to last season being a poor one giving the officers' little opportunity to display their abilities, they were re-elected for the ensuing term, as follows:

President—F. H. Steer, M.B.E.  
1st Vice Pres.—W. J. Higgins, K.C.  
2nd Vice Pres.—W. H. Dyer.  
Secretary Treas.—A. H. Salter.  
Division Captains—H. Donnelly (red), W. A. Ellis (green), F. W. Bradshaw (white), A. E. Hayward (blue).

## Fire! Fire! Fire! Fire!

We are now offering the following goods which were damaged by fire in building. Prices greatly reduced for quick sales. THE C. L. MARCH CO., Limited.

30 only BUREAUS,  
35 only WASH STANDS,  
20 only COUCHES,  
200 MATTRESSES,  
200 BEDSTEADS,  
200 SPRINGS.

Of the above lines of goods Bedsteads and Springs have just arrived, but we are marking them very low for quick sales.

**The C. L. March Co., Ltd.,**  
Corner WATER and SPRINGDALE STREETS.

## Shipping News.

Management—H. E. Cowan, W. E. Joyce, and F. T. Brehm.  
Solicitor—Hon. W. R. Warren, K.C.  
Auditors—J. J. Maher and F. W. Bradshaw.

Matters of interest were generally discussed and new members will be admitted later. On recommendation of the Committee of Management it was decided that in future applicants to membership will have to pay an entrance fee of \$10 besides the annual subscription. The curlers are looking forward to a successful season and an early start of the games.
