Protective Precautions Being Taken--Turks Claim Victory Over Greeks--Irish Situation Improving--Ex-Emperor of Austria Wants Son to Rule.

TURKS SAY GREEKS COMPLETELY DEFEATED.

CONSTANTINOPLE, April 3. The Greeks have been completely defeated by the Turks in a battle at Eskishehr, says a communication issued by headquarters of Mustafa Kemal Pasha, Turkish Nationalist leader. "This is the last war for the preservation of the Empire. Every Turk must enroll or be executed as a traitor." The Allies will refuse the Greeks permission to transport their troops in Thrace to the battlefield in Asia Minor by way of Constantinople or to use the Ismid Railway. The Italians have protested that a Greek patrol has held up the steamer Glacopatra in the Black Sea. The Allies have informed the Greeks that they must not blockade the sea. The Greeks are reinforcing their army, which has three divisions in Moudania, with which to endeavor to overcome the Turks' victory. The entire Greek merchant marine has been mobilized as transports, and it is expected that the Greeks will be able to put an army of two hundred thousand in the field. The size of this army is being viewed with alarm by Serbians and Bulgarians.

HOPE FOR IRELAND.

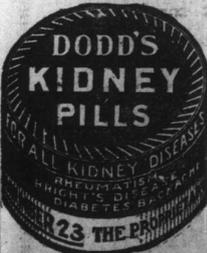

DUBLIN, April 3. Opinion was expressed to-day by competent observers that the Irish situation had undergone a considerable change for the better since St. Patrick's Day. A month ago Dublin seemed the peace prophets, but to-day predictions that there will be a settlement of the controversy in the near future are universal. Lloyd's declined to accept bets offered during the week that peace will be brought about before August.

WILLING TO ARBITRATE IN FAVOR OF SON.

LONDON, April 3. The correspondent at Vienna of the London Times says he has been informed from a trustworthy source that former Emperor Charles is willing to relinquish his claim to the throne in favor of his son, Otto, with Admiral Horthy continuing as regent. The correspondent adds that it is said in Vienna that the Entente might sanction such an arrangement.

PRECAUTIONARY MEASURES.

LONDON, April 3. Six British coal mines have been flooded and some may be permanently wrecked. Several older pits in Lancashire and Rhondda Valley are in immediate danger, and clerks and volunteers are manning the pumps. Scores of appeals reached the Government yesterday asking that sailors

SCHOONER AGROUND.

NEW YORK, April 3. A wireless message received here to-night from the revenue cutter Acushnet, bound from New Bedford for Cape Verde Islands, is aground and leaking badly on the shoals in the lower end of Nantuxet Sound. The schooner's sails were carried away in a gale and in attempting to return to New Bedford she ran aground.

DISORDERS IN LONDONDERRY.

BELFAST, April 3. Serious disorders occurred in Londonderry last night. Constable Higgins was shot and killed by assailants who escaped. Two bombs were thrown at the electric light station and two soldiers were wounded, and in rifle firing, which followed, two civilians

were injured. Great excitement prevails, it is said.

ALLIED LENIENCY.

HUNGARIANS PROTECT KARL.

BUDAPEST, April 3. Resolutions asking the Hungarian Government to defeat attempts by former Emperor Charles to remain in this country, were unanimously adopted by the Chamber of Deputies here last night.

SOME DOUBT STILL.

VIENNA, April 3. Newspapers of the city appear certain that the attempt of former Emperor Charles to re-establish himself as King of Hungary is ended. Reports from Hungary, however, fail to show that matters have reached such final stage.

GREEKS IN RETREAT.

PARIS, April 3. Greek forces, which were driven out of Eski Shehr, Asia Minor, early this week by counter attack, are in full retreat before the Turkish cavalry, says a Constantinople despatch.

CREW RESCUED.

NEW YORK, April 3. The crew of the schooner Lewis G. Howard, which took fire and was abandoned near Sand Key, Fla., yesterday, were taken off by the British steamer Dirigo, en route to Norfolk, according to a naval communication service.

High Priced Sugar Until July 15.

The Food Control Board's statement issued April 1st states that 650 barrels were sold for the previous two weeks and that 4750 barrels remained on hand to be disposed of. At the rate of sale mentioned the stocks remaining will not be disposed of for the next 14 weeks or until the middle of July. In the meantime the public must keep on paying 25 cents per lb. for the article for which our neighbors in Canada are paying 9 1/2 cents. The manufacturers of candy, sweet biscuits and syrups must also suffer, the loss of their business built up after years of struggle, whilst foreign manufacturers reap a harvest from our Governments' stupidity.

Girls' Industrial Home Association.

The above Association held a meeting in the Girls' Parlor of the Seamen's Institute on Saturday afternoon, April 2nd. President, Mrs. E. G. Hunter in the chair. A large gathering of representative interested ladies were present to discuss ways and means of carrying out this work successfully. Minutes of last meeting read and approved. The Executive reported the Home was opened last Tuesday when two girls were installed under a temporary matron. Questions were asked and matters discussed, and the following committees unanimously appointed:—

Finance Committee of 12—Miss Furlong (Convenor), Mrs. J. Baird, Mrs. (Dr.) Jones, Mrs. D. Johnson, Mrs. Byrne, Mrs. (Dr.) Burke, Mrs. McKeen, Mrs. Clouston, Mrs. Percy, Adjt. Sainsbury, Mrs. Penman, Mrs. Wyatt. This committee to hold office for one year.

Home and Industry Committee of 6—Mrs. McCandie (Convenor), Mrs. Thompson, Mrs. Willar, Mrs. Shea, Miss Darby, Miss Cave. This committee to hold office for the first quarter.

It was decided to hold meetings fortnightly for the present, first and third Saturday afternoons in the Girls' Parlor as usual.

As the meeting last Saturday was a pound party, and those who responded so generously to the appeal omitted to put any name on their contribution, the Association takes this opportunity of thanking each donor for their gift.

The Irish Question.

Editor Evening Telegram

Dear Sir.—We have previously referred to the very marked change which has become obvious to those who are following the trend of English public opinion toward Ireland. A few months ago the bulk of the British people was definitely hostile. Now there is evidence that it is friendly. The majority of Englishmen condemn the Cromwellian methods of the Government, and the number of its upholders is dwindling day by day. This hopeful and beneficial development is unquestionably due to the campaign of enlightenment which has been carried on since the past autumn. Many eminent Englishmen and Englishwomen of known character and veracity have visited Ireland for themselves and conducted their own inquiries, determined to sift the assertions of both Sinn Fein and Dublin Castle and to present to the English public in whose name Ireland is being governed a full and unbiased report of the facts in the case. We have given many of their statements from time to time. So far as this Committee has ascertained, they have been unanimous in their condemnation of the Greenwood regime and in apportioning to the Castle the major share of the blame for the present anarchy. They have only varied in the strength of their condemnation.

In addition to this pitiless exposure of the Government's methods in the Independent Press, published over signatures which no one could venture to ignore, the truth about Ireland has been further ventilated by a series of public meetings organized all over Great Britain by the Peace With Ireland Council and the All-Britain Ireland Movement of the Labour Party. No lack of eminent speakers has been experienced, but the standing of the speakers is insufficient to account for the keen interest displayed by the public, who have flocked to the meetings in thousands and applauded the condemnation of Greenwoodism with the greatest enthusiasm. In order that your readers may have some idea of the kind of men who are conducting this campaign and of the uncompromising line they are taking, we shall be glad if you will publish the following speech, which was delivered by Lord Buckmaster, a former Lord Chancellor of England, at a meeting held in February at Golders Green, London, N.W.

"A crowded audience at a Peace with Ireland meeting, held in Golders Green, Hippodrome, was profoundly moved by the recital of the details of recent happenings in Ireland. Lord Buckmaster, ex-Lord Chancellor of England, who presided, moved a resolution which condemned the action of the Executive in Ireland, and called upon the Government to take immediate steps to establish peace in Ireland through the Irish people.

"In opening the proceedings, Lord Buckmaster described the condition of affairs at present prevailing in Ireland as a disaster and disgrace to the English name, and one which threatens to corrode and rot the very foundations of the British Empire.

"The Government, he went on, appeared to have thought that the disturbances in Ireland were caused by a handful of misguided, desperate and unprincipled men, and that if they could disperse or destroy these men they would end the whole trouble. A more foolish or short-sighted view was never taken by responsible politicians on a grave and difficult problem.

"Dealing with the promises held out to Irishmen at the beginning of the war, and President Wilson's declarations as to the rights of small nationalities, he said that now, while Belgium, Poland and Jugoslavia were recognized as independent nations, Ireland alone was held by England as conquered territory.

"Murder was murder, by whoever committed, and it was no less murder because it was committed at the instance of the Government.

"Robbery, arson and murder, he said, were being committed by representatives of the British Government, yet there was no knowledge that punishment had followed upon the commission of these crimes. He was not anxious to turn hatred upon the instruments of these wrongs. The people responsible were the Government. He referred to the issue of the 'Weekly Summary,' published at the public expense, and which was circulated to
