—all grades—contain a bigger percentage of pure wool than any other make at an equal price. They are unquestionably the best values obtainable to-day. See them at your Dealer's.

Poultry Ass'n Meets.

PREPARING FOR ANNUAL EXHIBIT
General matters in connection with the annual exhibition were discussed at last night's meeting of the Poultry Association which was under the chairmanship of Vice President Calver.
The meeting decided upon various matters such as cups, prizes, and other details, and finalized the conditions in reference to the Florida's Exhibit, which will be on a larger scale this year. It is proposed to have several classes: (1) a table of flowering or foliage plants from each competitor, (2) a table of cut chrysanthemums, (3) bouquet of flowers, (4) vase of cut flowers, (5) flowering plant, (6) foliage plant, (7) best collection of vegetables grown by exhibitor—space on a table of 3 1/2 x 3 feet to be provided for same. A silver cup will be awarded to the exhibitor winning the highest number of points on flowers and vegetables—first prize being a blue ribbon counting as three points, second a red ribbon as one point. Arrangements are being made to have the flowers in the G.L.B. gymnasium and the vegetables on the main floor.

A model poultry house with a pen of pure bred fowl will be a feature of the show, feed and hoppers included and all will be sold at the show. The Newfoundland Poultry Association are working hard to have another successful exhibition on November 30th, December 1st and 2nd.

Here and There.

FALL SESSION.—The Fall session of the Supreme Court opens on Oct. 1st, when the Grand Jury meets to consider a number of indictments on various charges.

Normal School Opens.

The opening of the new Normal School for teachers took place this morning in the Synod Hall, in a room of which, the school will be temporarily located. Present on the platform were the Deputy Minister of Education, Dr. V. P. Burke, Drs. Blackall and Curtis, respectively C. of E. and Methodist Superintendents of Education, Mrs. A. Frazer, and the principal, Mr. S. P. Whiteway. Eight pupils only were present, but there will be over twenty before the end of the week. Dr. Burke, in a most inspiring address, officially opened the school. Addresses were also made by Drs. Blackall and Curtis, and Mr. Whiteway, the last named reviewing the history of Normal Schools from their origin. The singing of the National Anthem brought the opening exercises to a close. Now that the Normal School, which has been such a great necessity in the proper training of new teachers, has been inaugurated, it is to be hoped that it will meet with the support it deserves, and that before very long a building devoted solely to the school will be furnished.

Shipping Notes.

S.S. Manos is scheduled to leave here for Montreal on Oct. 1st.
S.S. Canadian Sapper sailed from Montreal on Saturday evening for this port via Charlottetown.
Barq. Clutha which has been lying up at Crosbie and Company's premises during the past ten months begins loading for Brazil during the week.
Barq. Gaspe spoke the Inspiration on Sunday last near Cape Race. The Inspiration is now 19 days out from New York to this port.
S.S. Coban, 2 1/2 days from Sydney, arrived in port yesterday afternoon.

Shoving the Queer.

Spurious five cent pieces have made their appearance in the city, says the Sydney Record of Sept. 15. A specimen of the counterfeit piece was handed in to The Record on Wednesday and it proved to be remarkably similar to the genuine coin. The only difference is that the counterfeit is slightly larger and much lighter than the genuine coin. The lettering and design are larger than those on the genuine piece, in proportion to its size. The coin is also thinner than the silver coin and does not give off a metallic ring when dropped, having evidently been made of some alloy. On the whole, however, it bears a remarkable resemblance to the genuine, and its bogus character cannot be detected without close scrutiny. It is hard to conceive that there are many in circulation for it would take thousands to make the passing of the coins, by counterfeiters, a paying proposition and worth the risk of detection.
(Chances are that this spurious bit of coin will be making its appearance in Newfoundland soon. Dealers should therefore keep careful lookout for them.—Telegram.)

B.I.S.—There will be a meeting of the Ladies' Auxiliary in the Club Rooms on Wednesday, Sept. 21st, at 8.15 p.m. ELIZABETH H. PEDIGREW, Secretary.—sept20,21

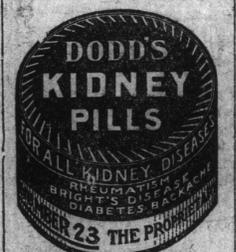

Gives Exhibition.

BULL RUNS AMUCK.
A butcher's assistant gave an excellent representation of a matador in a bull ring on Duckworth Street yesterday afternoon, when he was compelled to match his wits with that of a huge bovine which he was leading to the slaughter. The animal evidently knew where he was going and violently protested. He ran around in a circle, occasionally halting and cleverly sidestepping the would-be matador. After several minutes of this, however, the bull, which was evidently out of condition, allowed itself to be led off by the horns.

Old Country Athletics Are Coming.

FOUR ST. JOHN'S RUNNERS WILL BE IN WANDEBERR'S SPORTS AND BELL WILL START IN HERALD RACE.

Fred Phelan, Tom Butler and Harvey Skirving, in charge of Manager Mrs. Goodland, left St. John's, Newfoundland, yesterday, for Halifax, to compete in the Wanderers' sports Saturday. John Bell, St. John's marathon runner, is expected in Halifax early this morning with A. E. Thomas, who is representing the Newfoundland Athletic Association. The Newfoundland athletes were given a big send off and their supporters expect them to make a good showing against the best Maritime athletes who will start in the Wanderers' sports.

Phelan and Butler will compete in the sprints and Skirving will run in the one and five mile events. Bell will start in the five mile run and will remain in Halifax for the Herald Marathon.

The St. John's athletes are all travelling the overland route, as Bell was ill from the effects of the ocean trip last year and could not do his best in the Herald race. Elaborate preparations are being made in Halifax to receive the athletes from the Old Colony, as Newfoundland sports are hard to beat when it comes to hospitality.

The Newfoundlanders will be up against the best runners in the east, as already the stars of every worth while town and city in the Maritimes have entered for next Saturday's events, and the marathons will be usual in the Herald race, the classic of the east. President George W. B. Ayre, of the Newfoundland Athletic Association, wired the Herald sports editor that the Nfld. runners would wear black and white colors.—Halifax Herald, Sept. 17.

Bell's Entry Scaring Our Canadian Cousins.

We have been privileged to quote the following account from a letter received by a former resident of Halifax but now engaged in business in St. John's:—
"I note some of the St. John's athletes purpose entering our sports on next Saturday. You can be assured we will look out for them as some of the members of the club have very pleasant memories of their hockey trip, and the many kindnesses received at the hands of Tobin, Cheesman, the Herders, and Billy Higgins. We are going to have fast stuff in our entries though, as those who competed in the A.A.A. sports at St. John a few days ago will be talking part. They come from all parts of the Province, Charlottetown, Pictou, Sussex, Stellarton, Truro, and the Sydneys, and are full of pep and out for blood. St. John's will therefore have to produce very classy stuff. In the A.A.A. Championship the 100 yards was clipped off in 10.4-5; the 200 yards in 25 seconds; the half mile in 2.3-5; and the mile by Grant Holmes of Halifax in 4.54. Bell's entry is putting the wind up in some of the lads. In the 5 mile at St. John poor old Ally Rodgers (who won the Road Race last year) had to be satisfied with a good second place to Norval Lambert of the St. John Y.M.C.A. However the old Ally is still perched in the 10 mile Road Race. As requested I will look out for those whom you mention in your letter and will see that they are steered straight. I am sorry you are not sending up a walker, as from your recent letter I take it that you have some good ones down there. Cooper of our club won the A.A.A. 2 mile in 18 mins. 47.3-5 secs, which was good going over a poor track."
The National Sport Committee held a meeting on Saturday to consider way and means as regards the financing of A.A.A. runners now at Halifax. It will be remembered that the object of the formation of the Committee was primarily to procure funds wherewith to send Jack Bell to Halifax to compete in the Halifax Road Race. The Sports' Meet netted roughly about seven hundred dollars, five hundred of which will be absorbed by Bell and his trainer. Subsequently it was felt that it funds warranted it would be desirable to give our sprinters and miler a chance, and the Committee felt confident that if Skirving, Butler, and Phelan were sent that the public would be behind the project. The total expenses of the six Newfoundlanders now in Halifax will run into twelve or thirteen hundred dollars, and for the purpose of acquiring the outstanding five hundred dollars permission was secured from the Justice Department to inaugurate a sweepstake on the winning time of the Road Race, \$500 being awarded the lucky holder of the ticket, with a consolation prize of \$200 on either side. A whirlwind campaign is being instituted, and those of our citizens who love clean sport are asked to kindly cooperate in the sale. The price of the tickets is one dollar each.

Don't miss it! "The Enchanted Garden" in the Casino Theatre, Friday night, Sept. 30th, at 8.30, and Saturday Matinee, Oct. 1st, at 2 p.m.—sept20,21

MINARD'S LINEN LUMBER, HAT'S FRIEND.

New Dress Fabrics

We are showing an intensely interesting display of New Dress Materials suitable for Fall Wear.

Exquisite richness of coloring, beauty of design and variety of patterns characterize the collection as one of the finest we have ever imported.

New Weaves
New Colorings
New Prices

All Dress Materials are marked at prices 30 per cent. lower than those prevailing last fall.

LARGE ASSORTMENTS OF

Husband Retires and Allows Wife to be Candidate.

New York.—Chivairy has not died in Yonkers, even with the advent of the woman politician. Witness the pretty domestic drama in which Mr. and Mrs. Franklin K. Woodruff found themselves rival candidates for the position of delegate to the Republican State Convention, and whose happy ending came when Mr. Woodruff gallantly withdrew, leaving the field to his wife.

Young and blonde and blue-muslined, with a picture of her little girl on the desk before her, Mrs. Woodruff laughed her way through an account of her political adventures.

"My husband and I will joke about all this when it over," she confessed, "but just now we don't mention it at home."
"I have been working all summer for James J. Lynch for mayor and I had already been named, as the candidate for delegate to the state convention, when one night my husband came home and said the Wisconsin faction had named him as delegate on their ticket. My candidacy was still a secret and I could not tell him about it, but I advised him not to accept the nomination. Of course, he didn't pay any attention to my advice, but went ahead and accepted the nomination. The next day my candidacy was announced."

"We soon discovered that we could not both run, so I told him he ought to resign, inasmuch as I had been named first and had a record of two years' hard work for the Republican party, while this was his first political work. He said I ought to resign."

"After a few days, however, he gave in, and that was all there was to it."
Mrs. Woodruff was vice-chairman of the committee which elected the present Mayor, William F. Wallin, two years ago, and is allied with the forces of William L. Ward, Republican county chairman. The Wisconsin faction, with which the husband is in sympathy, is fighting Ward for control of the city organization.

Mr. R. H. Anderson of the Bank of Nova Scotia's head office, is here on a tour of inspection.
