

## Can You Picture this Happy Baby?

When Woodward's Grape Water enters the home baby's tears of pain are turned to smiles of comfort and content. Read this pleasing letter from Mrs. Facer, 41, Ben Jonson Road, London, E.L.: "Enclosed is a photograph of baby, who has taken Woodward's Grape Water since she was two weeks old and who always laughs when we shake the bottle before giving her a dose. Baby has two teeth—cut them at 5 months, and was not cross at all. She sleeps all the night through after her dose of Grape Water. I cannot speak highly enough of your Grape Water."

Woodward's Grape Water is a perfect remedy for babies' stomach troubles and teething pains, and is equally good in larger doses for most internal disorders of older children and adults. It is free from opiates and all enjoy its pleasant flavour.

**Bolsheviks Show Touching Concern for Chinese Strikers -- Baron Byng will Not Retain Governor Generalship-- Mexico Receives Sharp Reprimand From U.S.A.**

**BOLSHEVIKS SHOW CONCERN FOR CHINESE STRIKERS.**  
MOSCOW, June 12. The Central Council of the Trade Unions of Soviet Russia has telegraphed 50,000 rubles to Peking to assist the striking Chinese and families of those killed in the rioting.

**CHINESE FIRE ON FOREIGN SHIPS.**  
CANTON, June 12. Foreign steamers were fired upon today as they moved within the fighting lines established by the rival military leaders who continued battling for Canton, which is now held by the defending Yunnanese Army. The Chinese steamer on the steamer wagon was wounded severely to-day when struck while aboard the craft. While gunfire continued from both sides to-day after a continuous night of shooting, neither army gained ground.

**MEXICO TOLD TO MEND HER WAYS.**  
WASHINGTON, June 12. That the United States Government is beginning to lose patience with Mexico, was indicated in a statement issued to-day by Secretary of State Kellogg. Mexico, he declared, must protect the lives and rights of U.S. citizens and comply with international obligations, if it is to retain the support of the United States Government.

**STRIKE TROOP UNDER ORDERS.**  
TORONTO, June 12. Officers and men of the Royal Canadian Dragoons now in camp at Niagara on the Lake, are under orders to be in readiness to proceed by special train to Glace Bay, N.S., where striking miners are rioting and a special C.N.R. train has been prepared for use the moment the Government authorities give the word.

**STORES LOOTED AND PLANT WRECKED.**  
SYDNEY, June 12. Quiet was reported throughout the colliery district this evening, and the five hundred soldiers and police who arrived at noon from Halifax took up their quarters for the present in the plant of the Steel Company here. At New Waterford, where the thirteen week old strike of the United Mine Workers of America against the wage rates of the British Empire Steel Corporation, culminated yesterday in a bloody clash in which one miner was killed and two seriously wounded, all was quiet. The power plant, which the corporation police won by a surprise attack yesterday morning and lost in a counter-attack yesterday afternoon, when their forces were completely routed by the miners, presented a deserted aspect to-night. There were no pickets and no company officials; they were not necessary this evening because the power plant was a complete wreck and beyond all usefulness for weeks to come. Looting of the company stores and property had ceased early this morning and the affairs of the colliery towns were pursuing their usual orderly course. It was estimated by the company that the looting of the company's property during the night had resulted in a loss of from \$75,000 to \$100,000. The power plant had been wrecked inside and out, valuable electrical appliances and instruments had been torn from their emplacements and battered as though by sledge hammers, the windows were smashed, and two boilers were believed to have been burned beyond all usefulness through fires having been placed under them while they were empty of water. Two very essential and valuable pieces of electrical machinery will have to be ordered from an English firm which made the original. Weeks must elapse, the authorities stated, before the plant can be again operated. When the troop train arrived this morning, it bore signs of having passed through difficulties. Windows were smashed and the cars scored by the stoning they received when passing through the northern colliery towns.

**TO GRANT SWEEPING AMNESTY.**  
ROME, June 12. The newspaper *Sereno* declares to-day the Italian Government has decided to grant a sweeping amnesty on July 29, and that Alfredo Recco, Minister of Justice, is now working out the details of the plan.

**BELGIAN GOVERNMENT HERE AND GONE.**  
BRUSSELS, June 12. Viscount Poulet, who yesterday formed a new Belgian Cabinet, was defeated in the Senate to-day, and informed the King he was unable to establish a Government.

**SIR WILLIAM PETERSON DIES SUDDENLY.**

OTTAWA, June 12. Sir William Peterson, Chairman of Peterson and Co. Ltd., London, who has been appearing before the Canadian Government several weeks lately in connection with the proposed Canadian subsidy to the Peterson Steamship Line, collapsed suddenly in his apartment at a local hotel to-day and died a few minutes later of heart trouble. Sir William had been active in the operations against the alleged North Atlantic Steamship Combine. Prime Minister W. L. King, of Canada, leaving Sir William's room when all efforts to restore life had failed, remarked that Sir William had given his life for the freedom of the seas. He was born May 29, 1886, and educated at Roskilde, Denmark; also educated at Copenhagen. He was founder and director of the London-American Maritime Trading Company, Ltd., and director of several other shipping companies. He founded the Royal and Uranium passenger lines to Canada and the United States. He was the author of two books, "The Alien In Our Midst," and "The Kiel Canal Problem."

**AFRICAN PRINCE SHORT OF CASH.**

The Prince, who recently received the home of his hostess, Mrs. Irene Knowlton. He lacked a bondsman to obtain his freedom pending the settling of the matter. The Prince, through his temporary Secretary of State, explained he had just overdrawn his bank account. The cheque was for \$350 and was given to a lingerie shop where the Prince recently made a purchase for a woman companion.

## Helping Boy Scouts

Excellent results are expected from the campaign inaugurated by the Melbourn Rotary Club to collect £10,000 to endow headquarters for the Boy Scouts' Association. The campaign will extend over a fortnight. It was begun on the afternoon of April 25, when a carnival was opened at Luna Park. St. Kilda. The opening ceremony was preceded by a march of Boy Scouts from St. Kilda railway station to Luna Park. The programme included the Victorian Amateur Athletic Association's relay race, which was won by a team representing the Victorian Amateur Walkers' Club, and the preliminary rounds of the Boy Scout boxing championship for the silver cup presented by Arthur Goggs and Company. All of the amusement facilities of Luna Park were in full use, and large numbers of people attended. The carnival will be continued during the week. On Sunday, April 26, references to the Boy Scout movement were made in many of the churches in the city and the suburbs, and the importance of the training of boys in manliness and good citizenship was emphasised. Many other events have been arranged to assist the campaign. On May 2 a carnival will be opened at the Melbourne Motorrome. Before the carnival is opened Boy Scouts will march through the city streets, and on arrival at the Motorrome a display will be given by wolf cubs. Several metropolitan bands will cooperate, and will play massed band items. A pushball match will be

played between members of the Royal Australian Air Force and the Metropolitan Fire Brigade. On May 7 an athletic display will be conducted by the Victorian Amateur Athletic Association at the Stadium, and on May 12 a fancy dress football match between teams representing the stage and the turf will be held at the Melbourne Cricket-ground. Other functions have been arranged in country centres. (Australasian, May 2.)

## St. Bon's "Adelphian"

We cannot recall the publication of any College magazine that can compare with the latest issue of the "Adelphian," with a copy of which we have just been favoured. In make-up it is far beyond what we should expect to find in this class of publication, and is a very distinct advance upon any previous attempt. In all there are one hundred and four pages, the paper being of a very superior quality. The cover is beautifully designed and exhibits very effectively the College colours—Gold and Blue. There are several full-page illustrations, including the victorious track team of 1922-23, the inter-collegiate hockey champions, the College trophies, and the cast which produced the "Double Triumph." Many articles of real literary merit are found in its pages, all of which have direct bearing upon some phase of the work of the College. The various sports of both College and present pupils are interestingly contributed, while the "College Diary" is a record abounding in interest to the many who love to look back upon student days passed within the College walls. Other attractive features are, an illustrated article entitled "Twenty-five years of progress at Mount Cashel," a picture of Rev. Bro. J. B. Ryan and a reference to the work accomplished by him, "Personal Pans and Past Pupils," the New Palace, the complete College Roll, and a detailed account of the annual sports which took place only last Wednesday, etc., etc.

Two very valuable records are published for the first time. One is a list containing the names of the seventy-four ex-students who entered the ranks of the priesthood. The other is a tabulated record of the results of the inter-collegiate championships since their inception in 1899. The entire volume is, in the first place, a credit to St. Bonaventure's College and a production of which the students, both past and present, may feel justly proud. In the next place the printers, Messrs. Robinson & Co., are to be congratulated upon the high standard of workmanship, which is evident on every page and which shows what can be accomplished by our local press. The distribution is in the hands of Messrs. Garrett Byrne, Water St., where copies may be had for the very nominal cost of twenty-five cents each.

## Canadian Failures in May

The Canadian insolvency statement for May shows an increase both in number and liabilities of commercial failures over the total for the same month of 1924, but a decrease as to number in comparison with May of both preceding years. Thus, last month's defaults in Canada, according to the returns to R. G. Dunn & Co., numbered 196 and had an indebtedness of \$6,835,029, whereas the number for May, 1924, was 192 and the amount involved \$3,524,146.

The unusual amount of defaulted indebtedness reported for May this year, is due mainly to an exceptionally heavy manufacturing default which occurred last month; otherwise the statement makes a very satisfactory showing.

The Canadian insolvency statistics for May are compared herewith for a series of years:

May	Number	Liabilities
1925	196	\$6,835,029
1924	162	\$3,524,146
1923	262	\$4,622,960
1922	308	\$4,070,794
1921	137	\$3,551,437
