YOUNG IONA GIRL WAS
STRUCK AT CROSSING

Miss Ruth Ross Stepped From Behind Car in Front of Another.

St. Thomas, March 5.—Miss Ruth Ross, of Iona, was knocked down and severely shaken up late this afternoon when struck by a Michigan Central freight train in charge of Engineer John Allen and Fireman George Gray. Miss Ross was attempting to cross the tracks when she stepped from in front of one freight directly in front of another. Although badly bruised and shaken up, no bones were broken, and she will be around again in a short time.

FUNERAL SERVICE HELD
FOR SUBMARINE VICTIMS

[Canadian Press.]
Plymouth, March 5.—With impressive ceremony a funeral service was read today for the eleven men who perished with the lost submarine "A-7," hope of recovering which had been abandoned by the admiralty.

While the burial rites of the Anglican Church were read aboard the cruiser Forth, standing by over the spot in Plymouth Sound, where the "A-7" is supposed to be buried in the sand, a duplicate service was read in the royal navy barracks at Kaysam.

Thirteen submarines, most of them of the "A" class, stood by the Forth while the funeral service was taking place. Their crews stood with bared heads on the decks. Nearby was the royal navy yacht "Machantress," bearing Vice-Admiral J. R. Jellicoe, representing the admiralty.

One thousand officers of the navy and army attended the land services. At the close the Forth fired three broadsides in salute of the dead and the buglers sounded the "last post."

[Canadian Press.]
St. Catharines, Ont., March 5.—The delegates to the recent conference in Guelph of representatives of municipalities interested in the proposed hydro-radial, last night presented a favorable report for action of the St. Catharines board of trade and recommended that a convention along this line be held in St. Catharines at an early date. This was adopted and the board of trade will immediately arrange for a conference of the councillors and board of trade members of Lincoln, Welland and that section of Wentworth east of Hamilton.

While looking forward to health and long life it is possible that you are unaware of the conditions necessary to attain healthful old age. Careful eating, and consequent preservation of the health and vitality of the digestive and excretory organs, is of the greatest importance.

Overeating is the usual cause of torpid, sluggish liver action, and when the liver fails additional work is thrown on the kidneys and they break down. Kidney disorders are the great source of suffering in old age. Rheumatism, bodily pains, aching arms and legs, backache and lumbago are the result.

By the use of Dr. Chase's Kidney-Liver Pills to regulate the liver, kidneys and bowels, as occasion requires, you not only overcome the suffering, inconvenience and unpleasantness of attacks of biliousness, indigestion and constipation, but you actually prolong life by keeping these organs in good, healthful condition. The medicine is a wonderful source of comfort for people in old age.

FARMERS GAINED MILLIONS

Result of the Work of Canadian Seed Growers' Association.

[Canadian Press.]
Ottawa, March 5.—Canadian farmers have benefited in the last three or four years to the extent of three millions of dollars as a result of the work of the Canadian Seed Growers' Association, according to the statement made tonight by President J. W. Robertson, at the convention of that organization in the railway committee room of the House of Commons.

"That extra amount gained," he said, "means better homes, better schools and better conditions generally in the rural districts without robbing a man, woman or child. It means a richer and happier life on the farms of Canada and that's what makes a nation great."

The convention continues tomorrow.

WANT TO SELL ARMORIES

Council Will Probably Purchase It for a School.

[Special to The Advertiser.]
St. Thomas, March 5.—Mayor Johnson and City Solicitor W. B. Doherty leave this week for Ottawa, where they will interview the Hon. Col. Sam Hughes in reference to the disposal of the old armory on Wilson avenue, and the site for the new one. It is almost a certainty the city will purchase the old armory for a new school, as this section of the town has grown rapidly and is without a school.
