Parliament to compel the Canadian Pacific railway to build a line of railway from Harvey to Moncton resulted in failure. They objected to the C.P.R. bill unless a clause was added providing for the construction of this line, but as the line would cost about \$4,000,000 and the run to Halifax would be shortened by twenty minutes, the railway committee couldn't see the force of the argucommittee couldn't see the force of the argu-

Most people who read and hear so much about Ward McAllister will be surprised to learn that the leader and arbiter of aristocratic New York has attained the giddy age of sixty years, and that he looks like a cross between a cavalier and a "Dago." Although Mac's arrangements for the forthcoming Centennial ball do not meet with the approval of all his secciates, still his ascendancy over "society's melect four hundred" has been of so long ing his feelings and asking him to step aside in favor of others. Verily we all have our little troubles.

The members of the swell Manhattan Club, New York, are agitated to the tips of their blue-blooded fingers over a scandal in the re-cent election of Club governors. Some mem-ber assumed the role of "Jim the Penman" and stuffed the ballot box with one hundred forged voting papers. Four members are nnection with the fraud, and an investigation will be forced to the bitter and. Such wholesale rascality in high places must make the ward heeler green with envy.

Aristocratic society has sustained another severe shock. The Duko of Sutherland has climaxed his outrageous intimacy with Mrs. Blair by making her his wife within four months after the death of the former beautiful and gentle Duchess, who was a close and highly esteemed friend of Queen Victoria. The couple were married at a little town in Florida early this month. The new Duchess s described as abundant as to quantity, but decidedly of coarse texture; a tall, fleshy, black-haired woman, in whom one looks in vain for the attractions that would drive a man mad and make him forsake home, wife and country for her sake.

The New Brunswick Legislature has a Government bill before it which will not only give every resident of the Province twenty-one years or over a vote, but wi!! Abolish the property qualification of candidates for member ship of the lower branch of the Legislature. The candidate will be required to place on deposit \$100, and this will be refunded to him if he gete half as many votes as the lowest successful candidate.

Court o Revision Lunches.

The Court of Revision met yesterday after noon and settled the usual batch of local improvement assessments. Before adjournment Ald. Carlyle (St. And.) moved that the Court ask for a grant of \$100 from the City Council to provide the usual lunches for the members when in annual session. Chairman Fleming opposed the motion strongly, alleging that the custom was a kross fraud on the people, and he for one would never consent to it. When the aldermen took the oath as members of the court it was not to get free lunches but to work for honor and the good of the city. Ald. the aldermen took the oath as members of the court it was not to get free lunches but to work for honor and the good of the city. Ald. Carlyle waxed wrathy at the slur cast upon the old time courts, but the matter was finally allowed to stand over until next meating.

The Gold Points and La Intimidads are beyond all comparison the best 5c and 10c cigars on the market. No retailer's stock is complete without them. The trade and jobbers only supplied wholesale at Spilling Bros., 115 Jarvis-street. allowed to stand over until next meeting.

Dr. Stephen Smith, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Torra Cotta Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that noise can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

A recent test at the St. Lawrence Foundry. Toronto, shows that our 9 inch flat arch blocks, in a span of four feet, sustained, without any indication of weakness, 4545 lbs. of metal on one squara foot of surface.

Architects are recognizing the value of this material, our latest endorsers being: R. A. Waite, Esq., of Buffalo, N. Y.; Messra, Brown & Love, Toronto; John J. Brown, Esq., Montreal, and Messra, Knox & Elliott, Toronto.

Our latest orders are from the Bank of Commerce (now building). Toronto, the Royal Insurance Co., rebuilding Head Office, Montreal, the Imperial Fire Insurance Co., new offices at Montreal.

Carrespondence solicited.
