DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Ex-perience with Lydia E. Pink-ham's Vegetable Compound

Provost, Alberta. — "Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and would suffer. awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testi-monials of Lydia E. Pinkham's Vegeta-ble Compound in the papers and a friend recommended me to take it. After tak-ing three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recom-mend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."-- Mrs. A. A. ADAMS, Box 54, Provost, Alberta;

Pains in Left Side

Pains in Left Side Lachine, Quebec.—"I took Lydia E-Pinkham's Vegetable Compound be-cause I suffered with pains in my left side and back and with weakness and other troubles women is often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends recommend the medicines to my friends and 1 am willing for you to use my let-ter as a testimonial." - Mrs. M. W. Rosz, 580 Notre Dame St., Lachine, Quebec.

THE ORCHARD AND GARDEN IN NOVEMBER

1 to do to do an a do to to to

By November the apples will all have been picked in most places in ment. Members all present. Minutes of former meeting read and on mo-The trees are now dormant for winter. Before leaving the orchard it is important to see that the young trees especially, are protected from the depredations of mice, and, if possible from rabbits. Protection is given either by wrapping the trees with building paper or encircling them with a wire mesh, and partial protection, later, by tramping the snow

about the trunks. While pruning in November is not ecommended as the most economical or best time, it can be done then without any serious harm if one is not able to do it in the early spring. The removal of all broken or dead limbs or any rubbish from the orch-

ard before winter is desirable. The vegetable garden should be cleared of all old tops or unused vegetables, which might carry over insects or disease, and, if it is most convenient to apply a heavy coat of rotted manure now, it should be done with the object of digging or plowing it under as soon as the ground is fit to work in the spring.

In the flower garden, roses will, in most places, need some protection. Covering the plants with earth just before winter sets in is one of the most satisfactory practices giving a broad base to the mound of soil, so that the roots will have some additional protection. A few evergreen boughs thrown over the mound of will help hold the snow and give further protection. Climbing roses are best protected by covering with a box, which is filled with dry leaves and given a water-proof cover.

A little care taken in November will often save many valuable trees and smaller plants, and ensure better results in the following year.

sary services in Courtright on Sunday. WHY RHEUMATISM OFTEN COMES BACK The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. Then when the system becomes rundown from any cause the disease again gets the upper hand and it all

has to be done over. Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine .90 it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels the bowels, kidneys and the skin. When this is done rheumatism is bauished, and as long as the blood is kept pure and rich the patient will be immune from attack. This is fully prov-ed by the case of E. E. Davis, J.P., of Dinamore, Sask., who says :--- "I feel it my duty to sufferers from rheumatism to recommend Dr. Williams' Pink Pillo. Some years ago I was a great sufferer from this trouble and was confined to my room. I tried two doctors without relief and had be

come despondent. Then I saw Dr. Williams' Pink Pills recommended for this trouble and got six boxes. Before they were all gone I was able to get around on crutches, and when I was on the eleventh box I started to work. have not missed a day's work since on account of rheumatism. On two occasions since I have had light touches of the trouble, but a box of the pills soon put me right. I strong-ly recommend rheumatic sufferers to give Dr. Williams' Pink Pills a fair trial."

You can get these pills from any medicine dealer or by mail at 50 cent a box from The Dr. Williams' Medicine Co., Brockville, Ont.

id Mrs. Chas. King and family on Friday evening, when friends and neighbors gathered at their home on the London road, and presented them with a library table prior to their departure for their new home in Sarnia. A suitable address was read and the evening was spent in dancing and cards. A delicious lunch was served by the ladies.

Miss A. Grace Minielly spent Thanksgiving Day at the home of her parents, Mr. and Mrs. A. G. Minielly. Miss Donna Clements, Sarnia, is visiting at the home of her grandfather, Mr. John McDougall.

A conference of the Young People's Societies of Group 2, Sarnia Presbytery, was held in South Plymp ton church on Friday evening, Nov 7th. Addresses were given by Rev. J.J. Monds of Petrolia, and Miss E. Rev. Crone of Mandaumin, followed by interesting discussions. The presi-dent, Mr. Barrett Forbes, presided, and lunch was served after the program.

Mrs. Susie McKinlay, Weston, is visiting with her cousin, Miss Margaret Williamson.

Mr. P. J. McEwen is attending the Winter Fair at Guelph
