

NON-OFFICIAL PART.

Conservatism vs. The Rage for Novelties.

The Seed Annual for 1890, issued by D. M. Ferry & Co., of Detroit, Michigan, has reached our table. Its cover this year is especially artistic and attractive, and its contents as usual, interesting and instructive. Ferry's seeds are thoroughly reliable, and always come true. The directions given in the Annual for the cultivation of both flowers and vegetables are so full and explicit that no one can fail of success who uses their seeds and follows the instructions.

D. M. Ferry & Co. are very conservative, both in offering new sorts and in their claims for them when offered, but they take pains to inform themselves as to the true character of all new varieties, so if some much lauded novelties are not found in the Annual, the probability is they have tested them and found them of no value.

A request sent to the firm at Detroit, Michigan will bring you a copy of the Seed Annual for 1890 by return mail.

Sleepless Worry.

Is often occasioned by a harassing, tickling cough which might easily be cured if the right remedy—Hayyard's Pectoral Balsam was made use of. Its soothing, healing and expectorant qualities make it wonderfully useful in every family for coughs and colds.

A letter from Dr. Hans Von Bulow.

The Knabe Pianos which I did not know before, have been chosen for my present concert tour in the United States by my impressario and accepted by me on the recommendation of my friend, Bechstein, acquainted with their merits. Had I known these pianos as now I do, I would have chosen them by myself, as their sound and touch are more sympathetic to my ears and hands than all others of the country.

DR. HANS. VON BULOW.

New York, April, 6, 1889.
To Messrs. Wm Knabe & Co.

Fancy butter commands best prices.

Fancy butter is all the rage now. And it is a good thing for the wise butter maker that this is so, as it enables him to get from five to twenty cents more per pound by taking a little extra pains to see that his butter is especially attractive. The consumer is apt to lay undue stress upon the size of the establishment, the breed of cows, the trade-mark, and undervalue the methods of dairying. Of course these things help, but fancy butter and high prices are not due to them.

Nothing is of so much importance in getting and retaining customers, and obtaining an extra price for the butter, as uniformity of color. This is one of the reasons why nearly all of the fancy dairies and creameries use Wells, Richardson & Co's Improved Butter Color. In this way they always obtain the same rich golden shade, in season and out of season. And as everybody knows that the better butter looks, the better it tastes, these fancy butter makers get not only reputation for the color of their butter, but also for its superior flavor.

Wells, Richardson & Co's Improved Butter Color is superior to any coloring. It is made by special processes, and is perfectly pure. It never gives taste or smell to the butter, and no one can tell the difference between June butter and butter to which a few drops of this color have been added. Use it, and prove for yourself its great value.

For Frost Bites.

There is no better remedy for frost bites, chilblains, and similar troubles than Hayyard's Yellow Oil. It also cures rheumatism, lumbago, sore throat, deafness, and lameness and pain generally. Yellow Oil is used internally and externally.

CONSUMPTION CURED.

An old physician, retired from practice, had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and a Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints. Having tested its wonderful curative powers in thousands of cases, and desiring to relieve human suffering, I will send free of charge to all who wish it, this recipe in German, French or English, with full directions for preparing and using. Sent by mail, by addressing, with stamp, naming this paper, W. A. NOYES 820 Powers' Block, Rochester, N. Y.

Joy in Jasper.

I can recommend Burdock Blood Bitters as a sure cure for scrofula. I had it for four years, and was so bad at one time that I was almost a solid sore. I commenced taking B. B. B. last summer, have taken three bottles, and am entirely cured now.

MISS ELLEN PIPE, Jasper, Ont.

FOR SALE. — Norman cattle, Ayrshire cattle, Chester-white and Berkshire pigs, Plymouth-Rock poultry. Apply: Honble Louis Beaubien, 30 St. James Street, Montreal.

ADVICE TO MOTHERS.

Mrs Winslow's SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cure dysentery and diarrhoea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25c. a bottle.
