NOVA SCOTIA AMATEUR PRESS ASSOCIATION.

The year 1880 is to be the grand era for Amateurism in Nova Scotia. It is proposed by the leading amateurs of the province to form an Amateur Press Association and by this means it is hoped to interest a great many more of our boys and girls, and thereby to largely increase the number of Amateur Journalists, writers and puzzlers in Nova Scotia.

We heartily coincide with our worthy contemporaries in this work and hope to one day see Nova Scotia at the head of Amateurdom.

While we feel that a great deal has to be done, yet we feel that with such boys as Grant, Frye, McDonald, Sweet and others, we are bound to succeed.

We expect to be able to meet in Halifax about the last week in September or the first week in October. Our first business will be to organize and name our Association. Then appoint our officers, draw up our constitution and by-laws, and after the business has been transacted, some speeches and other literary productions will be in order.

At present all looks favorable, and we ask the support of all our authors, poets, puzzlers, and in fact any who wish to become interested in the cause.

Before the time proposed for meeting, a ticket will be published of the candidates for the different offices, and also a list of those who are expected to be present. All who take any interest in these matters and think they will be able to attend, should forward their names, addresses and *noms de plume* to either F. A. Grant, New Glasgow, Geo. E. Frye, Halifax, or to this office.

By doing this, a great deal of trouble and correspondence will be saved, and also a more satisfactory list of probable members can be obtained.

Remember! the only qualification needed is a wish to take active part in Amateurism in some way, either as authors, puzzlers, or any other work for the good of the cause.

King's College Again.

Since the article in our last, entitled "King's College" has appeared, we have had it brought to our notice that a certain gentleman, in a more forcible than elegant manner, objects. He has been heard to call our late (lamented) editor a number of names and has denounced him with all the language, both English and otherwise (with lots of otherwise) of which he has command, for *daring* to write, much less publish, such an article.

We were for some time at a loss to understand this till we heard that, at the gentleman's voice, a certain other editor was wont to tremble, and that, therefore, we were expected to do the same. We must confess we did tremble some, but stop! have you never heard that people often shake when they laugh? Well, that was our condition.

One reason given, "If the Professors of King's College see fit to take a little wine for their stomach's sake, what business is it of a contemptible little brat like that," (our late lamented). Now seriously, if the faculty of King's College had anything the matter with their stomachs

on the day of Eucæria, we will own that they had a right to drink wine, and acknowledge ourselves wrong that far, but that they had a right to have wine placed before the rising young men, who were present on that occasion, we most emphatically deny, and therefore uphold the opinion of our late (lamented) editor. But enough of this.

FARE THEE WELL.

We regret having to bid farewell, this month, to Brother Louis N. Geldert, who, for the last six months, so ably conducted our paper. He has accepted a situation with the firm of Mahon Brothers, of Halifax, and left on Saturday last to begin work.

We wish him every success in his new situation. We hope that the bustle and excitement of city life will not make him forget the TRUMPET.

The officers and members of Victoria Section passed a unanimous vote of thanks to Brother Geldert, on their last night of meeting, for the able and energetic way in which he had carried on this paper.

No Rum in Windsor—?

Is there a law relating to the sale of liquor to minors, and if so, who long would it take to find it? Will the Town Clerk kindly answer this?

WINDSOR AMATEUR JOURNALISTS CLUB.

—We would like to see a society formed in Windsor to meet, say once per month, and engage in some instructive pastime, such as debating, speaking, &c. Feeling that this should recommend itself to all, we would hereby ask the presence of all who are willing to organize a club of this nature to meet at the CADETS' TRUMPET Publishing Co.'s office, in Clifton Block, on Wednesday, August 13th, at 8 30, p. m., sharp. If organized, it is proposed to make this club an auxiliary to the N. S. A. P. A.
