**Remission.**—Mr Charles Sidney of Charlottetown P. E. I. was a very severe sufferer from this complaint, and he was frequently confined to his bed for months together, so severe were the attacks; he resorted to numerous remedies, but his disorder only increased, and he was compelled for a time to suspend his valuable public services. Knowing several parties who had derived signal benefit from the use of HOLLOWAY'S Ointment and Pills, he resolved to give them a fair trial, after he had used these remedies a few weeks, he felt himself considerably better, and in two months he had entirely recovered, although he had despaired of ever deriving any permanent relief to his suffering.

**AN APPEAL**

**ON BEHALF OF THE NATIONAL SCHOOL**

THE National School was established in the year 1848 and has been in efficient operation since that period. It has afforded gratuitous instruction to hundreds of the children of the Poor, both boys and girls, and there are many, now occupying honorable and useful stations in life who have received their education at this school.

The ability and efficiency of the Teachers, in both departments, have been admitted by all who have visited the Institution, or have been present at their examinations held there.

There are now in daily attendance, at the Boys' School, seventy-four free scholars, and sixty paid scholars, in the Girls' school, thirty free scholars, and forty paid scholars total—Two hundred and four.

Children of all denominations are received into the School, and although religious instruction is conformable to the principles and precepts of the Church of England, these are not forced upon the pupils, and the wishes of their Parents or Guardians.

The Salaries of the teachers, and all other expenses, have been defrayed by means of voluntary subscriptions, aided by a small allowance from the Provincial Funds, and from the tuition fees: which last item, however, brings but a small amount, as the fees vary from five shillings, to twenty five shillings per annum, according to the ability of the parents or guardians to pay, and also from the free stance, that the majority of the children are Free scholars.

The Building, which was erected by private subscription and a donation from the Society for Promoting Christian Knowledge, has become in a very dilapidated state, and will soon be unfit for use; and unless some strenuous exertions are made, to raise the necessary funds for its thorough repair, the School will have to be closed.

To avert this unhappy occurrence, an appeal is now made by the Provisional Committee to the public at large, and the Parishioners of St. Paul's in particular, for pecuniary aid, on behalf of this useful and truly charitable Institution. An annual subscription of twenty shillings entitles the party giving it to nominate one Free scholar; and an additional Free scholar for every additional twenty shillings subscribed. As a large sum would be required to repair the Building, the Committee intend to solicit donations and subscriptions,—and also propose to hold a **FANCY FAIR**, about the first of August next, at Hillside, the property of the President of the Society, situated on the shores of the North West Arm, and trust that the Ladies, who are ever first in works of charity and benevolence, will kindly lend their valuable aid and assistance, in forwarding the object they have in view: Thus supported the Committee feel confident that the appeal now made will not be in vain, and that an Educational Institution of so much importance raised by the gratuitous subscriptions of others, will not be allowed to fall through, from the apathy and indifference of the residents of the city, in the present day.
