CATARRH!
HAY FEVER.
CATARRHAL DEAFNESS.
A New Treatment.

Sufferers are not generally aware that
 these diseases are contagious, or that they
 are due to the presence of living parasites in
 the membrane of the nose and eustachian
 tubes. Microscopic research, however, has
 proved this to be a fact, and the result
 is that a simple remedy has been formulated,
 whereby Catarrh, Catarrhal Deafness and
 Hay Fever are cured in from one to three
 simple applications made at home. A
 pamphlet, explaining U.S. new treatment,
 is sent free on receipt of stamp, by
A. H. DIXON & SON,
 305 King St. W., Toronto, Can.

FIVE BANKS WINDING UP

Such is the news from the Canada Gazette of Ottawa. What an amount of loss the
 starting of these superfluous and worse than useless banks have inflicted upon the public.
 By subscribing to their stock at par hundreds of men expected to make money through
 the rise in value and were bitterly disappointed. Thousands of innocent people invested
 their all in the stock, or placed the savings of a lifetime in the savings bank branches, on
 account of the expectation of better returns than could be given by the sound and well-
 established banks. Now that the five young banks have failed these people, and a good
 many others, can see clearly that they did wrong, and as it is too late, in putting their money
 at risk in those new, untried, experimental affairs. Their eyes have been opened since the
 failures.
 But it was just as foolish for them to put their money there upon the expectation of
 greater value for it than the older and richer banks could give before their eyes were so
 rudely opened, as after. They did not then see; now they do see.
 Upwards of twenty-two long years the writer of this advertisement has represented one
 of the oldest and most carefully conducted, and most profitable Life Insurance Companies
 of the continent—

THE AETNA LIFE INSURANCE COMPANY, OF HARTFORD, CONN.
 During all that time he has kept his property, as well as his life insurance, in the oldest
 and most solid institutions. What were deemed tempting inducements have been held out
 for change, but by pursuing this line no loss has been met with. Five Insurance companies,
 Life Insurance companies, Building societies and Banks, of much room character, have caused
 heavy losses to thousands during that time, who thought they saw in them better returns for
 their money in years to come than would be drawn from a With Profits Endowment Bond
 issued by the AETNA LIFE, and payable ten, fifteen or twenty years from date, or earlier death.

\$100,000.00 A YEAR
 on the average, 1. been and will be paid down in solid gold, or its equivalent, in this
 Dominion by the old AETNA LIFE, to those who were wise enough to see the rich and solid
 investment afforded by those Bonds ten, fifteen and twenty years ago. The grand thing
 about this is that, unlike the old style, or the new style life insurance, you do not have to
 die to win. Nor do you squander, or lessen your estate, as many are foolishly doing, in join-
 ing societies from which no return for all the money paid is obtainable. Add the policy or
 membership be dropped, from any cause. No such business as that is done by the AETNA
 LIFE. All its Life Policies and Endowment Bonds are Non-forfeiting after three, and most
 of them after two years' payments are made.

Before insuring elsewhere, call for our rates, and do not believe the man who tells you some
 other company has done, or can do better for you, until you have investigated the matter
 thoroughly for yourself. It will pay you to see what the AETNA has done and is likely to do.
