

Oregon flour last week, which are both due to the large stocks of wheat in the country. With the jobbers Ogilvie's Hungarian has declined 15c per barrel and Strong Bakers' 10c. The Hudson's Bay Co. have also lowered their prices in sympathy. Snowflake and Benton County, Oregon, flour has declined from \$6 to \$5.75 and Royal has declined 5c. Feed, bran and shorts continue firm, as demand is fully up to the supply.

The *Commercial Review* says the flour market remains about the same, with a slightly increased output for the week. Mills are resuming operations all over the Northwest on account of decline in wheat. There is little doing outside of the local call, which continues steady. Quotations show no change, standard brands being quoted at \$4.25 to \$4.30 per barrel, inferior \$3 to \$3.75. The oats market ruled firm and more favorable to sellers. The local demand shows quite an improvement. Quote 40c to 42c for common to fair, and 43c to 45c per bushel for good to choice.

The Columbia Flouring Mills quote: For Enderby flour in carload lots, Premier, \$5.50; XXX., \$5.30; Strong Bakers or XX., \$5.00; Superfine, \$4.00. Quotations to the trade are:
