CHESLEY, June 28th, 1887.

The Millers & Manufacturers Insurance Company, 24 Church Street, Toronto, Ont.

GENTLEMEN,—On the morning of Friday, the 24th inst. at about 3 a.m., a fire commenced from an unknown cause in the brick boiler and engine house supplying the power for our woollen factory. The building (boiler house) was gutted, and the factory was saved only by using the pails supplied by your Company to us, and Mr. Alex. Rammage, who had received his only the day previous. We believe if it had not been for these pails our factory would have been a total loss. Yours very truly,
GRANT & CO.

"No inspection made by the underwriters, and no expenditure for expensive apparatus can take the place of care, order and cleanliness. More fires are extinguished with buckets of water than by any or all other kinds of apparatus combined."—Atkinson.

The Company has been able to save insurers an average of over forty-eight per cent., as the cash rates have been twenty-five per cent. lower than those hitherto exacted, and as, in addition to this, the policy-holders will receive a ten per cent. dividend. The risks of the Company are confined exclusively to the manufacturing interests of the country. The Board of Directors includes some of the most stable and progressive manufacturers in the Dominion.—*The Mail*.
