"Mr. Bates' Masterpiece. It is interestingly and readably written—more readable than one would believe it is illustrated by pictures intended to lend a humorous turn to many of the sentences in the text. For those who want a general idea of advertising principles, the book will be found valuable, and even the readers to whom its subject is more than familiar will find it an interesting companion for a leisure hour. It is full of apt quotations, every one of which rings with a true note."—*Geo. F. Rowell.*

DURING the month of June 10,000 tons of coal and 2,000 tons of coke were shipped from Fernie by the Crow's Nest Pass Coal Company. Two mines on Coal creek near Fernie are being worked and 400 men employed. The company expect to ship 1,000 tons a day by December. Another mine is being opened at Michel. In three months 400 coke ovens will be in operation.

A DESPATCH from Campbelltown, New Brunswick, says that on Friday last the waterworks system of that town was conveyed by the water supply company to the town, the town paying the amount of the award of the arbitrators, which was \$73,750 and the costs, which are \$8,000 or \$10,000 more. From the amount to be paid the company the town retained the sum of \$29,000 and accrued interest to about \$450, which will be paid to a Montreal corporation which holds a mortgage on the works for \$29,000. When the legal expenses of the town are paid, the whole cost of the system will amount to perhaps \$100,000.

G. JOHNSON, Dominion statistician, says the first international electric railway operating between Canada and the United States was the Calais & St. Stephen, the first car of which crossed the bridge over the St. Croix river from Calais, Maine, to Milltown, N.B., in July, 1894; and the first car over the bridge between Calais and St. Stephen, N.B., crossed in June, 1895. On July 1, 1898, the Niagara Falls Park & River Railway sent its first car over the bridge spanning the Niagara river from Niagara Falls, Ont., to Niagara Falls, N.Y.

WHEN the "Empress of China" sailed from Vancouver, British Columbia, for the Orient, on her last trip she had on board many tons of cut tobacco and cigarettes, all of which will be consumed in the kingdom of the Mikado. The shipment of tobacco is the largest that has left British Columbia, says a local paper, for many moons and is not due to any sudden demand for foreign tobacco on the part of the almond-eyed Japs, but more to the fact that after August 1st the import duty on tobacco will go up by more than 100 per cent. according to the provisions of the new treaty which comes into force on that day. Pipe tobacco is not very popular with the natives but American-made cigarettes are in great demand.
