ENTERTAINMENTS IN HONOR OF HIS GRACE'S CONSECRATION.

We regret very much that our pearing in the very midst of the annual anniversary entertainments prevents our reporting them as extensively as we should like. They began on Friday afternoon by the Immaculate Conception School, where the singing of little Miss Boes was much admired On the State of the St much admired. On Sunday evening the new Convent of the Sisters of Jesus and Mary gave its first entertainment in St. Boniface and His Grace complimented the Sisters on their success. Yesterday at 2 p. m. the boys of the Provencher Academy delighted the Archbishop with their clever songs and speeches. Yesterday evening the students of St. Boniface College presented a literary and musical soirée of remarkable merit. We hope to reproduce next week the Morning Telegram's excellent report of it. This morning at 9.30 Mgr. Langevin celebrated pontifically in his cathedral, and Very Rev Dom Benoît preached on the functions and dignity of a bishop. This evening, at 7.30, St. Mary's Academy, Winnipeg, will enter-tain His Grace, and to-morrow evening Hospice Taché will fitly close the round of festivities.

IRISH PRIESTS AND PEOPLE.

Catholic Standard and Times.

Lord Salisbury and Mr. Balfour thought they were very clever when they barred out the

Irish priesthood from taking part in the new system of local gov-ernment. They did not foresee, however, that the people would be able to nullify the precaution | Ont. by the simple expedient of ask- and physicians at his command, and the preside at all public meetings for the selection of candidates. This they are doing everywhere except in the Orange portions of but to write the docthor to be convinced that your answer, when received, is from a man who is entitled to the high position there a greater spirit of unani- he holds in the medical fraternity mity shown. Bishops and priests everywhere are found impressing on the people the necessity of choosing only men who are sound on the National programme and who will place patriotism and duty above all other considerations. Their nominations are pretty certain to win in the vast majority of cases. As well try to mop out the Atlantic with a broom, like the good Mrs. Partington, as keep priests and people in Ireland asunder when the elevation of the country is the business in hand.

Expert bicyclists have already suc-ceeded in riding a single wheel, or unicycle, for short distances. In years to come the unicy-cle may become as common a mode of loco-motion as the

It is not in mechanics alone that

chanics alone that the world is making rapid progress. Not many years ago all physicians pronounced consumption an incurable disease. To-day many years ago all physicians pronounced consumption an incurable disease. To-day a large proportion of people recognize that it is a distinctly curable disease. Doctor Pierce's Golden Medical Discovery cures 68 per cent. of all cases of consumption. It has stood the test for thirty years. Thousands of people who were given up by their doctors, and had lost all hope owe their lives to this marvelous remedy. It acts directly on the lungs, driving out all impurities and disease germs. It restores the appetite, corrects all disorders of the digestion, strengthens the weak stomach, makes the assimilation of the life-giving elements of the food perfect, invigorates the liver, purifies the blood and tones the nerves. It is the great blood-maker and flesh-builder. It does not make flabby flesh like cod liver oil, but the firm, muscular tissue of absolute health. An honest dealer will not offer you an inferior substitute for the sake of a little added profit. of a little added profit.

Miss Mary Whitman. of East Dickinson, Franklin Co., N. Y., writes: "For nearly ten months I have had a bad cough, and instead of getting better, it grew worse. I was said to have consumption. I tried Dr. Pierce's Golden Medical Discovery, and when the second bottle was empty I had no cough and was cured."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of good health, activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. Druggists sell them.

A New Boarding-House

For Small Boys.

The Sisters of Charity of St. Boniface, yielding to repeated requests from various quarters, have determined to un-dertake the management of a boardinghouse for boys between the ages of six and twelve. Special halls will be set appart for them, where, under the care and supervision of the Grey Nuns, they will be prepared for their First Communion, while attending either the Preparatory Department of St. Boniface College or the classes of Provencher Academy. This establishment will be known as "Le Jardin de l'Enfance" (Kindergarten).

The results already attained in similar institutions of the Order give every

reason to hope that this arrangement will fill a long felt want.

Board and lodging will cost six dollars a month. For the boys who attend Prevencher Academy there will be an additional charge of fifty cents a month; and for those who take music lessons, \$3 a month.

Bedding, mending and washing will be extra. The Sisters are willing to attend to these extras on terms to be arranged with them. The boys who attend the Preparatory Department of St. Boniface College will have to pay the tuition fees of the College.
