

RURAL TELEPHONES

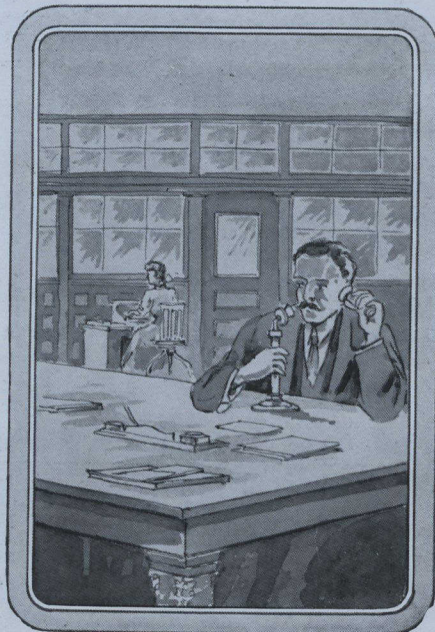

Farmers used to be content with horse ploughs and harrows, with sickles and flails.

To-day, every wide-awake Farmer buys machinery of the latest type.

Our telephones and switchboards are latest type and fully guaranteed.

A
TELEPHONE
LINE
is
NECESSARY
to the
LIVE FARMER

A telephone keeps him in constant touch with the buyer, the repair plant, the grocery, the Doctor and his neighbors.

Ask us for full information how to organize and build rural telephone lines. Rural Bulletin sent on request. Engineer's estimates furnished free of cost to municipalities or private parties.

Full stock of all construction materials always on hand. We can make prompt shipments of all orders.

**Canadian Independent Telephone
Company, Limited.**

26 DUNCAN STREET, = = TORONTO.
