

3. Prior to any transfer between the Parties, whether directly or through a third party, of nuclear material, material, equipment and technology subject to this Agreement, the Parties shall exchange written notifications.

ARTICLE V

Each Party shall obtain the written consent of the other Party prior to the transfer of any nuclear material, material, equipment or technology subject to this Agreement beyond its jurisdiction.

ARTICLE VI

Each Party shall obtain the written consent of the other Party prior to the enrichment of any nuclear material subject to this Agreement to twenty (20) percent or more in the isotope U 235 or to the reprocessing of any nuclear material subject to this Agreement. Such consent shall describe the conditions under which the resultant plutonium or uranium enriched to twenty (20) percent or more may be stored and used. The Parties may establish an agreement to facilitate the implementation of this provision.

ARTICLE VII

1. Nuclear material, material, equipment and technology subject to this Agreement shall not be used to manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices.
2. With respect to nuclear material, the obligation contained in paragraph 1 of this Article shall be verified pursuant to the safeguards agreement between each Party and the IAEA, in connection with the NPT.
3. If for any reason or at any time the IAEA is not administering safeguards as discussed in paragraph 2 of this Article within the territory of a Party, that Party shall forthwith enter into an agreement with the other Party for the establishment of:
 - (a) safeguards equivalent in scope and effect to the safeguards being replaced; or,
