Dear Vice-Chancellor,

In reply to your letter of February 20th, asking if I would represent McGill University at the opening of the Gennadius Library on April 28rd, I beg to inform you that I shall esteem it no small privilege to do so, whether or no you find it possible to nominate subsequently a joint -representative; and I should like to express my appreciation of this proof of the close association between your University and our School.

Yours faithfully,
