PROBS: Moderate easterly winds; fair and moderately warm.

## POSSE SURROUND BOLD BANDIT ON ISLAND

Trio of Canadian Police Patrol Boats and U. S. Revenue Cutter Are Keeping Guard Over Desperado Who Robbed Bank Messengers at Cumberland, B.C.

VANCOUVER, July 15.—(Can. Press.)—One of the bandits charged with robbing two Canadian bank messengers near Cumberland, B.C., July 5, and who since escaped to the San Juan Islands in the Gulf of Georgia and has engaged in a pistol fight with officers and posse, appears to be marooned on Shaw Island in the centre of the archipelago, and his capture or death is but a matter of hours.

Three Canadian police patrol boats and the U. S. revenue cutter Arcata are patrolling the island, while every small boat has been seized and put under guard. No boats are permitted to leave the island without examination. Poses are beating the brush for the fugitive, who is unable to secure food from the beach, while deputies are preventing him from securing food from the settlers.

Officers are of the opinion that hunger will force him into the open soon.

## MUST ABANDON ALL HER CLAIMS

Bulgaria Also Called Upon to Pay Indemnity and Guarantee Protection to Greeks.

ATHENS, July 15.—(Can. Press.)—An authoritative statement is made regarding the conditions of peace stipulated by Greece. These are that Bulgaria shall abandon all claims to the territory occupied by the allies, and that she shall pay an indemnity for the expenses of the new war and the damage done to the inhabitants of the towns and villages burned by the Bulgarians; that she shall guarantee the lives and property of Greek inhabitants, and in Thrace especially, she shall permit them the free exercise of their religion.

PRAY, BUT ALSO PAY FOR LIBERAL CROPS

Breezy Slogan of Irrigation Advocates Isn't Relished by Western Ministers.

LETHBRIDGE, Alta., July 15.—Much publicity has been given to the forthcoming convention of the Western Canada Irrigation Association of Lethbridge, August 5 to August 7, thru letters written to papers by ministers, Bible classes, etc., objecting to the slogan appearing on the official literature, "Intelligent men no longer pray for rain, they pay for it."

## COULD NOT SAY WHAT CAUSED IT

Ottawa Jury Unable to Fix Cause of Railway Wreck.

OTTAWA, July 15.—(Can. Press.)—The jury emerging into the death of one of the victims in the C.P.R. wreck near this city, on June 25 last, in which eight were killed, returned a verdict tonight, the principal cause of which, after reciting the fact that John Peace, one of the passengers, met his death in the wreck, is "the cause of said wreck being unknown to this jury."

Three sessions of the inquest were held, but little light was shown on the occurrence. Crown Attorney Ritchie, in charging the jury, pointed out that the wreck might have been due to three causes, a defect in the train, the roadbed or a "sun kink."

FOR CARTIER CENTENARY.  
QUEBEC, July 15.—(Can. Press.)—Hon. P. S. McKenzie, provincial treasurer, has forwarded \$10,000 as the contribution of the Province of Quebec to the Cartier centenary fund for the erection of the statue to the late Canadian statesman.

## "I WISH WE HAD A WILSON" IS CHURCH'S WESTERN CRY

Toronto Controller Wants to Discourage Lobbying, Claiming That Municipalities Don't Get Enough Attention From Governments.

SASKATOON, July 15.—(Can. Press.)—At this afternoon's session of the Canadian Municipalities' Convention, Lieut. G. Brown called attention to the great work which the union has taken and the immense possibilities that lay before such an organization. "We feel in the west," he said, "that we have a clean sheet upon which to write, but, on the other hand, we are inexperienced and are confronted by great problems."

He pointed out that all parts of the Dominion are independent. There could be no money stringency in any

one portion of the country and not in another, and hence a convention of this nature must result in a most beneficial interchange of ideas and sympathies.

Controller T. L. Church of Toronto has given notice of a motion to the effect that the union do all in its power to discourage lobbying. He claimed that the experience of municipalities was that they did not get sufficient attention when they had occasion to go to their respective legislatures, or to the federal parliament. "I wish we had a Woodrow Wilson in this country," he said.

## MEET TO SETTLE TERMS OF PEACE

Bulgarian Premier Has Joined the Meeting of Servians and Greeks at Nish.

LONDON, July 15.—(Can. Press.)—Reports thru Berlin and Vienna say that the Bulgarian premier, Dr. Danoff, has joined the meeting of the Servian and Greek premiers at Nish for the purpose of discussing the conditions of peace. This important news has not yet been officially confirmed.

Officials despatches from Athens confirm the announcement from Salonika yesterday that Greece is prepared to sign an armistice on condition that the frontier questions, the payment of indemnity by Bulgaria and guarantees for the welfare of the Greeks under Bulgarian rule, shall be settled on the battlefield.

Fighting continues; the Greek forces have occupied the town of Drama and according to Athens advices the Bulgarians have abandoned the Kresna passes and are retreating towards Dublitz, pursued by the Servians and Greeks.

Unconfirmed reports have reached the Armenian patriarchate at Constantinople of a massacre of Armenians at Rodosto, on the Sea of Marmora. Turkish forces under Enver Bey are supposed to have occupied Rodosto.

## BEGGARS RIDING IN A MOTOR CAR

Blind Man and His Wife Are Cleaning Up in Kansas.

KANSAS CITY, Mo., July 15.—A blind man and his wife, sitting helplessly in a broken-down motor car, attracted the attention and aroused the sympathy of L. A. Phillips and Guy Holmes, near Wamego, Kansas. Holmes and Phillips are in the service department of a local motor car company, and they travel about the country repairing cars sent out by their employers. They spent two hours working on the blind man's car, and sent them away in good shape, the wife driving. In Wamego the Good Samaritans explained their delay in arriving.

"Yes," said a resident of Wamego, "that couple travels in a motor car. They are beggars by luck. The man fiddles and the woman sings. It's a business with them, and they are working the towns of western Kansas. When they approach a town they hide the car in the woods until they clean up, and then they speed away to the next town. Even the beggars have cars here."

## C. N. R. MUST REVEAL TERMINAL PLANS

Otherwise City Will Refuse Right of Way Along Don River.

The C. N. R. must disclose its plans for terminals in the city before it will give a right-of-way down the Don River. A 14-foot strip is reserved along the Don by the city for the C. N. R. Commissioner Harris reported the application until the plans of the C. N. R. are disclosed. The recommendation was adopted.

Chief Thompson reported that fire protection on the waterfront is adequate, and additional protection will not be provided until the viaduct and boulevard improvements are completed. The report was adopted.

## MULHALL WAS A HANDY "FIXER"

Doughty Diplomat Gives Entertaining Recital of His Activities in Many Fields.

WASHINGTON, July 15.—(Can. Press.)—The senate lobby investigating committee made 410 knots today over the sea of Martin M. Mulhall, correspondence. It was not a record run, but a number of fish were landed. Mulhall was in the witness chair and Senator Reid at the helm of the investigation bark. Mulhall identified 410 letters, telegrams and memoranda, were put into record by the committee.

Mulhall's attention today was directed to the last half of the year 1907, and the first part of 1908. He was jumped from Maine to Missouri, from Baltimore to Indianapolis and up to Cleveland in these few months. He told or his letters did, of his strike-breaking activities in St. Louis, and of an effort to aid former Congressman James E. Watson, of Indiana, to visit to Maine and another effort to politically. He gave details of another Congressional assistance to former Congressman Littlefield of that state. He mentioned again former President Taft, the late vice-president Sherman and others.

Mulhall, himself, usually close-lipped and curt, caused many of laughs and the letters read particularly those from Geo. L. Crockett, Jamestown, Minn., were followed closely.

## FOUR BURNED IN BOAT EXPLOSION

Leaking Gasoline or Accumulation of Gas the Cause—Injured Recovering.

HALIFAX, July 15.—(Can. Press.)—Three men and a boy were badly burned by an explosion on board the schooner Rulife at Parshboro today. The schooner loaded coal for Digby and was getting ready to sail when one of the crew, Richard Wilgan, went down to the forward hatch to get a tackle. When he lit a match a terrific explosion followed. Captain Leonard Rowe was badly burned about the face and hands. James Llewellyn and Richard Wilgan, seamen, were both burned about the hands and faces, and the captain's son was stunned and burned. The cause of the explosion is supposed to have been either leaking gasoline or accumulated gas. The vessel was damaged by fire but the fire was put out by turning on the hose at the coal wharf. All the injured will recover.

## OFFICERS CAN QUIT RETORT OF HUGHES

Halifax Banquet, Where Wine Flowed Rather Freely, Has Unpleasant Sequel.

OTTAWA, July 15.—(Can. Press.)—Col. the Hon. Sam Hughes stated very emphatically today in reference to stories that certain officers at Halifax will resign as a result of his remarks at the military banquet there that anyone who did not like what he said was free to get out as soon as he pleased.

"I said nothing to offend any man who behaved himself at the dinner," stated the minister of militia, "and I have no apology to offer." It is understood here that what the minister thought was to be a dry banquet was turned into a wet one by the officers having whiskey and wine brought in without the minister's knowledge and that conditions became so bad that Sir Ian Hamilton was annoyed during his speech and Dr. A. H. MacKay, superintendent of education for Nova Scotia, could not be heard at all.

## UNABLE TO LIVE ON \$12,000 A YEAR

W. J. Bryan Says His Salary as Secretary of State Does Not Permit Him Saving Anything, So He Goes on Lecture Tours For Pocket Money.

(Special to The Toronto World).  
WASHINGTON, D. C., July 15.—Secretary of State Bryan this afternoon issued a statement as an answer to the criticism directed at his undertaking a lecturing tour while secretary of state and his statement that he is unable to live on \$12,000 a year, his salary as a cabinet minister.

After a welcome to the criticism leveled at him and a tribute to the value of criticism, the statement says that Mr. Bryan has been able to earn right along sufficient to live comfortably and save \$10,000 a year. In accepting his present office he said he gave up the opportunity to add to his accumulations and was willing to forego the \$10,000 he would as a civilian lay aside in the four years of his term. He also expressed the hope that his lectures did good, and said he would be glad to spend his vacation resting if he could do so without relying upon the amount he has laid aside as a protection against old age. He declares therefore that he sees no reason for changing his purpose to lecture enough to bring his income up to his expenses, "these lectures to be delivered during the time other officials give to their vacations."

Takes Him Away.  
The criticism of Secretary Bryan in official Washington is not directed so much against his lecturing as it is against the amount of time it will take away from his official duties, and because of his taking this time at a period when there is so much unfinished and big business before the state department. For this he is severely condemned. Senator Brewster this afternoon introduced a resolution prefaced with a series of "whereas," showing that from 1789 to 1799 the salary of the secretary of state was \$3500, from 1799 to 1819, \$5000, from 1819 to 1853, \$6000; from 1853 to 1911, \$9000, and since 1911, \$12,000 per annum, and reciting the names of the noted men who held this office in each period, including Thomas Jefferson, Henry Clay, Daniel Webster, John C. Calhoun, James G. Blaine and John Hay. The resolution calls upon the president to give his opinion as to what salary he would consider sufficient to induce the secretary of state to remain at his post, especially now during the pendency of more or less grave questions between this government and Mexico, Japan, England and other foreign countries.

Will Be Debated.  
The resolution was a mixture of satire and humor and consideration was instantly objected to by Senator Kern, who was Bryan's running mate in 1908. Under the rules it had to go over, but will come up automatically Friday, and the Democrats can defeat it, there is no way in which its debate can be prevented.

## UNIONIST RETURNED UNPOSED

LONDON, July 15.—(C. A. P.)—Sir Alexander Henderson has been returned unopposed for St. George's, Hanover square division, as successor to the late Alfred Lister Lyttleton.

## TURKEY TO GET AEGEAN ISLANDS

Triple Alliance Understood to Be in Full Accord on Proposal Made by Italy.

ROME, July 15.—(Can. Press.)—Reports have been in circulation that the Italian Government was about to turn over to Turkey several battalions in exchange for full possession of the Aegean Islands, which were provisionally occupied by Italy during the Libyan war. These reports, however, are denied in official quarters.

So far as can be learned the triple alliance is now in perfect accord on the suggestion of Italy that the islands be returned to Turkey in accordance with the provisions of the treaty of Lausanne. Germany at one time leaned towards their transference to Greece. Recent Balkan events, it is said, have influenced several of the powers unfavorably towards Greece and Servia.

## HOME RULE BILL IS REJECTED BY BRITISH HOUSE OF LORDS

LONDON, July 15.—(Can. Press.)—A motion for the second reading of the home rule for Ireland bill was defeated in the house of lords this evening by a majority of 62. The vote was 302 to 364. The motion of Lord Lansdowne, the leader of the opposition in the upper house, was declared, "that this house declines to proceed with the consideration of the bill until it has been submitted to the judgment of the country," was adopted without a division.

## LEGISLATED TO PREVENT STRIKE

Important Measure Creating Board of Mediation Is Rushed Thru Congress and Senate.

WASHINGTON, July 15.—(Can. Press.)—New federal machinery for the adjustment of railway wage disputes was authorized today, when the house and senate passed and the president signed the Newlands-Clayton bill just as it was agreed upon yesterday at the White House conference between President Wilson, congressional leaders and representatives of the eastern railways and their employees. This law creates the board of mediation and conciliation, headed by a commissioner, to which the eastern railways and employer's brotherhoods have declared their willingness to submit the wage dispute, on account of which 80,000 conductors and trainmen have voted to strike. The union officials agreed to an armistice until tomorrow afternoon, pending action by congress, and officials here expect them now to make ready to lay their case before the federal mediators as soon as President Wilson makes the appointments.

Speedy Appointments.  
The new law went thru both houses of congress without an obstacle being put in its way. Late in the afternoon it reached the White House and soon afterwards this statement was issued: "The president signed the Newlands-Clayton act as soon as it reached the White House this evening and announced thru his secretary, Mr. Tumulty, that he was prepared as soon as possible to appoint members to the board of mediation."

Seth Low, president of the National Civic Federation, who has been instrumental in bringing the railways and their employees together in the present dispute, is prominently mentioned for the position of commissioner of mediation and conciliation. As the other two members of the board are to be government officials, it was regarded as probable that Judge Martin W. Knapp of the commerce court and an assistant to one of the cabinet officers, possibly an assistant attorney-general, would be considered.

## WOMAN FOUND AS STOWAWAY

Tramped Three Hundred Miles and Took Steamer to New York to Find Her Husband.

(Special to The Toronto World).  
NEW YORK, July 15.—That rarest of all seafarers, a woman stowaway, was brought into port this morning on the French liner Niagara, from Havre.

Mrs. Maria Touchan is seeking her husband, whom she has not seen in 16 years. She says she is 47 years old, but looks much older.

It is 200 miles from the village where she lived in Burgundy to Havre, but Mrs. Touchan, without money or baggage, tramped the entire distance. The journey took six months.

At Havre she slipped aboard the Niagara, and she mingled with the steerage passengers. On the second day out she was discovered. Mrs. Touchan was taken before Capt. Juhan, to whom she told her story.

## LINEMAN KILLED BY LIVE WIRE

Pulmotor Failed to Save Austin O'Brien's Life After Four Thousand Volts Had Shocked Him.

While helping to string wires for the Bell Telephone Co. at the corner of Queen street and Bantyre avenue about 3 p.m. yesterday, Austin O'Brien of 60 Denison avenue touched a high tension wire of the Toronto Electric Light Co. and lost his life.

The telephone electricians were doing some cable work and were throwing the Bell's lines over those of the T. E. L. Co. when the accident happened. O'Brien was up the post at the time and when he touched the live wire he fell paralyzed across four wires that were strung beneath.

Dr. Hazelwood of Queen street attended to the man after he was taken down and the T. E. Co.'s pulmotor was summoned. J. A. Harris took the pulmotor out, but when he reached the man Dr. Hazelwood stated that there was no trace of pulsation. Mr. Harris used the pulmotor for an hour but failed to get any heart action.

O'Brien's body was removed to the morgue and an inquest will be held. He was about 25 years of age, and it is estimated that 4400 volts passed thru his body.

## "THIN RED LINE" MAY BE THINNER

Permanent Officers Resent Sam Hughes' Remarks and May Tender Resignations as Protest.

Toronto's "thin red line," represented by the Royal Canadian Dragoons and Royal Canadian Regiment of Infantry at Stanley Barracks, may be still further attenuated as the result of the sweeping indictment of a certain class of permanent officers, made by Col. Sam Hughes at the Halifax banquet. It was stated last night that many of the regular officers contemplated resigning their commissions as a protest against the remarks of the minister of militia, and that their example would be followed all over the country. It was pointed out that the minister had little or no acquaintance with the regular branches, having never been a professional soldier, and that in consequence he was not cognizant of the numerous difficulties which had to be faced by permanent corps members.

## FISHER POLICY TO BE UPHELD

New Government of Australia Will Make No Change in Naval Plans, Says Premier.

LONDON, July 15.—(C. A. P.)—In reply to a question in the house of commons last week, Colonial Secretary Harcourt said he didn't know what the views of the present Australian ministry were in matters of naval defence.

Premier Cook has therefore authorized a statement that there is no intention of changing the naval policy of their predecessors. The new ministry approves in a general way of Sir Reginald Henderson's scheme and the Fisher policy.

## POSTOFFICE OUT OF AUSTRALIAN POLITICS

Business Non-Partisan Commission Is to Handle Service Owing to Complaints of Inefficiency—Union Workmen Not to Have Special Preference.

LONDON, July 15.—(C. A. P.)—The new Australian Government is losing no time in effecting several changes in the various federal departments. According to the Sydney correspondent of The Morning Post, the postoffice is to be placed under the control of a business, non-political commission, a decision which is generally approved, particularly by the commercial community which has long complained of the serious inefficiency of the postal and telegraph departments.

Hon. Mr. Wynne, announced today that the hideous design of the postage stamp, representing the kangaroo, must disappear. The new stamp will bear the king's head with marks symbolical of the six states.

An exhaustive inquiry has been opened into the electoral procedure with the view to the avoidance of gross abuses practiced in the recent election.

No Preference to Unions.  
The ministry's decision to abolish the preference hitherto given to union workmen on commonwealth works has aroused a storm of protests from union officials. Premier Cook, however, said today that the government was making no attack on unionism, but felt all possible sympathy with industrial unionism. There never was, he said, any intention to bring down wages or interfere with unionism in any way. All the government was doing was to lay down the principle of public control of the services of the commonwealth and to provide equality of opportunity for all citizens. Efficiency would in the future be the only test.

With regard to defence matters, it is being considered whether more generous support should not be given to rifle clubs thruout the commonwealth. There has been a very large increase in the membership of these clubs in recent years.

## PRINCE ARTHUR SOON TO MARRY

His Engagement to Alexandra Victoria, Duchess of Fife, Is Formally Announced.

LONDON, July 15.—(Can. Press.)—The betrothal is announced of Prince Arthur of Connaught and Princess Alexandra Victoria, the Duchess of Fife. Prince Arthur Frederick Patrick Albert is the second son of the Duke of Connaught and Strathearn, governor-general of Canada. He was born on Jan. 13, 1883, and has served as personal aide to King Edward VII. and King George V. Princess Alexandra, Duchess of Fife, is the elder daughter of the late Duke of Fife and Princess Louise Victoria, princess royal, the daughter of King Edward VII. She was born May 17, 1891.

Princess Alexandra underwent a thrilling experience in December, 1911, when the Manxmaur and Oriental liner Delhi stranded during a storm on the coast of Morocco, near Cape Spartel. The Duke of Fife, the princess royal and the Princess Alexandra and Maud were rescued in lifeboats. A few weeks later the Duke of Fife died as a result of the hardships he had endured.

## New Season Furs Next

In a few weeks the new season furs will carry our announcements for new style furs for 1913-14, and it is to place ourselves in readiness to begin operations in the fur department that we are selling off our summer hats at prices that are unheard of in the Toronto retail hat trade.

We are selling a Panama hat for \$3.49 that has never been sold at a bargain sale for less than \$4.50 in Toronto, and the regular price is \$6. We are selling the sailor straw hats of the most exclusive English maker for \$2.50, the regular price for which is \$3, and the bargain price for this hat has never been less than \$2.50. Also, bargains in dress suit cases, club bags, hat boxes, umbrellas, raincoats. Dineen's, 140 Yonge street, Corner Temperance.
