WHY YOUNG GIRLS GROW PALE AND WEAK

The Blood Supply is Deficient and
Unless the Trouble is Remedied
Consumption May Follow.

When girls grow weak, pale and miserable, then is the time for parents to take prompt steps. Delay means danger—perhaps consumption. The girl in her teens cannot develop into a happy, robust woman without an abundant supply of rich, red blood. It is the lack of this blood that is the great trouble with nine girls out of every ten. They grow weak and depressed, lose their appetite, are breathless after the slightest exertion and suffer from headaches and backache. When girls are in this condition there is no medicine can compare with Dr. Williams' Pink Pills. In the use of these Pills there is splendid vigorous health, glowing cheeks and sparkling eyes, for every unhappy fragile girl who is struggling with weakness, is a wretched state of health. This is why thousands of girls and women, now robust and attractive, are constantly recommending Dr. Williams' Pink Pills to their suffering sex.

Miss Brousseau, Savona, B.C., says: "At the age of fourteen I became very anemic. I was as pale as a ghost, suffered from headaches, severe palpitation of the heart at the slightest exertion. I had little or no appetite and seemed to be drifting into a decline. I was attending high school in Vancouver at the time, and the doctor advised me to stop. I did so and took his treatment for some time, but it did not help me in the least. Upon the advice of a friend I began taking Dr. Williams' Pink Pills and in a very short time they gave me back complete health and enabled me to resume my studies. I have enjoyed the best of health since, and owe it all to Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers or may be had by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SEVEN LITTLE GIRLS GAVE GARDEN PARTY

Their Industry Resulted in Gift of
Over Fifty Dollars for
Red Cross.

Fifty dollars and fifty-two cents was the sum raised for the Red Cross by the industry of seven little girls living in the High Park district, ranging in age from 12 to 14 years, who held a very successful garden party and sale four nights this week. The residence and grounds of E. A. Lyon, 734 Keele street, were used for the occasion, and the little girls instrumental in the complete success of this entertainment were: Misses Dorothy Lyon, Louise Barnett, Grace Swain, Dorothy Fisher, Georgina Quarrington, Lillian Hathaway and Margaret Dinsmore.

Ice-cream, cake and all kinds of home-made dainties were sold, raising the above mentioned splendid sum.

The members of St. John's (Norway) Red Cross Society are holding an all-day auto tea from 3 to 7 p.m. today. Motor cars will start from the corner of Queen street and Kippendavie avenue.

A special meeting of the Westminster Chapter, I.O.D.E., will be held in the High Park Lawn Bowling Club, Indian road, on Monday.

SIR THOS. SHAUGHNESSY ARRIVES IN NEW YORK

President of C. P. R. Came Across
on Lapland—To Be Morgan
of Canada.

NEW YORK, July 2.—Sir Thomas Shaughnessy, president of the C. P. R., arrived here today aboard the Lapland from England, where he went to attend a conference with various government officials concerning the purchase of war supplies for the allies in Canada. He said he had made arrangements by which the purchase of the Canadian Pacific would be utilized as far as possible for the purchase of such supplies.

By the arrangements made in England, the position of Sir Thomas in Canada will in the future be somewhat analogous to that of J. P. Morgan in the United States. He said that the Canadians were not disgruntled at having failed to receive orders given for war supplies in the United States, but that in the future Canada would be assured of her share.

HER GIFT OF SOCKS GAVE MUCH COMFORT

Pair Made by Mrs. W. M. Walker,
Toronto, Received and Worn
by Bertram Nevitt.

That the socks knit by Toronto women and sent to the Canadians at the front, are arriving safely and being greatly appreciated by the soldiers, is shown by a very interesting letter just received from Bertram J. Nevitt, "B" Company, 2nd Battalion, by Mrs. W. M. Walker of 13 Rusholme road, Toronto.

Mrs. Walker, who is 85 years old, has been knitting and sending socks to the soldiers for many months and wondered if they were being received. Her son, E. F. Walker, suggested that a note be inserted in the toe of one of the socks, it brought the following letter from the front:

"We were just going to have our customary bath, after coming out of the trenches, when a pair of socks and clean underwear were issued to us. I was very much surprised to find a note inside the socks telling me who had made them. It is so good of you to spend so much time and patience in knitting socks for an unknown soldier."

"Judging by the time and trouble it takes me to sew on a button, it must take almost infinite time and trouble to make two socks. I thank you, for my own part, because I am wearing the socks and derive all the comfort from them, but the battalion and division, too, should thank you because it is just kind people like you, at home, who make this job so much more pleasant and bearable."

"Yours sincerely, Bertram J. Nevitt, B. Co., 2nd Battalion, 1st Canadian Division."

Y.M.C.A. CONFERENCE CLOSES AT ELGIN HOUSE

Canadian Association Aims at Pay-
ment of Four Per Cent. of
Budget.

Special to The Toronto World.
Bala, Ont., July 2.—The seventh summer conference of the Y. M. C. A. closed today after an eight-day session at the Elgin House. At the last meeting Miss Helen Davis, New York, explained that the budget of the national board of the United States Y. M. C. A. amounted to four hundred thousand dollars, towards which each association pays four per cent. of its budget. This is what the Canadian Y. M. C. A. is aiming at, for our budget of eighteen thousand dollars annually has to be met largely by private subscription.

Following this the conference subscribed over one hundred and fifteen dollars to the dominion council, which was especially appreciated, as a collection of two hundred dollars had been taken the evening before for the men who had lost clothing and other valuables in the fire on Wednesday morning.

Miss Mabel Jamieson, the enthusiastic student secretary, left today to attend the conference of the western provinces, to be held at Lumsden Beach, Saskatchewan, from July 9 to 16, where the principal speakers will be.

Dr. Laing of Robertson College, Edmonton, Principal Oliver of Presbyterian College, Sask., and J. S. Woodhall of Winnipeg. The girls scattered to their homes all over the Dominion full of the inspiration of the most successful conference yet held in Canada.

FRAGRANT FLOWERS IN SEASON'S SHOW

Summer Exhibition of Horti-
cultural Society Glorious
Event.

GROWING OF ROSES

Professional and Amateur Dis-
plays Far in Advance of
Other Years.

Glorious was the showing at the summer exhibition of the Horticultural Society, held yesterday afternoon and evening. Those accustomed to follow the delightful displays of this progressive organization found them in new environment for the July event, Oddfellows' Hall, at 229 College street, being chosen on account of its larger accommodation.

Since rose-growing became a feature of the city's life, there have been many beautiful collections, but never before was there the luxuriance in growth, richness of texture and brilliance or variety of color as were seen in this display. Professional and amateur had part, and both were admirable. The beauties sent by John F. Moore of Moore Park, were not for competition, but they had a mission. They were a stimulus and cause of emulation to every grower and an object of admiration for every visitor in this collection. The "Lyon" rose was conspicuous for its firm, curled petals, strong stems and gleaming dark foliage. The "Juliet," a shade darker, was another beauty, as was also the pink rose, "Dear Hole," called after the founder of the Rose Society of England.

A collection of six varieties of hybrid tea-roses together with some fine peonies and cherries, were shown by the Misses Jardine and Miss Meredith had a delightful collection in which were delicate, long-spurred columbines and a remarkably dark-shaded sweet-william.

Among the larger exhibitors was Sir E. Osler, showing a section containing twenty varieties of sweet-poa, in many shades; delicate lavender, pink, purple, and others; all of exceptional beauty and fragrance. In brackets follows a name, a subject must be passed:

For the exhibition of color, majesty of form and sweetness of fragrance, the peonies held first place. On great brackets follows a name, a subject must be passed:

CUDDY IS NAMED TO HEAD BRIGADE

Controllers Favor Former To-
ronto Police Officer for
Fire Commissioner.

TWO CHARGES CLAIMED

Ratepayers Object to Paying
for Two Pavements on
Ossington.

The board of control yesterday made another nomination for the position of fire commissioner, having decided by a vote of three to two to send to the name of Alfred Cuddy, now chief of police in Calgary, and a pensioner on the Toronto Police Pension Fund. He is 54 years of age and left Toronto in 1912 to take the position which he now holds. The salary was fixed at \$3,500. The nomination was made by Controller O'Neill, and endorsed by Controllers Spence and Thompson, the latter voting for Cuddy, however, simply to prevent another deadlock in the board. The controller stated that he thought Cuddy's name was the best one that the board seemed able to carry, and for that reason he voted to send it to the mayor. Mayor Church stood by his original nomination, that of Acting Chief Smith, while Controller Foster continues to hold the opinion that some man in the department should be appointed. He nominated Capt. Duncan Maclean.

A large deputation of ratepayers from Ossington avenue waited on the works committee yesterday protesting against the laying of a new pavement on that street north from Bloor street to Hallam, the same to be charged as a local improvement. Car tracks have been laid on this portion of Ossington avenue, and in order to do this work the old macadam roadway, which has been down eleven years, was torn up, and a new asphalt pavement is to be laid.

The people claim that as their pavement was paid for they should not be charged with another, and in order that the members of the committee might have a more complete knowledge of the situation it was decided to make a trip out there before settling the matter one way or the other.

Ald. Gibbons appeared before the works committee yesterday in regard to the dust nuisance on Bloor street west of Dundas. He asked that the road be watered regularly or oiled. Chief Commissioner Wilson pointed out that this was an impossibility of account of the depth of the sand, which
