THE FASTEST MILE EVER RUN BY MAN

Norman S. Taber Beats Old Mark by Nearly Two Seconds in Trial Against Time.

CAMBRIDGE, Mass., July 16.—The fastest recorded mile ever run by man was the athletic feat of Norman S. Taber, the Englishman, formerly of Brown University, in the Harvard Stadium today. His time was 4 minutes 12.5 seconds. Taber was paced by three fast middle-distance runners. The first quarter was made in 56 seconds, the second in 57 seconds, the third in 58 seconds and the fourth in 59.5 seconds.

W. H. Meany, formerly of Colby College, set a new world's time of 51.5 seconds for the 440-yard hurdles, Meany had two pace-makers. Both Taber and Meany ran under the colors of the Boston A. A. C.

The former amateur mile record was 4 minutes 14.5 seconds, made on the same track by John Paul Jones of Cornell in 1912. Taber running second in the professional race of 1 mile, 12.5 seconds has stood since 1886, having been made by W. B. George, Little Bridge, England, in a mile race with A. B. Cummings.

The former 440-yard hurdle record of 56.5 seconds was made by Taber and Anderson of England.
