In the expectation that you may consider me not undeserving of your support.

I remain,

## TESTIMONIALS

FROM

DRS. HOLMES, BRUNEAU, HALL, CAMPBELL, CRAWFORD, FRASER, ARNOLDI, SUTHERLAND, SCOTT,  
McCULLOCH, MACDONNELL AND SEWELL.

*From A. F. HOLMES, Esq., M.D.E., Consulting Physician to the Montreal General Hospital, Professor of Medicine and Secretary of the Medical Faculty of McGill College.*

MCGILL COLLEGE, MONTREAL, CANADA, *Sept. 28th, 1848.*

William Wright, M.D., a Graduate of McGill College, having resigned the Office of Curator of the Museum of the Medical Faculty, held by him during the last three years, in consequence of his intention of visiting Europe. I have pleasure in testifying, that while a Pupil, he pursued his Studies in a manner to call forth the unanimous approval of his Teachers; that he passed his final Examinations in a manner highly honourable to himself, and creditable to the school; that he discharged the duties of Curator to the entire satisfaction of the Faculty, who regret his resignation.

From his perseverance, assiduity and knowledge of his profession he is, in my opinion, qualified adequately to fulfil any duties to which he may be called, especially such as have a similarity to those in which he has been already engaged.

A. F. HOLMES.

MONTREAL, *August, 25th 1852.*

On occasion of the vacancy in the Medical Board, of the Montreal General Hospital, to supply which Dr. Wright is about to become a Candidate, I need only renew the expression of my favourable opinion of Dr. Wright's general qualifications and of his ability efficiently to discharge the duties of the Office which he is soliciting.

A. F. HOLMES.
