## SIFTON HAS AT LAST CONSENTED TO MEET SIR HIBBERT TUPPER

**The Oratorical Battle is to Take Place in Brandon To-Night, and a Special Train Will Be Run From Winnipeg for the Occasion—Campaign Getting Hot.**

Mr. Kelly received the following reply:

you and Sir Hibbert Tupper face to face on the public platform that Mr. Macdonald will waive his right to speak Saturday night. Sir Hibbert will have an hour and a half to open; you an hour and a half to reply. Sir Hibbert will then have half an hour to close. I trust you will allow nothing to be said by Sir Hibbert.

(Signed) Cliford Sifton."

The C.P.R. will run a special train from Winnipeg to Brandon for those who desire to attend the meeting.

**Nightly Meetings.**

Sifton and Macdonald are holding nightly meetings in the riding. In the other rid-

ings the campaign is warm. The principal feature seems to be the number of old Liberals who refuse to vote for the Sifton candidates. Richardson in Ligar is conducting a vigorous platform against Sifton's candidate.

## THE MINE-WORKERS' CONVENTION DID VERY LITTLE YESTERDAY

**President Mitchell Addressed the Delegates Sensibly, and Credentials Were Presented—Adjournment Made Early—Talk Indicates That Operators' Terms Will Not Be Accepted.**

The committee consists of nine members, three from each of the three districts. After the Credentials Committee had collected the credentials of the delegates, the convention at 11 o'clock took a recess until 1.30 p.m., to allow the committee to examine the credentials and make a report thereon.

The doors were opened. Unlike most conventions, there was an utter lack of decorations in the hall. As each official of the United Mine-Workers entered the hall he was applauded, but the most enthusiastic demonstration was reserved for President Mitchell.

**President Mitchell's Address.** The convention got down to work very quickly. Ten minutes after the national president's arrival he called the delegates to order and delivered an advisory address to the delegates, admonishing them to consider seriously the course they intend to follow.

ture. "The eyes of all American people are centred on the City of Seranton to-day, anxiously awaiting the result of this convention. I do not wish you to accept one cent less for your labor than it is possible to secure. I do not wish the great organization which has been built up among you to be wrecked and ruined thru any mistakes of mine or yours," said President

itself in the course of his address, which was well received.

**Committee on Credentials.**

The next order of business was the ap-

pearance of Mr. J. H. McLaughlin, P. M., Oct. 12.—General Gonia says there will be no movement of troops homeward until after the Serbian convention. His latest advices are that quietness prevails thruout the entire region.

They have been calling him Brummagem

These articles are tailored with skill, and are perfect pictures. Demure, dashing and refined.

Something new and novel in the line of reversible double-breasted vest, to be worn either side, is now being made to order by Messrs. Maloney & Son, the popular King-street tailors. The material is a fine, heavy wool Tattersall's vesting, and when made up is certainly very handsome and comfortable.
