So rapidly does lung irritation spread and deepen that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough; there is always danger in delay; get a bottle of Bickle's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for pounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Another Great Show.

The show at Munro Park next week will be unusually attractive judging by the published list of artists. Prior and Albright come direct from the best park circuits in the States. Thom. T. Shea has just completed a forty weeks engagement with a big show. Billy Daley is rebooked for next season with one of the very best minstrel shows. Bancroft, the musician, has a great record of successes, and Alfred D. Sturrock is popular among all classes. There will be an entirely new and magnificent series of moving pictures, and as usual not a dull moment is allowed or a solitary vulgarity. With an excellent show and excellent car accommodation no wonder the park is more popular than ever.

One of the most important sales of ponies that have ever taken place in Toronto will be held at Grand's Repository Friday next, when they will sell a consignment specially selected for this market. These little animals are easily broken after being parted from each other, and make some of the toughest drivers, being accustomed to very long drives. See notice of sale in another column.

Mr. Alexander Findlay of Londoh was in Toronto before going home from the Masuric gathering at Hamilton. He says it was so hot in the Ambitious City on Wednesday that a horse fell down on James street and melted away. All that was left as evidence of the tragedy was a pool of grease and the horseshoes, which, by the way, were redhot.
