

names to our roll, yet we are pleased to note an addition in this connection. Our statistics are as follows :—

Scholars on the roll.....	177
Average attendance.....	145
Teachers on the roll.....	25
Average attendance.....	22

These figures would have appeared more favorable had not the resumption of the Bible Class under the care of the Rev. Principal MacVicar taken away about twenty-five of our more advanced scholars.

The average attendance at Principal MacVicar's Bible Class is 91.

With respect to our staff of Teachers the numbers are the same as last year.

Scheme of Lessons.—The use of the " International Scheme of Lessons " was continued during the year.

Meetings.—The only change we have to report in this connection is the discontinuance of the meeting for prayer at the close of the Sabbath exercises. It was with much regret that we took this step, which was done in order to relieve the Teachers in time to attend the Bible class, the hour of opening being the same as that at which our meeting was held. The ordinary Sabbath exercises continued to be held at three o'clock, while business meetings were held at such times as were considered necessary.

Missions.—We regret that the result of our year's work in Missions has not been so satisfactory as we could have wished, yet taking into account the loss of our senior scholars, already referred to, the deficiency compared with last year is but small. The following is the result :

Sabbath and Box Collections.....	\$165 95
Collections by Missionary Society.....	84 53
Total.....	<hr/> \$250 48
