London, June 14.—(Special to The World)—A wide program has been arranged for the entertainment of Hon. Wilfrid Laurier and party and the other colonial premiers who are now visiting Great Britain. The program consists of banquets and receptions galore, and when the Canadian Premier returns home he will not only be a tired and titled man, but he will have done a great deal to advance Canada in this country. Mr. Laurier has many speeches to make. His reception is cordial everywhere he goes.

To-morrow Mr. Laurier goes to Glasgow, where the colonial Premier will be entertained by the Lord Provost. On Wednesday the Lord Mayor of Manchester takes charge of the party, and the Canadian dignitaries will be shown over the works of the great ship canal. They will be dined in the evening, and a reception follows the dinner. Thursday Mr. Laurier will take in the Ascot races, special arrangements having been made for the reception of the party. On Friday the banquet at the Imperial Institute will follow an afternoon reception. This promises to be a brilliant affair.

Next day Prince and Princess Christian will receive the colonial Premier at a garden party at Holloway Cottage, Egham, Surrey. The party will rest on Sunday at the Hotel Cecil.

On Monday, June 21, Mr. Laurier and party will go to Birmingham, where the Premier will be entertained by the Lord Mayor. They then return to London for the great day—Tuesday—when the Canadian Premier and Canada's corps will take a prominent part in the royal procession.

The following day (Wednesday) they will attend the garden party at Buckingham Palace, which promises to eclipse all former events of this character. Thursday and Friday the party will rest before going to Spithead on Saturday to witness the greatest naval demonstration ever made by British warships.

Sunday, June 27, will be spent in London, Mr. Laurier and party making Hotel Cecil their headquarters.

On Monday, June 28, the Duke of Devonshire will tender a garden party in honor of the visiting colonial Premier at Devonshire House.

Tuesday following the British Empire League will conduct a water party up the historic Thames. In the evening the Dominion Day dinner will take place at Hotel Cecil, Sir Donald Smith presiding.

On Wednesday, June 30, the Colonial Secretary, Hon. Joseph Chamberlain, will entertain the Premier and His Majesty's colonies at dinner, followed by a reception.

The Lord Mayor of London will banquet Mr. Laurier and his fellow-guests at Guildhall on the evening of July 1. This event promises to be a very grand affair.

The evening following, July 2, the royal colonial banquet will take place, at which Canada will take the leading position.

On Saturday, July 3, the Earl of Jersey, who visited Canada a couple of years ago to attend the Colonial Conference as the representative of Her Majesty's Government, will entertain Mr. Laurier and fellow-guests at Osterley Park.

Sunday the visitors will rest at Hotel Cecil. On Monday, July 5, a reception will

AND NOW PEACE IS ASSURED.

The Final Ratification of the Boundary Treaty Between Great Britain and Venezuela Exchanged.

Washington, June 14.—The final ratification of the boundary treaty between Great Britain and Venezuela was exchanged at the State Department today. There were present Sir Julian Pauncefote, Senator Andrade, the Venezuelan Minister and his secretary of Legation, Acting Secretary of State William S. Day and Assistant Secretary Thomas W. Cridler, who has been instrumental in framing the various treaties, protocols and other writings connected with the treaty. What remained to be done today was to exchange the ratifications and to sign what is known as the exchange protocols. For this purpose Senator Andrade brought along the same magnificent gold diamond, with its eagle quill and enamel-studded band, that had been used last February to sign the original drafts of the treaty. This pen is the property of the brother of the Minister, and was made for this particular purpose. It will be sent to Venezuela. The exchange protocols, not to be used again, but to be preserved as a relic. When the signature was over and each of the parties held the exchange copies of the treaties there was a mutual exchange of congratulations.

BISHOP FALLOWS IN CHARGE.

Will Have Jurisdiction Over the Reformed Episcopal Church in Canada.

New York, June 14.—Bishop Fallows, the presiding bishop of the General Council of the Reformed Episcopal Church, was given episcopal charge by the council today over the spiritual jurisdiction of Canada in the place of Bishop Campbell, resigned, until a new bishop is elected by the synod. It was decided also to devote the money from the December collection for church extension for the Canadian churches in need.

Bishop Cheney of Chicago again made a request that his resignation of Friday be at once accepted. He said that it would be impossible for him to remain on any of the committees unless he could stand unchallenged on the foundation of the Christian liberty upon which I came into the church in 1873. His resignation was accepted.

The whole matter of the change in constitution and canon was left over until the General Council of 1899 in Baltimore, as were some proposed changes in the prayer book. The only change made was the adding of an "amen" after the Gloria Patri in the evening service. The council adjourned.

Cubans Who Escaped. Kingston, Jamaica, June 14.—Dr. Vieta, chief surgeon of the Cuban insurgent army, commanded by General Garcia, arrived at Rio Tuena, this island, on Saturday, accompanied by eleven Cubans. They had escaped from the Province of Santiago de Cuba in an open boat, and brought with them despatches for the Cuban Junta at New York. These despatches were seized by the Jamaican officials.

THE INDIAN EARTHQUAKE.

It Was Worse Than Reported—Lives Lost and Homes Destroyed. Calcutta, June 14.—Later reports increase the gravity of the earthquake shocks of Saturday last in this city and its vicinity. An extensive area was affected and caused much misery among many of the poor Eurasians and natives.

The shocks were felt at Simla, Agra, Bombay, Manipur and at many places far down the Central Provinces. An immense amount of damage was done at Hooghly, Burdwan and Dacca, where several persons were killed, and at Gopalgur, Putha Rangaj, Bankipur, Balasor, Manfarpor and Moorshedpur. A terrific shock was experienced at Darjiling and many houses were destroyed. Traffic on the Eastern Bengal Railroad is interrupted. Bridges have been damaged and a train was overturned on the Assam-Bengal line. The ground opened at Manipur and the town of Kohima, north of Manipur, was severely shaken up and damaged. The best prevailing is the highest on record, 124 degrees in the shade having been registered at Jacobabad, on the frontier of Baluchistan.

SCANDALOUS CHEQUE.

Valuable Horse Washed With a Knife While in a Church's Back. Brantford, June 14.—Mr. A. Edmondson, who resides northeast of the city, drove to the First Baptist Church Sunday night, tied his horse, and went into the sacred edifice. On returning an hour later to secure the horse he found it badly cut, with blood gushing in torrents from gaping wounds. He immediately took the animal to Dr. Smith's stable, where the cuts were stitched and it is hoped that it will eventually recover.

Constant Chapman was notified of the outrage and made an investigation of the surroundings. The result of this is, of course, known only to the authorities. Mr. Edmondson is coming in the dark as to any motive which would prompt such a deed, stating that he has not an enemy in the world.

BARNEY BARNATO'S DEED

The "King of the Kaffirs" Took His Own Life

WHILE ON THE WAY HOME FROM AFRICA.

Jumped Overboard From the Steamer Scot Off the Moorish Coast.

The Body Recovered—Story of the Wonderful Man, Who Had Once the Power to Sway All the Money Markets of the Earth and Was Accounted the Richest Man in the World—A Cockney Boy Who Grew to Be a Circus Performer and from That to a Croesus—inaccessible at His Office as the Chinese Emperor, but a Jolly Fellow at His House.

London, June 14.—(Midnight)—A special despatch from Funchal, Island of Madeira, off the west coast of Morocco, says that on the arrival there to-day of the British steamship Scot, which left Table Bay (Capetown) on June 2, for Southampton, it was announced that Barney Barnato, the South Africa "Kaffir King," who was among the passengers, had committed suicide by leaping overboard. His body was recovered. A couple of weeks ago the cable despatches reported that Mr. Barnato was ill—one report said he suffered from fever, another that he had become subject to dementia, and had to be taken care of by friends. He was placed on board steamer for England, and the above despatch tells the rest.

SKETCH OF HIS CAREER.

How He Grew From Humble Life to Be the World's Greatest Speculator. In November, 1850, the New York Herald published a sketch of Barney Barnato, taken from one of Walter Besant's novels, excerpts from which are here given:

The story is told of a Cockney boy who held some small post in the "city" until he became entangled in stock speculations. Then one bright morning, he woke up and found himself the king of the Block. Straightway he was besieged by all sorts and conditions of men who had crowded round him and who were seeking his counsel. All day long he was surrounded by a throng of men, who were flocking to him, and who were seeking his counsel. All day long he was surrounded by a throng of men, who were flocking to him, and who were seeking his counsel.

Up to the point of decline this is the story of "Barney" Barnato, the "King of the Kaffirs," whom it is the fashion just now to call the richest man in the world. Not so many years ago he was a circus performer. Now he is worth a hundred million or a thousand million—dollars or pounds sterling—what he prospered as he had been despised when he was poor. In a night, his fortune went away, leaving him where it had found him, and then men wondered how they could ever have trusted their fortunes to such a driving wildcat.

Brisbane, Queensland, June 14.—In his speech at the opening of Parliament to-morrow, Lord Lambington, the Governor of Queensland, will express the hope that the Pacific cable scheme will be carried into effect at a very early date. He will emphasize the importance of this undertaking to Australian development.
