SCHOOLS RE-OPEN
 In a couple of weeks and the chances are that many parents have neglected giving their children's teeth proper attention.

Do not procrastinate. Delays are dangerous. Decayed teeth breed ill-health and are a menace to other school children. We make no charge for consultation.

The meetings of the Evangelical Alliance, which were to be resumed on Monday next, will probably be postponed for a day or two, owing to that day being a public holiday, and to the fact that a number of ministers are out of town.

MANY WAYS TO SPEND HOLIDAY
Labor Day Attractions In and Near the City Make Quite a List

Labor Day promises to be a good one from the point of view of those who will have the holiday, as there are numerous attractions offered in the line of recreation both in the city and outside its gates. To the lovers of the national game, a fine day's sport is assured in the games between the Marshalls and St. Peters, one in the morning and another in the afternoon. These games will probably attract a large number of those staying in town on the holiday, but "The Volunteer Organist" at the Opera House, the moving picture theatres, the "ride" range and Seaside and Rockwood Parks will come in for no small share of attention.

Milidgeville will see very few yachts at anchor on Monday, so that a quiet day is in order at that pretty little harbor. A cruise to Victoria wharf and then a mountain climb is in contemplation by the R. K. Y. C. boys.

The garden party to be given on Hon. J. Hasen's grounds in the evening will be a social event of the day locally and promises to be most enjoyable.

The members of the Ridgeway Outing Club will hold a large party at Golden Grove, and as a large crowd will attend a good time is expected.

As the excursionist casts his eye over the programme arranged for the day he is met by many attractive features present themselves. The residents of Kentville have been busy for some time arranging for their crowning event of the season, their Labor Day field and water sports. The list of entries shows that each event in the afternoon's programme will be sharply contested.

In the evening the pretty suburban resort will be beautifully illuminated and will be a sight worth seeing.

Two sadion boat races are on the bill for Westfield on Monday afternoon and some of the speediest craft have been entered. The postponed race of August 1 will be sailed at Brown's flats.

At Belyea's Point two interesting games of baseball will be played, in which the residents of that locality, Carter's Point, Bedford and Belyea's Point will compete for the championship.

At Seaside the exhibition will be opened on Monday afternoon. A good programme has been arranged, including speeches by public men and there will be horse races.

Labor Day at Moncton promises to be a notable event. In the morning a labor parade will take place, and there will be a display of athletic sports and horse races will be of interest. A torchlight procession and sports will follow in the evening.

Special rates have been offered on most of the railways and steamboat lines for the benefit of those going out of town. With fine weather on Labor Day, an enjoyable outing should be spent by anyone so desiring.

SOME THINGS THE TAX BILLS TELL
How the Exemption Works out on the Smaller Incomes—Quite a Reduction

The tax bills have been out for some days, and no doubt have been well digested by the recipients and various comments are heard as to the effect of the changes. Some there are whose faces light up as they note that instead of the customary increase there is actually a reduction. Others see nothing to cause joy, for there is an addition rather than a reduction.

As comparisons are made that the explanation is that the man with the small income comes under the new exemption, while the seemingly more fortunate, who has a more generous stipend, is the less fortunate when it comes to contributing to the city's expenses.

To the small wage earner, therefore, the tax bill which has always been looked upon with fear and trembling, is actually a thing of some joy as compared with other years. The man that carries the dinner pail perhaps feels most the benefit of the bill. All tax bills under the \$700 of 1908 are this year 85. This entitles those who pay to vote in all elections. On all incomes up to and including \$900 a deduction comes up to and including \$200 is allowed as follows: a man earning \$400 a year this year pays \$5.90, instead of \$9.92 last year; \$500 income pays \$7.98 instead of \$11.93 last year, and so on. Before long the paying up to get the benefit of the discount before October 1 will begin.

THOMAS MILLAR DEAD IN BUFFALO
E. J. Armstrong Receives News of Death of Well Known St. John Man

A telegram to E. J. Armstrong last evening from Buffalo, (N. Y.) told of the death of Thomas Millar, a well known St. John man. He passed away there yesterday. Mr. Millar was for years in the shipping office of S. Schofield & Co. He left here some years ago for Buffalo where he was a member of the Orlend Lumber Company.

Mr. Millar had been in failing health for the past year. His death will be deeply regretted by his many friends here. He married a daughter of the late William Emory, prominent in the shipping life of this city, and she and three daughters survive. Four sisters, Mrs. Robert McKean, Mrs. William Smith, Mrs. E. J. Armstrong and Miss Annie Millar, reside here.

Mrs. C. H. Smith and Mrs. H. H. Butler are sister of Mrs. Millar. The body will be brought here for interment.

LETTER FROM TWIN SULLIVAN

In a letter to the sporting editor of this paper Mike (Twin) Sullivan says that he would like to come here and box an exhibition bout with his brother Dan, who is the amateur middleweight champion. The Cambridge boxer writes further that he has \$1,000 posted on behalf of Jack (Twin) for a "go" with Sam Langford providing the colored man does not take on Ketchell. Mike also states that a match is pending between himself and Willie Lewis.
