It Makes Your Mouth Water!

## Armour's Solid Extract of Beef

(BOTTLED IN CANADA)

The full flavor and tonic properties of prime roast beef condensed. Other Extracts may sell cheaper, but they lack the strong Beefy quality found in Armour's, because they contain such a high percentage of Salt and Water.

Always buy Armour's Solid Extract, and thus be sure that you are getting the natural Beef Juice in all its purity.

It is all Beef—being the essence of prime Beef concentrated by a special process, which frees it from water and fat.

## British Columbia Amalgamated Coal Company

OF PORTLAND, OREGON.

President, R. L. DUNHAM, First Vice President of Merchants National Bank, of Portland, Oregon.

Secretary and Treasurer, A. B. CROSSMAN, Ex-Postmaster of Portland, Oregon.

### 100 Per Cent. Advance in Price

The first allotment of treasury stock, at the introductory price of 25c. per share, has all been sold and disposed of. The public has responded most generously, and all shares have been subscribed for by men and women in all walks of life, and lately the big investors have commenced to look up our proposition and invest heavily.

### British Columbia Amalgamated Coal Now 50c. Per Share.

The investment will prove to be most remarkable, from a financial point of view, and the shares you can today buy for 50c. should be worth at least \$10.00 in a few years, and provide a source of income that will increase in value from year to year.

### "To See the Opportunity and Grasp it in Time, Makes a Man the Master of His Destiny"

### DO YOU REALIZE

That these shares may be worth \$100.00 in eight or ten years from now, and that 1000 shares, which you can today buy for \$500.00, may reach a cash valuation of \$100,000.00.

There never was a failure in coal in the Western States and in British Columbia. There are no "dips" about coal, providing quantity, quality and transportation are secured and the business is managed right and honestly.

Our company controls 17,000 acres of coal land, estimated to contain hundreds of millions of tons of coal. The supply is so great, that the engineer who has made the estimates says, that the supply would last for many hundreds of years, no matter how extensive the output would be.

Our coal is a high-grade bituminous coking coal, and free from sulphur, and makes the best furnace and domestic coal in Canada, States, the United States, and the coal generates a heat of about 14,000 British thermal units, and is equal to the very best bituminous coal in the United States, such as Cumberland and Pocahontas, whose coal averages from 15,000 to 16,000 heat units (British thermal). The average assay runs as follows: Fixed Carbon, 81.4%; Volatile, 31.4%; Ash, 3.83%; Moisture, 3.38%; Sulphur, None; and the coke averages: Fixed Carbon, 82.0%; Ash, 8.00; and carries no sulphur.

The British Columbia Amalgamated Coal Co. will commence active operations early next spring, and one of its four properties will be equipped with the very best of machinery and up-to-date apparatus to mine coal on a big scale, the aim of the company being to equip one of the mines and place it on a producing basis at an output of 3,000 tons of raw coal per day. This we expect to have accomplished by the latter part of next summer, and a year thereafter there should be a handsome dividend paid to the stockholders. This dividend will increase from year to year, as the enlargement of the output will keep pace with the demand, and coke ovens will be erected, and in a few years the British Columbia Amalgamated Coal Company will have all of its four coal properties equipped and producing coal and coke on a large scale. The officials of the company are all determined to make this a grand success, and we cordially invite you to join us in this great enterprise.

We are now negotiating to employ one of the best known geologists and coal mining engineers in Pennsylvania to have charge of our work and select the machinery and the equipment needed for our operations.

We furnish the best of bank references, and ask you to call at our office, or write, for further particulars.

### LABOR LEADERS WANT

#### EARL GREY TO RESIGN

Toronto, Dec. 7.—Delegates who attended the meeting of the district Trades and Labor Council devoted four hours to discussing labor troubles. Their principal attack was on Earl Grey who, they claimed, should resign if he only represents one class of the Canadian people.

The chief clause in the committee's report was:

"If our government is held officially in the interest of invested capital only, irrespective of our social advancement, the sooner the working people move to abolish that office the better it will be for us. If, on the other hand, he is here in the interests of all the people, the sooner we move to bring his error before the imperial parliament the better it will be for the country."

"In advocating cheap labor," said the chairman of the committee, "Earl Grey was opposing the laws of our country. Cheap labor could not be introduced on railways because there is a fair wage clause in the statute books of our country. The committee therefore claim that as the

representative of the king, Earl Grey failed in advocating one class, at least, in the dominion. The committee felt justified and none the less loyal in saying they understood what was best for labor in this country better than he did."

The Mission Band of Main street Baptist church, under the leadership of Mrs. H. H. Bosch, conducted a very successful at home and 5 o'clock tea yesterday afternoon. Mrs. Fred. Chalmers and Miss Ida Marvin assisted greatly. The attendance was large, and the financial returns good.

As it was, the mail, too, could have been closed at Montreal at 6 p. m., instead of 10.30 a. m. Friday, and business men here would have had the advantage of an extra day for their correspondence, without delaying the delivery in the slightest, and this leads the average citizen to remark:

Is it not too much to expect that the boasted fast Canadian steamship service should continue to be handicapped to the extent of twenty-four hours, merely to feed the people of Halifax an opportunity of seeing an Empress steamer enter their harbor?

Passengers from Toronto and other Ontario points had to leave home either on Wednesday night or Thursday morning to catch the steamer, and those from Montreal and other far western points were similarly handicapped by a day.

Had the mails been sent by the Canadian Pacific's Thursday night train, and the steamer sailed direct from St. John instead of being sent to Halifax and held there awaiting the delayed Intercolonial train, all the passengers would have arrived a day earlier in Great Britain, or as the conditions were, could have left home a day later than they did, and would have reached Liverpool at exactly the same time.
