

RHEUMATIC

PANACEA.

**THIS PANACEA, UNLIKE MOST
RHEUMATIC REMEDIES,**

is taken internally, although it has been used for bathing with some success. It is a safe and sovereign cure for

**CHRONIC RHEUMATISM,
GOUT,**

**And all Chronic Pains of Bones,
Joints and Muscles,**

arising from a too free use of Mercury or other causes.

The voice of experience has spoken, and the afflicted are called upon to hear facts which cannot be controverted. It may with confidence be said that nine-tenths of those who have used this PANACEA

HAVE BEEN CURED,

and in some instances of ten, twenty, and thirty years standing. We can point out individuals, to those who wish, who will not only certify to this, willingly, but will be really glad to have the opportunity of pointing out a way for the relief of the afflicted.
