## THE WAR SITUATION

ually at war with all of the Central Pow- Allies cannot afford to take any chances. ers and will mobilize her resources and So far as Canada is concerned, she has raise an army of 250,000 men is perhaps the choice, as one writer puts it, of the most cheering item of the day's news. staying in the war or sneaking out of it. The Allies will of course be called on There can be little doubt as to what for financial assistance, and for supplies, but there will readily be granted. but these will readily be granted.

tinues slowly, and the fighting extends mind. We are in the war to stay. along the whole eastern front from the Baltic to Roumania. It is claimed that in three days, from July 10 to July The people of New Brunswick are to

tensively in the Ontario papers, and also in the State of Maine.

The probable resumption of heavy fighting on the Italian front is indicated by last night's cables. On all fronts the enemy has the worst of it, and can less afford the loss sustained than the Allies.

Discontent and agitation grows in Germany, and the restlessness of the people is shown by the meagre reports.

The last issue of Toronto Saturday Night exposes Tanlac, quoting an analysis by the Dairy and Food Department of the State of Michigan as follows:

Germany, and the restressites

people is shown by the meagre reports
which evade the censors and are published in the neutral and Allied press. The
political atmosphere is still far from being cleared, and it is no longer a firmly united Germany which meets the
shock of war. It will be interesting to
watch the new Chancellor in his efforts
to quell the rising storm.

For Acid Stomachs Use Magnesia

Quickly Stops Sour Burning Feeling and Makes Digestion Painless. The almost universal use of magnesia by physicians and specallists in the treat-ment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one

prescribed by leading specialists is bis-urated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus ensure pain-less normal digestion. Care should be taken to get bisurated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tab lets as well as in the ordinary powde form. Stomach sufferers and dyst ptics who follow this plan and avoid the use of pepsin, charcoal, soda mints, druggand medicines are invariably astonished and medicines are invarianty astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial

be carried down a torrent on a raft.

Of all the many rivers that flow into the Carso, the grandest is the Timavo, which emerges 200 feet wide from a cavern at San Giovanni di Duino, with a flow of more than 85,000,000 cubic feet a day and, after a course of a few miles, falls into the Gulf of Trieste.

Trieste Well Guarded The city of Trieste has made this accessible to adventurous explorers by building ladders of pine down the perpendicular walls of the pits.

You climb down 1,000 feet, often through crevices so narrow that it seems as if the rocks would close upon you.
One pit follows another, joined by low
tunnels through which you crawl with
